***Refers to all Generic Components common to all B.Voc. Courses**
Industrial Training of 5-6 weeks of 6 credits in each year followed by Report Writing and Viva-voce These credits will be evaluated in Semester VI

Semester I

Paper Title : FTD 103 BASIC ELEMENTS OF DESIGN

Theory: 40

Internal Assessment: 10

Time:3 hours

Objectives: To introduce fundamentals of design which are basics for embroideries, prints for interiors and fashion. To make students aware of the various aspects of colour in everyday life. To make students capable of interpret the given design which needs to be embroidered & the type of embroidery that is required to be done

Instructions:

- The syllabus of this paper has been divided into four units.
- Examiner will set a total of nine questions comprising two questions from each unit, and one compulsory question of short answer type covering the whole syllabus.
- The students are required to attempt one question from each unit and the entire Compulsory question.
- All questions carry equal marks, unless specified.

UNIT I

Elements of Art a. line b. form/shape c. texture d. colour ; Colour schemes ,Hue, intensity and value.
Principles of design a. balance b. emphasis c. rhythm d. proportion e. harmony

UNIT II

Basic Terminology- Haute Couture, Custom clothes, Pret-e-porter, Fashion, fads, classics, taste, Hi-style, silhouette, design, motif, yokes, fray, notch, pucker, stay line, princess line, empire line.

UNIT III

Basic Terminology -smocking, shirring, checks, plaids, trimmings, frills, flounces, ruffles , bows, appliqué, patch, accessories, notions, trims-functional and decorative.

UNIT IV

Application of the elements and principles of design to the basic figure types a. short and thin b. short and stout c. tall and thin d. tall and stout e. average

Practical : 40

Internal Assessment: 10

Time: 3 hours

Instructions for Practical Paper

- Examiner will set total of four questions covering the whole syllabus.
- Student will attempt any three questions.
- Each question carries 5 marks.
- Practical work carries 20 marks and 5 marks for viva-voce.
- Practical paper will be conducted by the college in collaboration with the respective experts and marks will be submitted to Panjab University.

1. Motif : Realistic, geometrical, Stylized and Abstract
2. Colour wheel, value scale, intensity scale, colour harmonies and colour ways.
3. Different types of repeats
4. Different placement of design all over, central, corner, border.
5. Renderings with reference to embroidery stitches and textures
6. Design portfolio: Thematic designing for:- Children, Men, Women, Household articles.
7. Enlargement and reduction of design
8. Tracings of final designs

Books Recommended:

Paper Title : FTD 104 SURFACE ORNAMENTATION TECHNIQUES

Practical : 80

Internal Assessment: 20

Time: 3 hours

Instructions for Practical Paper

- Examiner will set total of four questions covering the whole syllabus.
- Student will attempt any three questions.
- Each question carries 15 marks.
- Practical work carries 30 marks and 5 marks for viva-voce.
- Practical paper will be conducted by the college in collaboration with the respective experts and marks will be submitted to Panjab University

1. Flat Stitches - Running Stitch, Back Stitch, Stem Stitch, Satin Stitch, Kashmiri Stitch, Couching Stitch, Cross Stitch, Herringbone Stitch,
2. Loop Stitches- Chain Stitch, Lazy-daisy Stitch, Button hole Stitch, Blanket Stitch, Fishbone Stitch, Feather Stitch, fly Stitch,
3. Knotted Stitches- French knot Stitch, Double knot Stitch, Bullion knot Stitch
4. Decorative designs-Cross Stitch , Tapestry Stitch, Shadow work, Mirror work, English Smocking, Cut work, Sindhi Work.
5. Patchwork and Appliqué
6. Handling & Preparation of Computerized Embroidery Machine
7. Tracing of designs on the final products and making five final end products combining different embroidery stitches as per market demand.

Paper Title : FTD 105 BASIC SEWING TECHNIQUES

Theory: 40

Internal Assessment: 10

Time:3 hours

Objective: To make them aware of appropriate tool of stitching. To create awareness about threads and their classification.

Instructions:

- The syllabus of this paper has been divided into four units.
- Examiner will set a total of nine questions comprising two questions from each unit, and one compulsory question of short answer type covering the whole syllabus.
- The students are required to attempt one question from each unit and the entire Compulsory question.
- All questions carry equal marks, unless specified.

UNIT I

Introduction and handling of sewing machines and its parts, Garment construction tools and equipment, Sewing problems and their solutions.

UNIT II

Introduction to parts of machine needles, Point types-ball point, round/set point, leather point needle and sizes . Sewing Thread, Important Factors in thread selection

UNIT III

Different types of sewing machines, Awareness about special purpose machines in Apparel market

UNIT IV

Care of sewing machines, Stain removals

Instructions for Practical Paper

Practical : 40

Internal Assessment: 10

Time: 3 hours

- Examiner will set total of four questions covering the whole syllabus.
- Student will attempt any three questions.
- Each question carries 5 marks.
- Practical work carries 20 marks and 5 marks for viva-voce.
- Practical paper will be conducted by the college in collaboration with the respective experts and marks will be submitted to Panjab University.

Making samples of the following:

1. Basic hand stitches – basting-even, uneven, diagonal; tailor's tacks; back stitch; hemming- visible, invisible.
2. Different types of seams– plain, french, run and fell, mantua maker, slot, lap, piped, counter seam,
3. Different types seam finishes – overcast seam finish, double stitched finish, herringbone finished, edge stitched seam, bound seam finish, pinked seam
4. Application of fasteners- buttons and buttonholes, hooks and eyes, hammer ons.
5. Application of different types of trimmings- laces, pipings, bindings, appliqué.
7. Applications of pattern sewing machine

Paper Title: FTD 203: PATTERN MAKING AND DRAPING

Theory: 40

Internal Assessment: 10

Time:3 hours

Objectives: To impart Knowledge of different methods of pattern making (flat pattern method, draping method and drafting method)

Instructions :

- The syllabus of this paper has been divided into four sections.
- Examiner will set total nine questions comprising two questions from each Section and one compulsory question of short answer type covering whole syllabi.
- The students are required to attempt one question from each Section and the entire Compulsory question.
- All questions carry equal marks, unless specified.

UNIT I

Pattern making and draping Tools, Scope, importance and methods of developing patterns: Flat pattern and Draping. Preparation of muslin- tearing and blocking .

UNIT II

Anthropometric measurements; landmarks and symbol Key, taking body measurements, A study of various sizes and measurements charts.

UNIT III

Terminology of fabric- balance, bias, cover, dimensional stability, fabric weight, grain, selvedge & its types.

UNIT IV

Added Fullness Principle, Tucks - plain, cross, shell, released, group.
b) Pleats - knife, box, inverted box, cartridge and kick
c) Gathers.

Instructions for Practical Paper

Practical : 40

Internal Assessment: 10

Time: 3 hours

- Examiner will set total of four questions covering the whole syllabus.
- Student will attempt any three questions.
- Each question carries 5 marks.
- Practical work carries 20 marks and 5 marks for viva-voce.
- Practical paper will be conducted by the college in collaboration with the respective experts and marks will be submitted to Panjab University.

1. Drafting of Adult women bodice block and sleeve block
2. Dart Manipulation -Slash and spread method , pivot method, Darts in One Piece Garment, Asymmetrical Darts
3. Drafting of Ladies shirt
4. Basic skirt block & its adaptation to, a-line skirt, added flare skirt, skirt with yoke, 3 tiered skirts, wrap skirt, circular skirt-full and half.
5. Drafting of Petticoat
6. Salwar and Pyjami
7. Draping Basic Bodice Block: front, back
8. Preparation; Draping steps
9. Marking; Trueing.

Paper Title: FTD 204 CONCEPTS OF FASHION AND APPAREL DESIGN

Theory: 40

Internal Assessment: 10

Time:3 hours

Objective : To enable student understand about design process and enhance sketching skills which helps in developing style of his own as per latest trends

Instructions:

- The syllabus of this paper has been divided into four units.
- Examiner will set a total of nine questions comprising two questions from each unit, and one compulsory question of short answer type covering the whole syllabus.
- The students are required to attempt one question from each unit and the entire Compulsory question.
- All questions carry equal marks, unless specified.

UNIT – I

Fashion cycle- Stages of Fashion , Broken fashion cycle , Length of fashion cycle.
Sources of inspiration for fashion designing- History, Media, architecture, films, theatre.

UNIT – II

Meaning of Fashion forecasting, Fashion Prediction Agencies and it's procedure

UNIT – III

Fashion Theories -Trickle down theory, Trickle across theory, Bottom- up theory. Fashion Leaders, Factors affecting fashion- Social , Economic ,Psychological.

UNIT – IV

Factors affecting design application for various age groups, seasons, occupation, occasions & categories. Profile of Indian and Western fashion designers-any ten renowned designers.

Practical : 40

Internal Assessment: 10

Time: 3 hours

Instructions for Practical Paper

- Examiner will set total of four questions covering the whole syllabus.
- Student will attempt any three questions.
- Each question carries 5 marks.
- Practical work carries 20 marks and 5 marks for viva-voce.
- Practical paper will be conducted by the college in collaboration with the respective experts and marks will be submitted to Panjab University.

Simple Sketching a) Stick figures- Straight and bead
1. Block figure- normal block, child block and female block.
2. Fashion figure- a) normal, eight, ten and twelve head figure.
3. Structure of hands, legs & feet, facial- proportions & drawing of hair.
4. Sketching of gathers, pleats, frills and flounces, necklines, sleeves, collars.
5. Fashion illustration for different occasions
6. Drawing of accessories- shoes, bags, purses, belts, hats and caps.
7. Drawing of Jewellery

Paper Title : FTD 205 APPAREL CONSTRUCTION BASIC TECHNIQUES

Practical : 80

Internal Assessment: 20

Time: 3 hours

Objectives: To have working knowledge of slopers in sewing. To understand the basics of apparel construction

Instructions for Practical Paper

Examiner will set total of four questions covering the whole syllabus.

- Student will attempt any three questions.
- Each question carries 15 marks.
- Practical work carries 30 marks and 5 marks for viva-voce.

- Practical paper will be conducted by the college in collaboration with the respective experts and marks will be submitted to Panjab University

Making samples of the following using Child bodice block slopers

1. Necklines– Construction and finishing of different types of necklines. (Facing and binding on different neck shapes).
2. Sleeves: plain, puff, flared, bell, umbrella, cap, magyar, bishop, leg-o-mutton, raglan.
3. Collars: peter pan, flat & roll, shawl, sailor, mandarin, wing.
4. Yokes –one piece, two pieces, with and without fullness.
5. Placket - overlap: one side extended; both sides extended; rugby placket; concealed placket with buttons.
6. Application of shaping devices: Tucks - plain, cross, shell, released, group.
7. Pleats - knife, box, inverted box, cartridge and kick, Gathers.

Books Recommended:

- Connie Amaden-Crawford ,A Guide to Fashion Sewing, Fourth Edition, 1992, Fairchild
- Publications.

SEMESTER III

Paper Title : GC 302 – E-COMMERCE

Theory: 80

Internal Assessment: 20

Time:3 hours

Objective : The objective of this paper is to provide fundamental knowledge to the students about E-Commerce so that they can better perform in any area of operation and can excel in the field of commerce with IT specialization.

Instructions:

- The syllabus of this paper has been divided into FOUR units.
- Examiner will set a total of **NINE** questions comprising Two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
- The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
- All questions carry equal marks.

UNIT I

Electronic Commerce Framework, Basics and Tools of E-Commerce, Comparison of Web-based with Traditional Business; Growth of E-Commerce – Present and potential. E-Business: Meaning, Importance, Models Based on the Relationships of Transacting Parties (B2B, B2C, C2C and C2B), Present Status of E-Commerce in India.

UNIT II

Changing Structure of Organization – The Impact of E-Commerce on supply chain management and customer relation, Socio-Economic Impacts of E-Commerce. Electronic Payment System: Types of Payment System — E-Cash and Currency Servers, E-Cheques, Credit Cards, Smart Cards, Electronic Purses and Debit Cards , Risk and Electronic payment Systems.

UNIT-III

Electronic Data Interchange (EDI): EDI and its applications in business; Legal, Security and Privacy issues in EDI, EDI standardization; Internet based EDI, Internal Information Systems, Work-flow Automation and Coordination, Types of Digital Documents, Digital Signatures.

UNIT-IV

Enterprise Resource Planning: The Emergence of ERP Systems, Business benefits of ERP, ERP Modules and design alternatives, challenges of ERP implementation, Business

Process Re-engineering, ERP system development process. Regulatory aspects of E-commerce.

Books Recommended:

- 'Electronic Commerce, A Manager's Guide to E-Business' by Prag Diwan and Sushil Sharma, Vanity Books International, Delhi.
- 'Frontiers of Eletronic Commerce' by Ravi Kalakota, and Andrew B.Shinston, Addision Wesley.
- 'Web Commerce Technology Handbook' by Minoli and Minoli, Tata McGraw Hill, New Delhi.
- 'Electronic Commerce' by Gray P.Schneider, Course Technology, Delhi.
- 'E-Commerce-The Cutting Edge of Business' by Kamlesh Bajaj & Debjani Nag, Tata Mc Graw Hill 2000.
- 'Understanding E-Commerce' by David Kosiur, Microsoft Press. 1997.

Paper Title: FTD 303 COMPUTER AIDED DESIGNING (CAD) (PRACTICAL)

Practical : 80

Internal Assessment: 20

Time: 3 hours

Objective: To impart knowledge about 1. Basic Computers 2. Adobe Photoshop 3. Corel draw so that student learn good skill in designing brochures, pamphlets, magazine cover pages, cards, logos and advertisements etc.

Instructions for Practical Paper : (for 80 marks)

- Examiner will set total of four questions covering the whole syllabus.
- Student will attempt any three questions.
- Each question carries 15 marks.
- Practical work carries 30 marks and 5 marks for viva-voce.

- Practical paper will be conducted by the college in collaboration with the respective experts and marks will be submitted to Panjab University

1. MS Word: (i) Writing a letter in word document; (ii) Formatting, Editing and saving files.

2. MS Excel: (i) Making Excel spread sheets; (ii) Mathematical operations in excel.

3. MS Powerpoint : (i) Using PP to make presentations.

4. Use of Internet: (i) Making an email id.; (ii) Searching different topics

5. ADOBE PHOTOSHOP (a) Study in detail different tools of Photoshop.

(b) Create composition of stripes, checks in various textures and colours.

(c) Pick up a costume worn by a famous fashion model. Scan her figure and redesign the texture and colour combination of the dress.

6. COREL DRAW/ADOBE ILLUSTRATOR (a) Detailed study of tools of the software.

(b) Create a composition of geometrical shapes, traditional and contemporary motifs.

(c) Illustrating fashion models figures in different profiles and movement. (d) Draping the fashion figure in different silhouettes. (e) Design a complete collection of five dresses 3.

Books Recommended:

- Corel Draw by BPB Publication

Paper Title: FTD 304 PATERN DEVELOPMENT AND ADVANCE DRAPING

Theory: 40

Internal Assessment: 10

Time:3 hours

Objectives: To impart Knowledge above advance patternmaking and draping techniques to meet the requirements of different body types and standard sizes.

Instructions :

- The syllabus of this paper has been divided into four sections.
- Examiner will set total nine questions comprising two questions from each Section and one compulsory question of short answer type covering whole syllabi.
- The students are required to attempt one question from each Section and the entire Compulsory question.
- All questions carry equal marks, unless specified.

UNIT I

Analysis of bodice block and Contouring Principle

UNIT II

Terminology used in pattern making- Pattern drafting, flat pattern making, Pattern envelop, template, production pattern, design specification sheet, pattern chart, cost sheet, trueing, blending and equalizing, style lines.

UNIT III

Interlining, lining, facing, interfacings . Pattern layout planning and Different ways of minimizing waste , fabric estimation and calculation of the fabric requirement for one garment sample.

UNIT IV

Altering patterns- lengthening and shortening pattern, Bust alterations, Waist and hip alterations, sloulder back and sleeve

Practical : 40

Internal Assessment: 20

Time: 3 hours

Instructions for Practical Paper :

- Examiner will set total of four questions covering the whole syllabus.
- Student will attempt any three questions.
- Each question carries 5 marks.
- Practical work carries 20 marks and 5 marks for viva-voce.
- Practical paper will be conducted by the college in collaboration with the respective experts and marks will be submitted to Panjab University

1. Manipulation on draped bodice block: Shifting of dart; One dart into two darts;
2. Draping of basic skirt and it's variations
3. Pleats, tucks and gathers, yokes
4. Necklines; halters; princes line; empire line
5. Develop two designs of a bodice, a skirt and a one-piece garment by draping on muslin. Incorporate design features mentioned in topic 3 above.
6. Development of Patterns of: Saree Blouse: Plain and Choli ,
7. Kurta: A-line; Kalidaar
8. Any one of the Halter neck one piece dress, Off shoulder – single and both, One piece fitted dress with gathers in princess line

Books Recommended:

- The Practical Encyclopedia of Sewing: By-Dorothy Wood
- Lorenz Books The Complete Book of Sewing: Dorling Kindersley
- The Sewing Book by Alison Smith
-

Paper Title: FTD 305 FABRIC TECHNIQUES AND PROTOTYPE DEVELOPMENT

Theory: 40

Internal Assessment: 10

Time:3 hours

Objective:. To handle and monitor new product development, regular follow up with all sampling like: proto sample, size sets, fit samples. To create awareness about threads and their classification. Required tools & materials for different types of embroidery. To give introduction to computerized embroidery.

Instructions:

- The syllabus of this paper has been divided into four units.
- Examiner will set a total of nine questions comprising two questions from each unit, and one compulsory question of short answer type covering the whole syllabus.
- The students are required to attempt one question from each unit and the entire Compulsory question.
- All questions carry equal marks, unless specified.

UNIT I

Finishes affecting appearance: bleaching, calendaring, embossing, glazing, schreinerizing, singeing. Finishes affecting texture: Flocking, napping, burnt out design, acid finish, stiffening.

UNIT II

Types of fabric construction. Different types of fabrics faults & embroidery defects, Defects of dyed and printing fabrics

UNIT III

Dyes and stages of dyeing: fiber, yarn, piece dyeing, product dyeing. Process of Batik dyeing , tie& dye, marble printing.

UNIT IV

Printing: Definition , methods and types of printing techniques; Direct, Resist, Discharge, Mordant and transfer printing.

Practical : 40

Internal Assessment: 10

Time: 3 hours

Instructions for Practical Paper

- Examiner will set total of four questions covering the whole syllabus.
- Student will attempt any three questions.
- Each question carries 5 marks.
- Practical work carries 20 marks and 5 marks for viva-voce.
- Practical paper will be conducted by the college in collaboration with the respective experts and marks will be submitted to Panjab University
- The examiner will set questions covering the whole syllabus
- Each question can be sub-divided into parts according to the paper setter.

1. Make Samples with Dyeing and Printing techniques - Tie and Dye , Batik , Stencil, Screen and Block printing

2. Developing innovative techniques in hand painting (colour blending)

3. Procure or make a tech pack or Design a theme based garment by hand sketches or by Computer Aided Design

4.. Identify better or new sources /suppliers for sampling development , fabrics, trims or surfaces ornamentations as applicable to fashion garments and the style

4. Creating various fabric surfaces using any surface technique

5. Determine the size of your samples.

6. Create a pattern as per design details.

7. Developing a prototype with the help of muslin.

8. Check the assembled garments in accordance with flow of samples to specification sheet.

9. Test fit finished proto-type and compare based on specification sheet

10. Checking on the dress form for any faults and correcting them on paper pattern

Books Recommended:

- The Practical Encyclopedia of Sewing: By-Dorothy Wood
- Lorenz Books The Complete Book of Sewing: Dorling Kindersley

SEMESTER IV

Paper Title: GC 402 - PROJECT MANAGEMENT

Theory: 80

Internal Assessment: 20

Time:3 hours

Objectives: The objective of this paper is to provide knowledge to students about the essentials of undertaking projects in an organizational environment.

Instructions:

- The syllabus of this paper has been divided into FOUR units.
- Examiner will set a total of **NINE** questions comprising Two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
- The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
- All questions carry equal marks.

UNIT-I

Concept of Project: Meaning, Characteristics, Classification of Projects, Project Life Cycle and its Phases. Project Manager: Roles and Responsibilities, Project Management as a Profession.

UNIT-II

Generating and Screening Ideas – Steps, Monitoring the Environment, Scouting for Project Ideas, Preliminarily Screening, Project Rating Index. Feasibility Studies – Technical, Financial, Economic, Social, Legal and Managerial.

UNIT-III

Project Appraisal Techniques: Objectives, Types and Methods. Project Risks: Meaning, Types, Measurement of Risk,. Decision Tree Analysis (Basic Concepts only).
Project Evaluation – Meaning, Evaluation v/s Appraisal, Objectives, Types of Evaluation, Techniques.

UNIT-IV

Project Organization and Control – Project Network Analysis (Basic concepts of PERT, CPM, Cost and Time Over Run). Project Reporting: Meaning, Purpose, Process, Requirements of a Good Report, Methods, Principles of Good Reporting System.

Books Recommended:

- Project Management - Choudhary - TataMcGraw Hill Pub.

- Project Management: The Managerial Process (Special Indian Edit.) -Clifford F Gray, Oregon State University.
- Projects : Planning, Analysis, Selection, Financing, implementation and Review - Chandra, Prasanna.

Paper Title: FTD 403: DESIGN DEVELOPMENT AND MERCHANDISING

Theory: 40

Internal Assessment: 10

Time:3 hours

Objective:. To create awareness about Design Process, Product and prototype development and to understand the role of sample coordinator and merchandiser

Instructions:

- The syllabus of this paper has been divided into four units.
- Examiner will set a total of nine questions comprising two questions from each unit, and one compulsory question of short answer type covering the whole syllabus.
- The students are required to attempt one question from each unit and the entire Compulsory question.
- All questions carry equal marks, unless specified.

UNIT-I

Design Development Process: First level-Inspiration and Concept, Research Direction-Fashion Prediction, Research- The fashion cycle, Fashion and Art . Second Level- Design Development, Textiles- textures, drape, handle, surface decoration, Technical Development - draft model

UNIT-II

Fashion Industry and new product development-Role of the designer, The influence of Haute-couture, Organization of Fashion industry , The sequence of events

UNIT-III

Visual Merchandising , Role and Responsibilities of Merchandiser

UNIT-IV

Fashion Distribution-Departmental stores, Specialty stores ,Chain stores, Mill Show rooms, Factory Outlets, Catalogue retail stores, Discount store, Designers retail stores, Franchise retail stores, Boutique

Practical : 40

Internal Assessment: 10

Time: 3 hours

Instructions for Practical Paper

- Examiner will set total of four questions covering the whole syllabus.
- Student will attempt any three questions.
- Each question carries 5 marks.
- Practical work carries 20 marks and 5 marks for viva-voce.
- Practical paper will be conducted by the college in collaboration with the respective experts and marks will be submitted to Panjab University
- The examiner will set questions covering the whole syllabus
- Each question can be sub-divided into parts according to the paper setter.

Introduction to design development sheets

1.Creating Mood boards them under the following categories: -

Men's wear,

Women's wear

Kids wear,

2.Interpretation of the forecast in terms of cut , style, color and fabric sourcing.

3. Exercises in visually assessing and relating fashion illustration to the specification sheets.

4. Client profile

5.Illustration sheet

6.Specification sheet

7.Measurement sheet

8. Fabric and colour sheet

Books Recommended:

- Inside Fashion Design by Sharon Lee, Harper & Row Pub., NY.
- Fashion from Concept to Consumer by Gini Sterphens Frings, N. Jersey, Prentice Hall-C, 1996

Paper Title: FTD 404: PATTERN DEVELOPMENT THROUGH CAD/ CAM

Practical : 80

Internal Assessment: 20

Time: 3 hours

Objectives : To enable the students to understand the fundamental principles of TukaCAD/CAM in Apparel Design, Style variations, grading and marker making Digitize the manual pattern on the TukaCAD software . Plotting the pattern for making prototype

Instructions for Practical Paper : (for 80 marks)

- Examiner will set total of four questions covering the whole syllabus.
- Student will attempt any three questions.
- Each question carries 15 marks.
- Practical work carries 30 marks and 5 marks for viva-voce.

- Practical paper will be conducted by the college in collaboration with the respective experts and marks will be submitted to Panjab University

1. Downloading and organizing information obtained by designer/buyer

2. Coordinate with merchandiser to ensure clarity of information and resolve any possible misinterpretations

3. Draft the pattern on the CAD software as per specification given

Basic skirt Pattern using various tools

Trouser Pattern Making– Notches, Orientation, Tools

Basic bodice Block – Modifications and variations

Shirt/ Jacket Pattern Making

4. Introduction to Grading – Evolution System

Grading of skirt, Trouser

Grading of Bodice Block, Shirt/ Jacket.

5. Introduction to Lay Planning, marker making of skirt, trouser

Marker Making (continued) Bodice, shirt / jacket

Take printout of mini marker

Paper Title: FTD 405: APPAREL CONSTRUCTION ADVANCE TECHNIQUES

Theory: 40

Internal Assessment: 10

Time:3 hours

Objective : To enable student understand about design process and enhance sketching skills which helps in developing style of his own as per latest trends

Instructions:

- The syllabus of this paper has been divided into four units.
- Examiner will set a total of nine questions comprising two questions from each unit, and one compulsory question of short answer type covering the whole syllabus.
- The students are required to attempt one question from each unit and the entire Compulsory question.
- All questions carry equal marks, unless specified.

UNIT I

Sleeves Terminology , sleeve types, sleeves Finishes and Sleeve edge Finishes

UNIT II

Different types Collar and collar applications, Pockets and their placements - patch, in-seam, patch with pleat, patch with flap pockets

UNIT III

Application of zippers: centered, lap, open ended, concealed

Hem finishes, Waist band and Tie Belt

UNIT IV

Application of fasteners- buttons and buttonholes, hooks and eyes, hammer ons.

Application of different types of trimmings- laces, pipings, bindings, appliqué.

Practical : 40

Internal Assessment: 10

Time: 3 hours

Instructions for Practical Paper

- Examiner will set total of four questions covering the whole syllabus.
- Student will attempt any three questions.
- Each question carries 5 marks.
- Practical work carries 20 marks and 5 marks for viva-voce.
- Practical paper will be conducted by the college in collaboration with the respective experts and marks will be submitted to Panjab University

Create design as per latest trends and establish customer needs

Carry out research on latest trends and contemporary fashion for apparel and its target market

Carry out research to identify new and promising materials, trends as well as sources/suppliers for procurement of such items

/develop techpack for designs

Develop photo sample of similar or identical designs to persuade customers for order booking

Construction of the following fitted garments:

1. Halter neck one piece dress
2. Off shoulder dress: single and both
3. Choli cut corseted Kurti
4. One piece fitted dress with gathers in princess line.
5. Construction of fitted garments with fullness added in various dart locations.

SEMESTER V

Paper Title : GC 502 - INTRODUCTION TO RESEARCH METHODOLOGY AND REPORT WRITING

Theory: 80

Internal Assessment: 20

Time:3 hours

Objective: The objective of the module is to familiarize the students with basics of research methodology like types of research, data collection, sampling techniques and report writing.

Instructions:

- The syllabus of this paper has been divided into FOUR units.
- Examiner will set a total of **NINE** questions comprising Two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
- The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
- All questions carry equal marks.

UNIT I

Research - Meaning, Characteristics, Types, Process and Utility,. Research Design - Meaning, Types and Features of good research design. Qualitative and Quantitative research. Importance of review of literature. The research proposal.

UNIT II

Primary and Secondary data. Methods of data collection. Measurement and scaling, Designing of Questionnaire and schedule.

UNIT III

Sampling Design and Sampling procedure. Sampling and non sampling errors. Data analysis and interpretation. Role of computers in research.

UNIT IV

Business Reports and Proposals: Introduction, Meaning a Report? Steps in Writing a Routine Business Report, Format of Proposals, Four Key Elements in Winning Business Proposals; Case Studies.

Books Recommended :

- 'Research Methods and Techniques' by C.R. Kothari, Eastern Wiley Publications.
- 'Business Research Methods' by A. Bryman, and E. Bell, Oxford University Press, New York.
- 'Research Methodology A Step by Step Guide for Beginners' by R. Kumar, Pearson Education.

Paper Title: FTD 503: APPAREL INDUSTRY AND QUALITY CONTROL

Theory: 40

Internal Assessment: 10

Time:3 hours

Objective : To acquaint the students about – Quality control, labeling and packaging. Special purpose machine in Apparel Industry and Various Laws and Regulatins related to textiles.

Instructions:

- The syllabus of this paper has been divided into four units.
- Examiner will set a total of nine questions comprising two questions from each unit, and one compulsory question of short answer type covering the whole syllabus.
- The students are required to attempt one question from each unit and the entire Compulsory question.
- All questions carry equal marks, unless specified.

UNIT-I

Organisation and operation (work flow) of an Apparel manufacturing unit.

Current Indian Export and India's position in world export market.

UNIT-II

Occupational Health hazards and safety

Quality control in Apparel industry.

Fabric inspection systems-4 point, 10 point system, Graniteville 78.

UNIT-III

Labelling- Types of labels and information provided by labels.

Packaging- Types of packaging.

UNIT-IV

Laws and Regulations related to Textile products

Laws and Regulations related to Safety

Books Recommended:

- Managing quality by S K Bharadwaj and P U Mehta, New Age Publishers-Delhi.
- ISO 9000- Textile Committee Mohali.
- Textiles by Sara J. Kadolph

Objectives: To equip students with the knowledge of fashion photography. To enable them to understand the various aspects of fashion photography

Instructions for Practical Paper

Practical : 40

Internal Assessment: 10

Time: 3 hours

- Practical paper will be conducted by the college in collaboration with the respective experts and marks will be submitted to Panjab University

The syllabus shall be covered through workshop.

Concept of Fashion Photography:

- Role of a fashion photographer; Expressing through fashion photography
- Developing a style
- Technique of getting the right shot
- Marketing and Branding oneself as a fashion photographer
- Sourcing contacts
- Duties as a fashion photographer
- Becoming a freelance fashion news photographer
  - Features of Professional Fashion Photography:
  - The professional mindset of a Fashion Photographer: Shooting like a professional; Do's and don'ts of professional photography.
  - Equipment needed by a specialist photographer: Tripods, Monopods, Camera Bags, Lens Bags with cases, Digital storage etc.
  - Need of digital photography; 12 things you should know about digital photography; in the darkroom – wet and digital.
  - Correcting imperfect images, cropping; level of brightness, contrast and colour etc.
  - The top ten types of pictures
  - How to avoid the mistakes amateurs often make

Paper Title: FTD 504: FUNDAMENTALS OF MARKETING & FABRIC TECHNOLOGY

Theory: 40
Internal Assessment: 10
Time:3 hours

Objective : To acquaint students with the concept of selling and marketing To give a thorough understanding of product planning, pricing and practices**.**

Instructions:

- The syllabus of this paper has been divided into four units.
- Examiner will set a total of nine questions comprising two questions from each unit, and one compulsory question of short answer type covering the whole syllabus.
- The students are required to attempt one question from each unit and the entire Compulsory question.
- All questions carry equal marks, unless specified.

Unit – I

Meaning, Nature and Scope of Marketing.

The Marketing Systems.

Product Life Cycle.

Need for Product Innovations and their Development for Variety.

Unit – II

Factors influencing pricing decisions

Pricing strategies

Pricing Methods

Unit – III

Distribution System

Channels of Distribution – Types and Functions – Role of Middleman.

Unit – IV

Marketing Research to study Consumer Demand

Stages of Marketing Research Process.

Types of Surveys.

Consumer Demand and Fashion Marketing, Fashion Change and Consumer

Books Recommended:

- Amarchand, D. and Varadarajan, B.: An Introduction to Marketing Management, (1981),Vikas Publishing House Private Ltd.
- Davar, R.S.: Marketing Management, Bombay, (1982),Progressive Corporation Private Limited.
- Sherlakar S.A.,: Marketing Management, Delhi. (1982), Himalaya Publishing House.
- Fashion Innovation of marketing by Kathryn Moore Greenwind of Mary.

Instructions for Practical Paper

Practical : 40

Internal Assessment: 10

Time: 3 hours

- Examiner will set total of four questions covering the whole syllabus.
- Student will attempt any three questions.
- Each question carries 5 marks.
- Practical work carries 20 marks and 5 marks for viva-voce.
- Practical paper will be conducted by the college in collaboration with the respective experts and marks will be submitted to Panjab University

Objective : To impart practical knowledge about Fibers, yarn and fabrics and their care

1. Collection and Classification of Fabrics
2. Weaves Samples Making
3. Fabric Cleaning methods
4. Fiber Identification
5. Care of textile products by fiber group

Books Recommended:

- Textiles by Sara J. Kadolph
- Fabric Science by Pizzato

Paper Title: FTD 505: PORTFOLIO DEVELOPMENT

Practical : 80

Internal Assessment: 20

Objective: The art portfolio is an expression of a graduating student's creativity, design/ability, technical expertise and illustration and presentation skills. It should exhibit the students inclination towards and particular segment of the industry by identifying the target customers, design requirements and pricing. It should ideally comprise of 30-35 sheets keeping the following points in mind.

Instruction: (for 80 marks)

- The portfolio should fulfil following conditions.

- Practical evaluation of the Portfolio will be conducted by the college in collaboration with the respective experts and marks will be submitted to Panjab University
- The syllabus shall be covered through workshops.

UNIFORM FORMAT : It is important to keep all the sheets of the same size to• maintain visual continually. Sheets should be grouped separately and systematically either horizontally or vertically. Statement of your design philosphy to clarify your attitude towards fashion

1.Resume; Personal Philosophy and Philosophy of your education

2. Cover/ Title page of a portfolio

3.Brief information and descriptions of work; Thumbnails; Snapshots of self, team mates at work; Use of best quality tools covers, trimming, mounting, mating, glazing, color, binding, size etc. available for portfolio development

Your natural creative bent of mind should find expression through specific design and market orientation. This is to be based on innovative fabric combinations, surface texture and ornamentation.

It is very important that the designs and embroidery motifs be original. It is very important to show your design applicability for the craft. Any other creative graphic work ,photography done by you, should be included

Methods to show the works: Sort out the best works; place works in logical order;

Conscious choices on layout; scrapbook, magazine, small postcard samples.

Designing a Personal Book or Bound Book unique to taste; Keeping separate portfolios for Illustrations, Designs etc.

Make a CD: A digital version of portfolio: PDF files

SEMESTER VI

Paper Title: GC 602 - TOTAL QUALITY MANAGEMENT

Theory: 80

Internal Assessment: 20

Time:3 hours

Objective: The objective of the paper is to provide knowledge to students of the concepts of total quality management and to inculcate among them a concern for quality and customer satisfaction.

Instructions:

- The syllabus of this paper has been divided into FOUR units.
- Examiner will set a total of **NINE** questions comprising Two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
- The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
- All questions carry equal marks.

UNIT I

Introduction: Definition of Quality, Dimensions of Quality, Quality Planning, Quality costs and its Analysis, Basic concepts of Total Quality Management, Principles of TQM.

UNIT II

Quality Council and Statements, Barriers to TQM Implementation. Quality: Customer Perception and Satisfaction, Customer Complaints, Service Quality, Customer Retention, Continuous Process Improvement – Juran Trilogy, PDSA Cycle, 5S, Kaizen, Supplier Partnership –Selection and Rating

UNIT III

Business Process Reengineering (BPR). Benchmarking –Introduction, Reasons, Process, Quality Function Deployment (QFD) – House of Quality, Benefits, Taguchi Quality Loss Function, Total Productive Maintenance (TPM)

UNIT IV

Latest Challenges of Quality, Six Sigma Concepts: application. Quality Systems: Need for ISO 9000 and Other Quality Systems, ISO 9000:2000 Quality System– Elements, Implementation of Quality System, Documentation, Quality Auditing; ISO 14000, Requirements and Benefits.

Books Recommended:

- 'Total Quality Management' by A.V. Feigenbaum, McGraw-Hill Publication.
