**SIT-401	Summer Industrial Training	Skill	Practical	--	--	20	80	6

***Refer to Generic Components Common to all B.Voc. Courses**

**** Summer Industrial Training of 4-6 weeks in a relevant Industryafter 4th Semester Examinations during summer break. Training report by the student to be submitted within in one week of start of 5th Semester.Viva-Voce examination to be held within 3-weeks of the start of 5th semester.**

Job Role:-----Industrial Engineer(IE) Executive

Semester V								
Paper Code	Title	Generic/ Skill Component	Theory/ Practical	Internal (Theory)	External (Theory)	Internal (Practical)	External (Practical)	Credit
*GEN -501	Critical Thinking and Elementary Statistics	Generic	Theory	20	80	--	--	6
GC-502	Introduction To Research Methodology And Report Writing	Generic	Theory	20	80	-	-	6
FTD - 503	Pattern Development and Advance Draping	Skill	Theory & Practical	10	40	10	40	6
FTD - 504	Fabric Techniques and Prototype Development	Skill	Theory & Practical	10	40	10	40	6
FTD - 505	Pattern development through CAD/CAM	Skill	Practical	-	-	20	80	6

Note: Winter Industrial/ In-house Training of 2-3 weeks in a relevant area after 5th Semester Examinations in winter break.

SEMESTER VI

*GEN 601	Entrepreneurship Development Programme	Generic	Theory	20	80	--	--	6
GC-602	Total Quality Management	Generic	Theory	20	80	-		6
FTD-603	Website handling & Advance CAD/CAM	Skill	Theory & Practical	10	40	10	40	6
FTD - 604	Apparel Construction Advance techniques	Skill	Theory & Practical	10	40	10	40	6
FTD - 605	Portfolio Development	Skill	Practical			20	80	6
**SIT-601	Winter Industrial/ In-house Training and Comprehensive Viva	Skill	Practical	--	--	20	80	6

***Refer to Generic Components Common to all B.Voc. Courses**Winter Industrial/ In-house Training of 2-3 weeks done after 5th Semester Examinations and before start of 6th semester. Training report by the student to be submitted within in one week of start of 6th Semester. Viva-Voce examination to be held within 3-weeks of the start of 6th semester.**

Job Role:---- Online Sample Designer

SEMESTER I

Paper Title : FTD 103 BASIC ELEMENTS OF DESIGN

Theory: 40

Internal Assessment: 10

Time:3 hours

Job Role: Level 4- Assistant Designer

Level 5- Sampling Coordinator

Objectives:

1. To introduce fundamentals of design which are basics for embroideries, prints for interiors and fashion.
2. To make students aware of the various aspects of colour in everyday life.
3. To make students capable of interpret the given design with basic style names and the type of surface embellishment that is required to be done

Instructions for Examiner:

1. The syllabus of this paper has been divided into FOUR units.
2. Examiner will set a total of NINE questions comprising Two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
3. The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
4. All questions carry equal marks.

UNIT I

Elements of Art a. line b. form/shape c. texture d. colour ; Colour schemes ,Hue, intensity and value.

Principles of design a. balance b. emphasis c. rhythm d. proportion e. harmony

UNIT II

Basic Terminology- Haute Couture, Custom clothes, Pret-e-porter, Fashion, fads, classics, taste, Hi-style, silhouette, design, motif, yokes, fray, notch, pucker, stay line, princess line, empire line.

UNIT III

Basic Terminology -smocking, shirring, checks, plaids, trimmings, frills, flounces, ruffles , bows, appliqué, patch, accessories, notions, trims-functional and decorative.

UNIT IV

Application of the elements and principles of design to the basic figure types a. short and thin b. short and stout c. tall and thin d. tall and stout e. average

Practical : 40

Internal Assessment: 10

Time: 3 hours

Instructions for Practical Paper

1. Examiner will set total of four questions covering the whole syllabus.
2. Student will attempt any three questions.
3. Each question carries 5 marks.
4. Practical work carries 20 marks and 5 marks for viva-voce.
5. Practical paper will be conducted by the college in collaboration with the respective experts and marks will be submitted to Panjab University.

1. Motif : Realistic, geometrical, Stylized and Abstract

2. Colour wheel, value scale, intensity scale, colour harmonies and colour ways.

3. Different types of repeats

4. Different placement of design all over, central, corner, border.

5. Different typesshirts, skirts, trousers, sleeves, collars, necklines

6. Enlargement and reduction of motif

7. Making tracings of motifs on butter paper (Minimum -5)

Suggested Resources for Reading:

1. Design and illustration (Marine)- M.Kumakiri SEI DEA SA
2. Design Element – by Richard hora, Miss hora, Art Direction Book Company, NY
3. Notan -The dark light principle of design by Dorr Bothwell and Marylys Mayfield

References Resources:

1. Grafix-by Wolfganhageney
2. Traditional japanese- Small Motif-by Kamon Yoshimoto
3. Symbols Signs- by American institute for graphics arts.
4. Morocco modern- By Herbert YPMA
5. Repeat pattern-peter phillips Gillian buncethames Hudson
6. Japan Patterns- Belverde

****

Paper Title : FTD 104 BASIC SEWING TECHNIQUES

Theory: 40

Internal Assessment: 10

Time:3 hours

Job Role: Level 4- Assistant Designer

Level 5- Sampling Coordinator

Objective: To make them aware of appropriate tool of stitching. To create awareness about threads and their classification.

Instructions for Examiner:

1. The syllabus of this paper has been divided into FOUR units.
2. Examiner will set a total of NINE questions comprising Two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
3. The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
4. All questions carry equal marks.

UNIT I

Introduction and handling of sewing machines and its parts, Garment construction tools and equipment, Sewing problems and their solutions.

UNIT II

Introduction to parts of machine needles, Point types-ball point, round/set point, leather point needle and sizes . Sewing Thread, Important Factors in thread selection

UNIT III

Different types of sewing machines, Awareness about special purpose machines in Apparel market

UNIT IV

Care of sewing machines, Stain removals

Instructions for Practical Paper

Practical : 40

Internal Assessment: 10

Time: 3 hours

1. Examiner will set total of four questions covering the whole syllabus.
2. Student will attempt any three questions.
3. Each question carries 5 marks.
4. Practical work carries 20 marks and 5 marks for viva-voce.
5. Practical paper will be conducted by the college in collaboration with the respective experts and marks will be submitted to Panjab University.

Making samples of the following:

1. Basic hand stitches – basting-even, uneven, diagonal; tailor's tacks; back stitch; hemming- visible, invisible.

2. Different types of seams– plain, french, run and fell, mantua maker, slot, lap, piped, counter seam,

3. Different types seam finishes– overcast seam finish, double stitched finish, herringbone finished, edge stitched seam, bound seam finish, pinked seam

4. Application of fasteners- buttons and buttonholes, hooks and eyes, hammer ons.

5. Application of different types of trimmings- laces, pipings, bindings, appliqué.

7. Applications of pattern sewing machine

Suggested Resources for Reading:

1. Debbie AnnGioello - Fashion Production Terms, Fairchild publications, New York
2. Connie Amaden-Crawford ,A Guide to Fashion Sewing,Fourth Edition, 1992, Fairchild Publications.
3. Dorothy Wood, The Practical Encyclopedia of Sewing,1999,Lorenz Books, Anness Publishing Ltd., New York.

****

Paper Title : FTD 105 SURFACE ORNAMENTATION TECHNIQUES

Practical : 80

Internal Assessment: 20

Time: 3 hours

Instructions for Practical Paper

- Examiner will set total of four questions covering the whole syllabus.

    1. Student will attempt any three questions.
    2. Each question carries 15 marks.
    3. Practical work carries 30 marks and 5 marks for viva-voce.

- Practical paper will be conducted by the college in collaboration with the respective experts and marks will be submitted to Panjab University

1**.** Flat Stitches - Running Stitch, Back Stitch, Stem Stitch, Satin Stitch, Couching Stitch, Cross Stitch, Herringbone Stitch,

2. Loop Stitches- Chain Stitch, Lazy-daisy Stitch, Button hole Stitch, Blanket Stitch, Fishbone Stitch, Feather Stitch, fly Stitch,

3. Knotted Stitches- French knot Stitch, Double knot Stitch, Bullion knot Stitch

4. Decorative designs-Cross Stitch , Tapestry Stitch, Shadow work, Mirror work, English Smocking, Cut work, Sindhi Work.

5. Patchwork and Appliqué

6. Handling & Preparation of Computerized Embroidery Machine

7. Making products using above techniques

Suggested Resources for Reading:

1. Shailaja D. Naik ,"Traditional Embroideries of India" (1995)

6. Michael Blowfield, Alan Murray, *Corporate Responsibility – A Critical Introduction,* Oxford University Press, New Delhi.

****

Paper Title: FTD 203: PATTERN MAKING AND DRAPING

Theory: 40

Internal Assessment: 10

Time:3 hours

Job Role: Level 4- Assistant Designer

Level 5- Sampling Coordinator

Objectives: To impart Knowledge of different methods of pattern making (flat pattern method, draping method and drafting method)

Instructions for Examiner:

1. The syllabus of this paper has been divided into FOUR units.
2. Examiner will set a total of NINE questions comprising Two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
3. The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
4. All questions carry equal marks.

UNIT I

Pattern making and draping Tools, Scope, importance and methods of developing patterns: Flat pattern and Draping. Preparation of muslin- tearing and blocking .

UNIT II

Anthropometric measurements; landmarks and symbol Key, taking body measurements, A study of various sizes and measurements charts.

UNIT III

Terminology of fabric- balance, bias, cover, dimensional stability, fabric weight, grain, selvedge & its types.

UNIT IV

Added Fullness Principle, Tucks - plain, cross, shell, released, group.

b) Pleats - knife, box, inverted box, cartridge and kick

c) Gathers.

Practical : 40

Internal Assessment: 10

Time: 3 hours

Instructions for Practical Paper

1. Examiner will set total of four questions covering the whole syllabus.
2. Student will attempt any three questions.
3. Each question carries 5 marks.
4. Practical work carries 20 marks and 5 marks for viva-voce.
5. Practical paper will be conducted by the college in collaboration with the respective experts and marks will be submitted to Panjab University.

1. Drafting and stitching of Adult women bodice block and sleeve block
2. Draftingand stitching of Ladies shirt

3. Drafting of Petticoat

4.Draftingand stitching of Salwar and Pyjami

5 .Draping ofBasic Skirt Block: front, back

6. Preparation; Draping steps

7 Marking; Trueing.

Suggested Resources for Reading:

1. Helen Joseph Armstrong ,Pattern Making for Fashion Design, 2000., Dorling Kindersley (India) Pvt. Ltd. India,
2. Sandra Betzina ,Fast Fit – Easy Pattern Alterations for Every Figure ,. 2003
3. "Modern sizing for womens and childrens"; P.Kunick , Philip Kunik Publication London.

****

Paper Title: FTD 204 CONCEPTS OF FASHION AND APPAREL DESIGN

Theory: 40

Internal Assessment: 10

Time:3 hours

Job Role: Level 4- Assistant Designer

Level 5- Sampling Coordinator

Objective : To enable student understand about design process and enhance sketching skills which helps in developing style of his own as per latest trends

Instructions for Examiner:

1. The syllabus of this paper has been divided into FOUR units.
2. Examiner will set a total of NINE questions comprising Two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
3. The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
4. All questions carry equal marks.

UNIT – I

Fashion cycle- Stages of Fashion , Broken fashion cycle , Length of fashion cycle.

Sources of inspiration for fashion designing- History, Media, architecture, films, theatre.

UNIT – II

Meaning of Fashion forecasting, Fashion Prediction Agencies . Procedure for predicting trends

UNIT – III

Fashion Theories -Trickle down theory, Trickle across theory, Bottom- up theory. Fashion Leaders, Factors affecting fashion- Social , Economic ,Psychological.

UNIT – IV

Factors affecting design application for various age groups, seasons, occupation, occasions & categories. Profile of Indian and Western fashion designers-any five renowned designers in each category. Career in fashion industry

Practical : 40

Internal Assessment: 10

Time: 3 hours

Instructions for Practical Paper

1. Examiner will set total of four questions covering the whole syllabus.
2. Student will attempt any three questions.
3. Each question carries 5 marks.
4. Practical work carries 20 marks and 5 marks for viva-voce.
5. Practical paper will be conducted by the college in collaboration with the respective experts and marks will be submitted to Panjab University.

Simple Sketching a) Stick figures- Straight and bead

1. Block figure- normal block, child block and female block.

2. Fashion figure- a) normal, eight, ten and twelve head figure.

3. Structure of hands, legs & feet, facial- proportions & drawing of hair.

4. Sketching of gathers, pleats, frills and flounces, necklines, sleeves, collars.

5. Fashion illustration for different occasions

6. Drawing of accessories- shoes, bags, purses, belts, hats and caps.

7. Drawing of Jewellery

Suggested Resources for Reading:

1. Fashion drawing- magazine of Thailand
2. Fashion Drawing- The basio principles by Allen & Julian Seaman.

4. Fashion Drawing Designs- Magazine of Thailand
5. Designing book for children garment:
6. All volumes and Kiddys
7. All volumes of faces
8. Innovative fashion sketching by Rita Gerstem

****

Paper Title : FTD 205 APPAREL CONSTRUCTION BASIC TECHNIQUES

Practical : 80

Internal Assessment: 20

Time: 3 hours

Job Role: Level 4- Assistant Designer

Level 5- Sampling Coordinator

Objectives: To have working knowledge of slopers in sewing. To understand the basics of apparel construction

Instructions for Practical Paper

Examiner will set total of four questions covering the whole syllabus.

1. Student will attempt any three questions.
2. Each question carries 15 marks.
3. Practical work carries 30 marks and 5 marks for viva-voce.

- Practical paper will be conducted by the college in collaboration with the respective experts and marks will be submitted to Panjab University

Making samples of the following using Child bodice block slopers

1. Necklines– Construction and finishing of different types of necklines. (Facing and binding on different neck shapes).

2. Sleeves: plain, puff, flared, bell, umbrella, cap, magyar, bishop, leg-o-mutton, raglan.

3. Collars: peter pan, flat & roll, shawl, sailor, mandarin, wing.

4. Yokes –one piece, two pieces, with and without fullness.

5. Placket - overlap: one side extended; both sides extended; rugby placket; concealed placket with buttons.

6. Application of shaping devices: Tucks - plain, cross, shell, released, group.

7. Pleats - knife, box, inverted box, cartridge and kick, Gathers.

Suggested Resources for Reading:

1. Connie Amaden-Crawford ,A Guide to Fashion Sewing, Fourth Edition, 1992, Fairchild
2. Publications.

3. Dorothy Wood, The Practical Encyclopedia of Sewing, 1999, Lorenz Books, Anness Publishing Ltd., New York.
4. Connie Long, Clarke Barre, Easy Guide to Sewing Blouses(Sewing Companion Library),1997, The Taunton Press, Inc.

SEMESTER III

Paper Title : GC 302 – E-COMMERCE

Theory: 80

Internal Assessment: 20

Time:3 hours

Job Role:----- Industrial Engineer(IE) Executive

Objective : The objective of this paper is to provide fundamental knowledge to the students about E-Commerce so that they can better perform in any area of operation and can excel in the field of commerce with IT specialization.

Instructions for Examiner:

1. The syllabus of this paper has been divided into FOUR units.
2. Examiner will set a total of NINE questions comprising Two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
3. The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
4. All questions carry equal marks.

UNIT I

Electronic Commerce Framework, Basics and Tools of E-Commerce, Comparison of Web-based with Traditional Business; Growth of E-Commerce – Present and potential. E-Business: Meaning, Importance, Models Based on the Relationships of Transacting Parties (B2B, B2C, C2C and C2B), Present Status of E-Commerce in India.

UNIT II

Changing Structure of Organization – The Impact of E-Commerce on supply chain management and customer relation, Socio-Economic Impacts of E-Commerce. Electronic Payment System: Types of Payment System — E-Cash and Currency Servers, E-Cheques, Credit Cards, Smart Cards, Electronic Purses and Debit Cards , Risk and Electronic payment Systems.

UNIT-III

Electronic Data Interchange (EDI): EDI and its applications in business; Legal, Security and Privacy issues in EDI, EDI standardization; Internet based EDI, Internal Information Systems, Work-flow Automation and Coordination, Types of Digital Documents, Digital Signatures.

UNIT-IV

Enterprise Resource Planning: The Emergence of ERP Systems, Business benefits of ERP, ERP Modules and design alternatives, challenges of ERP implementation, Business Process Re-engineering, ERP system development process. Regulatory aspects of E-commerce.

Suggested Resources for Reading:

1. 'Electronic Commerce, A Manager's Guide to E-Business' by PragDiwan and Sushil Sharma, Vanity Books International, Delhi.
2. 'Frontiers of Eletronic Commerce' by Ravi Kalakota, and Andrew B.Shinston, Addision Wesley.

4. 'Electronic Commerce' by GrayP.Schneider, Course Technology, Delhi.
5. 'E-Commerce-The Cutting Edge of Business' by Kamlesh Bajaj &Debjani Nag, Tata McGraw Hill 2000.
6. 'Understanding E-Commerce' by David Kosiur, Microsoft Press. 1997.

****

Paper Title: FTD 303: APPAREL INDUSTRY AND QUALITY CONTROL

Theory: 40

Internal Assessment: 10

Time:3 hours

Job Role:----- Industrial Engineer(IE) Executive

Objective : To acquaint the students about – Quality control, labeling and packaging. Special purpose machine in Apparel Industry and Various Laws and Regulatins related to textiles.

Instructions for Examiner:

1. The syllabus of this paper has been divided into FOUR units.
2. Examiner will set a total of NINE questions comprising Two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
3. The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
4. All questions carry equal marks.

UNIT-I

Organisation and operation (work flow) of an Apparel manufacturing unit.

Current Indian Export and India's position in world export market.

UNIT-II

Occupational Health hazards and safety

Quality control in Apparel industry.

Fabric inspection systems-4 point, 10 point system, Graniteville 78.

UNIT-III

Labelling- Types of labels and information provided by labels.

Packaging- Types of packaging.

UNIT-IV

Laws and Regulations related to Textile products

Laws and Regulations related to Safety

Suggested Resources for Reading:

1. Managing quality by S K Bharadwaj and P U Mehta, New Age Publishers-Delhi.
2. ISO 9000- Textile Committee Mohali.
3. Textiles by Sara J. Kadolph

Objectives: To equip students with the knowledge of fashion photography. To enable them to understand the various aspects of fashion photography

Practical based on FTD 303

Practical : 40

Internal Assessment: 10

Time: 3 hours

Instructions for Practical Paper

1. Examiner will set total of four questions covering the whole syllabus.
2. Student will attempt any three questions.
3. Each question carries 5 marks.
4. Practical work carries 20 marks and 5 marks for viva-voce.
5. Practical paper will be conducted by the college in collaboration with the respective experts and marks will be submitted to Panjab University
6. The examiner will set questions covering the whole syllabus
7. Each question can be sub-divided into parts according to the paper setter.

****

Paper Title: FTD 304: FUNDAMENTALS OF MARKETING & FABRIC TECHNOLOGY

Theory: 40

Internal Assessment: 10

Time:3 hours

Job Role:----- Industrial Engineer(IE) Executive

Objective : To acquaint students with the concept of selling and marketing To give a thorough understanding of product planning, pricing and practices**.**

Instructions for Examiner:

1. The syllabus of this paper has been divided into FOUR units.
2. Examiner will set a total of NINE questions comprising Two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
3. The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
4. All questions carry equal marks.

Unit – I

Meaning, Nature and Scope of Marketing.

The Marketing Systems.

Product Life Cycle.

Need for Product Innovations and their Development for Variety.

Unit – II

Factors influencing pricing decisions

Pricing strategies

Pricing Methods

Unit – III

Distribution System

Channels of Distribution – Types and Functions – Role of Middleman.

Unit – IV

Marketing Research to study Consumer Demand

Stages of Marketing Research Process.

Types of Surveys.

Consumer Demand and Fashion Marketing, Fashion Change and Consumer

Suggested Resources for Reading:

1. Amarchand, D. and Varadarajan, B.: An Introduction to Marketing Management, (1981),Vikas Publishing House Private Ltd.
2. Davar, R.S.: Marketing Management, Bombay, (1982),Progressive Corporation Private Limited.
3. Sherlakar S.A.,: Marketing Management, Delhi. (1982), Himalaya Publishing House.
4. Fashion Innovation of marketing by Kathryn Moore Greenwind of Mary.

Instructions for Practical Paper

Practical : 40

Internal Assessment: 10

Time: 3 hours

1. Examiner will set total of four questions covering the whole syllabus.
2. Student will attempt any three questions.
3. Each question carries 5 marks.
4. Practical work carries 20 marks and 5 marks for viva-voce.
5. Practical paper will be conducted by the college in collaboration with the respective experts and marks will be submitted to Panjab University

Objective : To impart practical knowledge about Fibers, yarn and fabrics and their care

1. Collection and Classification of FabricsBasic Weaves – Plain weave, Twill weave and Satin weave Novelty/Fancy Weave – Pile weave and its types, Double cloth weave, Leno and Gauge weave, Jacquard weave, Dobby weave , Swivel Weave, Lappet weave and Crepe weave

2. Fiber Identification

3Dart Manipulation -Slash and spread method , pivot method, Darts in One Piece Garment, Asymmetrical Darts

4. .Construction of Basic skirt block & its adaptation to, a-line skirt, added flare skirt, skirt with yoke, 3 tiered skirts, wrap skirt, circular skirt-full and half.

5 .Draping and stitching of Adult Bodice Block and Princess line

Suggested Resources for Reading:

1. Textiles by Sara J. Kadolph
2. Fabric Science by Pizzato

****

Paper Title: FTD 305COMPUTER AIDED DESIGNING (CAD) (PRACTICAL)

Practical : 80

Internal Assessment: 20

Time: 3 hours

Job Role:----- Industrial Engineer(IE) Executive

Objective: To impart knowledge about 1. Basic Computers 2.Adobe Photoshop 3. Corel draw so that student learn good skill in designing brochures, pamphlets, magazine cover pages, cards, logos and advertisements etc.

Instructions for Practical Paper : (for 80 marks)

1. Examiner will set total of four questions covering the whole syllabus.
2. Student will attempt any three questions.
3. Each question carries 15 marks.
4. Practical work carries 30 marks and 5 marks for viva-voce.

- Practical paper will be conducted by the college in collaboration with the respective experts and marks will be submitted to Panjab University

1. MS Word: (i) Writing a letter in word document; (ii) Formatting, Editing and saving files.

2. MS Excel: (i) Making Excel spread sheets; (ii) Mathematical operations in excel.

3. MS Powerpoint : (i) Using PP to make presentations.

4. Use of Internet: (i) Making an email id.; (ii) Searching different topics

5. ADOBE PHOTOSHOP (a) Study in detail different tools of Photoshop.

(b) Create composition of stripes, checks in various textures and colours.

(c) Pick up a costume worn by a famous fashion model. Scan her figure and redesign the texture and colour combination of the dress.

Suggested Resources for Reading:

1. Microsoft office 2010 for Dummies, "Wallace Wang", Wiley India Pvt. Limited, 2010.
2. Photoshop Cs2 (savvy), By Romaniello
3. MS Office 2000 for Everyone by Sanjay Saxena-New Delhi, Vikas, 2006
4. Internet for Everyone by Alexis Leon and Mathews Leon.

****

SEMESTER IV

Paper Title: GC 402 - PROJECT MANAGEMENT

Theory: 80

Internal Assessment: 20

Time:3 hours

Job Role:----- Industrial Engineer(IE) Executive

Objectives: The objective of this paper is to provide knowledge to students about the essentials of undertaking projects in an organizational environment.

Instructions for Examiner:

1. The syllabus of this paper has been divided into FOUR units.
2. Examiner will set a total of NINE questions comprising Two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
3. The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
4. All questions carry equal marks.

UNIT-I

Concept of Project: Meaning, Characteristics, Classification of Projects, Project Life Cycle and its Phases. Project Manager: Roles and Responsibilities, Project Management as a Profession.

UNIT-II

Generating and Screening Ideas – Steps, Monitoring the Environment, Scouting for Project Ideas, Preliminarily Screening, Project Rating Index. Feasibility Studies – Technical, Financial, Economic, Social, Legal and Managerial.

UNIT-III

Project Appraisal Techniques: Objectives, Types and Methods. Project Risks: Meaning, Types, Measurement of Risk,.Decision Tree Analysis (Basic Concepts only).

Project Evaluation – Meaning, Evaluation v/s Appraisal, Objectives, Types of Evaluation, Techniques.

UNIT-IV

Project Organization and Control – Project Network Analysis (Basic concepts of PERT, CPM, Cost and Time Over Run). Project Reporting: Meaning, Purpose, Process, Requirements of a Good Report, Methods, Principles of Good Reporting System.

Suggested Resources for Reading:

1. Project Management - Choudhary - TataMcGraw Hill Pub.
2. Project Management: The Managerial Process (Special Indian Edit.) -Clifford F Gray, Oregon State University.
3. Projects : Planning, Analysis, Selection, Financing, implementation and Review -Chandra, Prasanna.

****

Paper Title: FTD 403: FABRIC HANDLING AND RAW MATERIALS

Theory: 40

Internal Assessment: 10

Time:3 hours

Job Role:----- Industrial Engineer(IE) Executive

Objective:. To create awareness about raw material of textilesand handling of special fabric

Instructions for Examiner:

1. The syllabus of this paper has been divided into FOUR units.
2. Examiner will set a total of NINE questions comprising Two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
3. The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
4. All questions carry equal marks.

UNIT-I

Terminology – Fibre, Yarn, Elasticity, Absorbency, Resiliency, Drapability, Twist, Blend.

Introduction to textile fibres & their classification on the basis of their origin.

UNIT-II

Manufacturing process and properties of different fibres – Cotton, linen, wool, silk, nylon and polyester

UNIT-III

Types of fabric construction. Different types of fabrics faults & embroidery defects, Defects of dyed and printing fabrics

UNIT-IV

Handling of Special fabrics while garment construction - Slippery fabrics- like satin, sheers like – lace , heavy weigh fabric like denim and drills, reversible fabric, leathers

Practical Based on FTD 403

Practical : 40

Internal Assessment: 10

Time: 3 hours

Instructions for Practical Paper

1. Examiner will set total of four questions covering the whole syllabus.
2. Student will attempt any three questions.
3. Each question carries 5 marks.
4. Practical work carries 20 marks and 5 marks for viva-voce.
5. Practical paper will be conducted by the college in collaboration with the respective experts and marks will be submitted to Panjab University
6. The examiner will set questions covering the whole syllabus
7. Each question can be sub-divided into parts according to the paper setter.

Suggested Resources for Reading:

1. Textiles by Sara J. Kadolph
2. Fabric Science by Pizzato
3. Garment Construction Techniques by DorthyWood
4. The Complete Book of Sewing: Dorling Kindersley

****

Paper Title: FTD 404: DESIGN DEVELOPMENT AND MERCHANDISING

Theory: 40

Internal Assessment: 10

Time:3 hours

Job Role:----- Industrial Engineer(IE) Executive

Objective:. To create awareness about Design Process, Product and prototype development and to understand the role of sample coordinator and merchandiser

Instructions for Examiner:

1. The syllabus of this paper has been divided into FOUR units.
2. Examiner will set a total of NINE questions comprising Two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
3. The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
4. All questions carry equal marks.

UNIT-I

Design Development Process: First level-Inspiration and Concept, Research Direction-Fashion Prediction, Research- The fashion cycle, Fashion and Art . Second Level- Design Development, Textiles- textures, drape, handle, surface decoration, Technical Development - draft model

UNIT-II

Fashion Industry and new product development-Role of the designer, The influence of Haute-couture, Organization of Fashion industry , The sequence of events

UNIT-III

Visual Merchandising , Role and Responsibilities of Merchandiser

UNIT-IV

Fashion Distribution-Departmental stores, Specialty stores ,Chain stores, Mill Show rooms, Factory Outlets, Catalogue retail stores, Discount store, Designers retail stores, Franchise retail stores, Boutique

Practical Based on FTD 404

Practical : 40

Internal Assessment: 10

Time: 3 hours

Instructions for Practical Paper

1. Examiner will set total of four questions covering the whole syllabus.
2. Student will attempt any three questions.
3. Each question carries 5 marks.
4. Practical work carries 20 marks and 5 marks for viva-voce.
5. Practical paper will be conducted by the college in collaboration with the respective experts and marks will be submitted to Panjab University
6. The examiner will set questions covering the whole syllabus
7. Each question can be sub-divided into parts according to the paper setter.

Suggested Resources for Reading:

1. Drake and Nicholas, "Fashion Illustrations", 1994,Thames and Hudson, London.
2. AblingBina, Fashion Sketch Book", 2006, by Fairchild publication.
3. Fashion Caledeoscope by MeharCastelen
4. Fashion From Concept to Consumer by Sharon Lee ,Harprt& Row Pub. , NY.

****

Paper Title: FTD 405COMPUTER AIDED DESIGNING (CAD)-II (PRACTICAL)

Practical : 80

Internal Assessment: 20

Time: 3 hours

Job Role:----- Industrial Engineer(IE) Executive

Objective: To impart knowledge about 1. Corel draw so that student learn good skill in designing brochures, pamphlets, magazine cover pages, cards, logos and advertisements in addition to photoshop etc.

Instructions for Practical Paper : (for 80 marks)

1. Examiner will set total of four questions covering the whole syllabus.
2. Student will attempt any three questions.
3. Each question carries 15 marks.
4. Practical work carries 30 marks and 5 marks for viva-voce.

- Practical paper will be conducted by the college in collaboration with the respective experts and marks will be submitted to Panjab University

Introduction to design development sheets

COREL DRAW/ADOBE ILLUSTRATOR (a) Detailed study of tools of the software. (b) Create a composition of geometrical shapes, traditional and contemporary motifs.

(c) Illustrating fashion models figures in different profiles and movement. (d) Draping the fashion figure in different silhouettes. (e) Design a complete collection of five dresses 3.

1.Creating Mood boards them under the following categories: -

Men's wear,

Women's wear

Kids wear,

2.Interpretation of the forecast in terms of cut , style, color and fabric sourcing.

3. Exercises in visually assessing and relating fashion illustration to the specification sheets.

4. Client profile

8. Fabric and colour sheet

Suggested Resources for Reading:

1. Coreldraw X5 In Simple Steps ,"Kogent Learning Solutions Inc", Wiley India Pvt.Limited, 2011.
2. Corel Draw by BPB Publication
3. Drake and Nicholas, "Fashion Illustrations", 1994,Thames and Hudson, London.
4. AblingBina, Fashion Sketch Book", 2006, by Fairchild publication.
5. Fashion Caledeoscope by MeharCastelen

****

SEMESTER V

Paper Title : GC 502 - INTRODUCTION TO RESEARCH METHODOLOGY AND REPORT WRITING

Theory: 80

Internal Assessment: 20

Time:3 hours

Job Role:---- Online Sample Designer

Objective: The objective of the module is to familiarize the students with basics of research methodology like types of research, data collection, sampling techniques and report writing.

Instructions for Examiner:

1. The syllabus of this paper has been divided into FOUR units.
2. Examiner will set a total of NINE questions comprising Two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
3. The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
4. All questions carry equal marks.

UNIT I

Research - Meaning, Characteristics, Types, Process and Utility,. Research Design - Meaning, Types and Features of good research design. Qualitative and Quantitative research.Importance of review of literature.The research proposal.

UNIT II

Primary and Secondary data.Methods of data collection. Measurement and scaling, Designing of Questionnaire and schedule.

UNIT III

Sampling Design and Sampling procedure. Sampling and non sampling errors.Data analysis and interpretation.Role of computers in research.

UNIT IV

Business Reports and Proposals: Introduction, Meaning a Report? Steps in Writing a Routine Business Report, Format of Proposals, Four Key Elements in Winning Business Proposals; Case Studies.

Suggested Resources for Reading:

1. 'Research Methods and Techniques' by C.R. Kothari, Eastern Wiley Publications.
2. 'Business Research Methods' by A. Bryman, and E. Bell, Oxford University Press, New York.
3. 'Research Methodology A Step by Step Guide for Beginners' by R. Kumar, Pearson Education.

****

Paper Title: FTD 503PATERN DEVELOPMENT AND ADVANCE DRAPING

Theory: 40

Internal Assessment: 10

Time:3 hours

Job Role:---- Online Sample Designer

Objectives: To impart Knowledge above advance patternmaking and draping techniques to meet the requirements of different body types and standard sizes.

Instructions for Examiner:

1. The syllabus of this paper has been divided into FOUR units.
2. Examiner will set a total of NINE questions comprising Two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
3. The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
4. All questions carry equal marks.

UNIT I

Analysis of bodice block and Contouring Principle

UNIT II

Terminology used in pattern making- Pattern drafting, flat pattern making, Pattern envelop, template, production pattern, design specification sheet, pattern chart, cost sheet, trueing, blending and equalizing, style lines.

UNIT III

Interlining, lining, facing, interfacings . Pattern layout planning and Different ways of minimizing waste , fabric estimation and calculation of the fabric requirement for one garment sample.

UNIT IV

Altering patterns- lengthening and shortening pattern, Bust alterations, Waist and hip alterations, sloulder back and sleeve

Practical : 40

Internal Assessment: 20

Time: 3 hours

Instructions for Practical Paper :

1. Examiner will set total of four questions covering the whole syllabus.
2. Student will attempt any three questions.
3. Each question carries 5 marks.
4. Practical work carries 20 marks and 5 marks for viva-voce.
5. Practical paper will be conducted by the college in collaboration with the respective experts and marks will be submitted to Panjab University

1. Manipulation on draped bodice block: Shifting of dart; One dart into two darts;
2. Draping of basic skirt and it's variations
3. Pleats, tucks and gathers, yokes

4. Necklines; halters; princes line; empire line

5. Develop two designs of a bodice, a skirt and a one-piece garment by draping on muslin. Incorporate design features mentioned in topic 3 above.

6. Development of Patterns of: Saree Blouse: Plain and Choli ,

7. Kurta: A-line; Kalidaar

8. Any one of the Halter neck one piece dress, Off shoulder – single and both, One piece fitted dress with gathers in princess line

Suggested Resources for Reading:

1. The Practical Encyclopedia of Sewing: By-Dorothy Wood
2. Lorenz Books The Complete Book of Sewing: Dorling Kindersley
3. The Sewing Book by Alison Smith

****

Paper Title: FTD 504FABRIC TECHNIQUES AND PROTOTYPE DEVELOPMENT

Theory: 40

Internal Assessment: 10

Time:3 hours

Job Role:---- Online Sample Designer

Objective:. To handle and monitor new product development, regular follow up with all sampling like: proto sample, size sets, fit samples. To create awareness about threads and their classification.Required tools & materials for different types of embroidery.To give introduction to computerized embroidery.

Instructions for Examiner:

1. The syllabus of this paper has been divided into FOUR units.
2. Examiner will set a total of NINE questions comprising Two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
3. The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
4. All questions carry equal marks.

UNIT I

Finishes affecting appearance: bleaching, calendaring, embossing, glazing, schreinerizing, singeing. Finishes affecting texture: Flocking, napping, burnt out design, acid finish, stiffening.

UNIT II

Basic warp and weft knit stitches, Comparison of Warp and weft knitting, Knitted fabrics defects

UNIT III

Dyes and stages of dyeing: fiber, yarn, piece dyeing, product dyeing. Process of Batik dyeing , tie& dye, marble printing.

UNIT IV

Printing: Definition , methods and types of printing techniques; Direct, Resist, Discharge, Mordant and transfer printing.

Practical : 40

Internal Assessment: 10

Time: 3 hours

Instructions for Practical Paper

1. Examiner will set total of four questions covering the whole syllabus.
2. Student will attempt any three questions.
3. Each question carries 5 marks.
4. Practical work carries 20 marks and 5 marks for viva-voce.
5. Practical paper will be conducted by the college in collaboration with the respective experts and marks will be submitted to Panjab University
6. The examiner will set questions covering the whole syllabus
7. Each question can be sub-divided into parts according to the paper setter.

1. Make Samples with Dyeing and Printing techniques - Tie and Dye , Batik , Stencil, Screen and Block printing

2. Developing innovative techniques in hand painting (colour blending)

3. Procure or make a tech pack or Design a theme based garment by hand sketches or by Computer Aided Design

4.. Identify better or new sources /suppliers for sampling development , fabrics, trims or surfaces ornamentations as applicable to fashion garments and the style

4. Creating various fabric surfaces using any surface technique

5. Determine the size of your samples.

6. Create a pattern as per design details.

7. Developing a prototype with the help of muslin.

8. Check the assembled garments in accordance with flow of samples to specification sheet.

9. Test fit finished proto-type and compare based on specification sheet

10. Checking on the dress form for any faults and correcting themon paper pattern

Suggested Resources for Reading:

1. The Practical Encyclopedia of Sewing: By-Dorothy Wood
2. Lorenz Books The Complete Book of Sewing: Dorling Kindersley

****

Paper Title: FTD 505:PATTERN DEVELOPMENTTHROUGH CAD/ CAM

Practical : 80

Internal Assessment: 20

Time: 3 hours

Job Role:---- Online Sample Designer

Objectives : To enable the students to understand the fundamental principles of CAD/CAM in Apparel Design, Style variations, grading and marker making Digitize the manual pattern on the CAD software . Plotting the pattern for making prototype

Instructions for Practical Paper : (for 80 marks)

1. Examiner will set total of four questions covering the whole syllabus.
2. Student will attempt any three questions.
3. Each question carries 15 marks.
4. Practical work carries 30 marks and 5 marks for viva-voce.
5. Practical paper will be conducted by the college in collaboration with the respective experts and marks will be submitted to Panjab University

1. Introduction to toolbars- Standard , piece, edit, toolkit, rotate, internal, segment, dart, pleat, fabric and strips

2. Introduction to Menu – File Menu, edit Menu, piece Menu, point Menu, segment Menu, internal Menu, ,dart Menu, pleat Menu, seam Menu, walk Menu, view Menu

4 . Draft the pattern on the CAD software as per specification given

i) Trouser Pattern Making– Notches, Orientation, Tools

ii) Basic bodice Block – Modifications and variations

iii) Shirt/ Jacket Pattern Making

5.Prepare tech pack as per inputs from clients and self-imagination

****

SEMESTER VI

Paper Title: GC 602 -TOTAL QUALITY MANAGEMENT

Theory: 80

Internal Assessment: 20

Time:3 hours

Job Role:---- Online Sample Designer

Objective: The objective of the paper is to provide knowledge to students of the concepts of total quality management and to inculcate among them a concern for quality and customer satisfaction.

Instructions for Examiner:

1. The syllabus of this paper has been divided into FOUR units.
2. Examiner will set a total of NINE questions comprising Two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
3. The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
4. All questions carry equal marks.

UNIT I

Introduction: Definition of Quality, Dimensions of Quality, Quality Planning, Quality costs and its Analysis, Basic concepts of Total Quality Management, Principles of TQM.

UNIT II

Quality Council and Statements, Barriers to TQM Implementation. Quality: Customer Perception and Satisfaction, Customer Complaints, Service Quality, Customer Retention, Continuous Process Improvement – Juran Trilogy, PDSA Cycle, 5S, Kaizen, Supplier Partnership –Selection and Rating

UNIT III

Business Process Reengineering (BPR). Benchmarking –Introduction, Reasons, Process, Quality Function Deployment (QFD) – House of Quality, Benefits, Taguchi Quality Loss Function, Total Productive Maintenance (TPM)

UNIT IV

Latest Challenges of Quality, Six Sigma Concepts: application. Quality Systems: Need for ISO 9000 and Other Quality Systems, ISO 9000:2000 Quality System– Elements, Implementation of Quality System, Documentation, Quality Auditing; ISO 14000, Requirements and Benefits.

Suggested Resources for Reading:

1. 'Total Quality Management' by A.V. Feigenbaum, McGraw-Hill Publication.
2. 'Total Quality Management' by J.S. Oakland, Butterworth – Hcinemann Ltd., Oxford Press.
3. 'Quality Management – Concepts and Tasks' by V. Narayana&N.S.Sreenivasan, New Age International.
4. Total Quality Management for Engineers' by Zeiri, Wood Head Publishers.
5. 'Total Quality Management' by James R. Evans, Cengage Learning.

****

Paper Title: FTD 603: WEBSITE HANDLING AND ADVANCE CAD/ CAM

Theory: 40

Internal Assessment: 10

Time:3 hours

Job Role:---- Online Sample Designer

Objectives: This course will enable the student to build and publish web sites using HTML, DHTML, CSS, JavaScript and Dreamweaver.

Instructions for Examiner:

1. The syllabus of this paper has been divided into FOUR units.
2. Examiner will set a total of NINE questions comprising Two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
3. The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
4. All questions carry equal marks.

Unit -I

Web Server; Web Client/Browser, How a Browser communicates with a Web Server, Website, Webpage: Static Website, Dynamic Website, Internet, Intranet, Extranet, WWW, URL

HTML: HTML program structure, Paragraph Breaks, Line Breaks; In a Web Page implementing: (Heading Styles, Drawing Lines); Text Styles (Bold, Italics, Underline); Other Text Effects (Centering (Text, Images etc.)

Lists: Unordered List, Ordered Lists.

Tables: Caption Tag, Width, Border, Cell padding, Cell spacing, BGCOLOR, COLSPAN and ROWSPAN Attributes.

Unit-II

Linking Documents: Anchor tag, External Document References, Internal Document References and Image Maps

Frames: Introduction to Frames: The tag, Targeting Named Frames

DHTML: Introduction to cascading style sheets (CSS), Style tag, Link tag, Types of CSS: In-Line, Internal, External

Forms: Attributes of Form element, Input element, The Text Element, Password, Button, Submit Button, Reset Button, The Checkbox, Radio, TextArea, Select and Option

Unit-III

Importance of Pattern grading for Apparels.

Defining grading and grading rules

Grading of skirt, Trouser, Bodice Block, Shirt

Unit-IV

Introduction to Lay Planning,

Marker making of skirt, trouser on CAD

Marker Making ofBodice, shirt / jacket

Practical based on **FTD 603**

Practical : 40

Internal Assessment: 10

Time: 3 hours

Instructions for Practical Paper

1. Examiner will set total of four questions covering the whole syllabus.
2. Student will attempt any three questions.
3. Each question carries 5 marks.
4. Practical work carries 20 marks and 5 marks for viva-voce.
5. Practical paper will be conducted by the college in collaboration with the respective experts and marks will be submitted to Panjab University
6. The examiner will set questions covering the whole syllabus
7. Each question can be sub-divided into parts according to the paper setter.

****

Paper Title: FTD 604: APPAREL CONSTRUCTION ADVANCE TECHNIQUES

Theory: 40

Internal Assessment: 10

Time:3 hours

Job Role:---- Online Sample Designer

Objective : To enable student understand about design process and enhance sketching skills which helps in developing style of his own as per latest trends

Instructions for Examiner:

1. The syllabus of this paper has been divided into FOUR units.
2. Examiner will set a total of NINE questions comprising Two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
3. The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
4. All questions carry equal marks.

UNIT I

Sleeves Terminology , sleeve types, sleeves Finishes and Sleeve edge Finishes

UNIT II

Different types Collar and collar applications, Pockets and their placements -

patch, in-seam, patch with pleat, patch with flap pockets

UNIT III

Application of zippers: centered, lap, open ended, concealed

Hem finishes, Waist band and Tie Belt

UNIT IV

Application of fasteners- buttons and buttonholes, hooks and eyes, hammer ons.

Application of different types of trimmings- laces, pipings, bindings, appliqué.

Practical : 40

Internal Assessment: 10

Time: 3 hours

Instructions for Practical Paper

1. Examiner will set total of four questions covering the whole syllabus.
2. Student will attempt any three questions.
3. Each question carries 5 marks.
4. Practical work carries 20 marks and 5 marks for viva-voce.
5. Practical paper will be conducted by the college in collaboration with the respective experts and marks will be submitted to Panjab University

Create design as per latest trends and establish customer needs

Carry out research on latest trends and contemporary fashion for apparel and its target market

Carry out research to identify new and promising materials, trends as well as sources/suppliers for procurement of such items/develop techpack for designs

Develop photo sample of similar or identical designs to persuade customers for order booking

Construction of the following fitted garments:

1. Halter neck one piece dress
2. Off shoulder dress: single and both
3. Choli cut corseted Kurti
4. One piece fitted dress with gathers in princess line.
5. Construction of fitted garments with fullness added in various dart locations.

Suggested Resources for Reading:

1. The Practical Encyclopedia of Sewing: By-Dorothy Wood: Lorenz Books
2. Connie Amaden-Crawford ,A Guide to Fashion Sewing, Fourth Edition, 1992, Fairchild Publications.
3. Sewing and Knitting: A Reader's Digest step –by-step guide
4. Wendy Gardiner, TheEncyclopedia of Sewing Techniques a Step-by-Step Visual Directory within Inspirational Gallery of Finished Pieces, 2003, Piers Spence Search Press Limited Kent .
5. Clothing Construction :SherieDoongaji
6. Sewing Manual:Singer
7. Stitch World

****

Paper Title: FTD 605: PORTFOLIO DEVELOPMENT

Practical : 80

Internal Assessment: 20

Job Role:---- Online Sample Designer

Objective: The art portfolio is an expression of a graduating student's creativity, design/ability, technical expertise and illustration and presentation skills. It should exhibit the students inclination towards and particular segment of the industry by identifying the target customers, design requirements and pricing. It should ideally comprise of 30-35 sheets keeping the following points in mind.

Instruction: (for 80 marks)

1. The portfolio should fulfil following conditions.
2. Practical evaluation of the Portfolio will be conducted by the college in collaboration with the respective experts and marks will be submitted to Panjab University
3. The syllabus shall be covered through workshops.

UNIFORM FORMAT : It is important to keep all the sheets of the same size to• maintain visual continually. Sheets should be grouped separately and systematically either horizontally or vertically. Statement of your design philosphy to clarify your attitude towards fashion

1.Resume; Personal Philosophy and Philosophy of your education

2. Cover/ Title page of a portfolio

3.Brief information and descriptions of work; Thumbnails; Snapshots of self, team mates at work; Use of best quality tools covers, trimming, mounting, mating, glazing, color, binding, size etc. available for portfolio development

Your natural creative bent of mind should find expression through specific design and market orientation. This is to be based on innovative fabric combinations, surface texture and ornamentation.

It is very important that the designs and embroidery motifs be original. It is very important to show your design applicability for the craft. Any other creative graphic work ,photography done by you, should be included

Methods to show the works: Sort out the best works; place works in logical order;

Conscious choices on layout; scrapbook, magazine, small postcard samples.

Designing a Personal Book or Bound Book unique to taste; Keeping separate portfolios for Illustrations, Designs etc.

Make a CD: A digital version of portfolio: PDF files

****
