SEMESTERI

Paper Title: RSC 103 - PRODUCT DISPLAY & VISUAL MERCHANDISING

Job Role: Team Leader

Theory: 80
Internal Assessment: 20
Total Marks : 100
Time: 3 hours

Objective: The objective of the paper is to provide students with the fundamentals of organizing the display of products at a retail store and planning and implementing visual merchandising with regard to product displays.

Instructions:

- The syllabus of this paper has been divided into FOUR units.
- Examiner will set a total of **NINE** questions comprising Two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
- The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
- All questions carry equal marks.

Unit-I

Controls in display of products in retail environment. Reviewing display area before assembling materials for display and why that is important. Estimating quantities and size of products to be used for display and why that is important. Importance of selecting specific products for display to suit specific objectives (e.g. promotional requirements, appeal, seasonal, shelf life, demand). Sourcing product specifications and display information. Basic knowledge of products offered for sale. Positioning labels and correct information and why that is important. Basic principles for good display and presentation of products. Why displays may change as part of maintenance process.

Unit-II

Recognizing & reporting products that do not meet specification. Procedure for rejecting and isolating failed products. Types of cleaning materials appropriate for display equipment & accessories, their purpose and how they work. Safe handling & application of cleaning materials

for display equipment and accessories. Accessing and interpreting cleaning schedule for display equipment and accessories.

Accessories to be used for effective display. Information about ingredients of products for sale. Importance of labelling. Features of legal & operational requirements for labelling. Checking labelling information against product specification & sales details. Contingencies for display equipment and accessory failure. Using assembly and dismantling equipment safely.

Unit-III

Introduction to Visual Merchandising. Role of displays in marketing, promotional and sales campaigns and activities. Importance and content of the design brief. Using design brief to identify what you need for the display. Different approaches to designing displays for different types of merchandise, and why these are effective. Evaluating and assessing potential places to put the display so you meet the design brief.

Unit-IV

Company policies for visual design. How light, color, texture, shape and dimension combine to achieve the effects you need. The merchandiser or buyer that you need to consult about merchandise and props. Arranging delivery of merchandise and monitor the progress of deliveries. Why you must update stock records to account for merchandise on display, and how to do this.
