PANJAB UNIVERSITY, CHANDIGARH

(Estted. under the Panjab University Act VII of 1947- enacted by the Govt. of India)

FACULTY OF ARTS

SYLLABI

FOR

POSTGRADUATE DIPLOMA
IN
DISASTER MANAGEMENT AND SECURITY
(SEMESTER SYSTEM)
EXAMINATIONS, 2017-2018

--:O:--

PANJAB UNIVERSITY, CHANDIGARH

Outlines of tests, syllabi and courses of reading for Postgraduate Diploma in Disaster Management and Security (Semester System) for the examinations of 2017-18.

Subject Code	Paper	Marks Th.	Int. Ass.
Semester-I			
Paper-I	Disaster Management – Conceptual Framework	80	20
Paper-II	Risk Factor, Crisis Management & Role of NGOs	80	20
Paper-III	Disaster Management Structure – Coordination & Response	80	20
Paper IV	Project report based on field study+Viva –voce Examination	40	+ 10
Semester-II			
Paper-V	Disaster Management – Relief and Rehabilitation	80	20
Paper-VI	War and Disaster Management	80	20
Paper-VII	Dissertation + Viva-Voce Examination	70	+ 30

NOTE: The field trips/tours, seminars, special lectures/workshops will be organized by the department from time to time as a part of course curricula.

Paper-I: Disaster Management: Conceptual Framework

M. Marks : 100
Theory : 80 marks
Int. Ass. : 20 marks
Time : 3 hours

Objective: - The course will provide general insight to understanding disaster management and approaches including appraising on disaster diplomacy

Note: There shall be 9 questions in all. The first question is compulsory containing 15 short answer type questions spread over the whole syllabus to be answered in about 25 to 30 words each. The candidates are required to attempt any 10 short answer type questions carrying 20 marks of 2 marks each. Rest of the paper contain 4 units. Each unit shall have two questions and the candidates shall be given a choice of attempting one question from each unit – 4 in all. Each question will carry 15 marks.

Section-I

1. Disaster Management: Concept & significance

2. Approaches to disaster management: Rationale, elements and objectives of disaster management

Section-II

3. Dimensions and typology of Disasters:

(a) Natural disasters – include broad outlines regarding natural and non-natural disasters such as; earthquake, volcanic eruptions, floods, landslides, avalanches, tsunamis, cyclone, climatic change, drought and epidemics

(b) Manmade Disasters – include war, Industrial accidents, soil degradation, desertification, deforestation, depletion of water resources, destruction of ecological system, landslides, fire, oil spill, breakdown of essential services etc.

Section-III

4. National Disaster management policy – significance, principles and policy options

Section-IV

5. Disaster management in developed and developing nations

6. Disaster diplomacy through disaster related factors

Books Recommended:

1. Bourriau, Janine; **Understanding Catastrophe;** Cambridge University Press, Cambridge, 1992.

2. Carter, W. Nick; **Disaster Management – A Disaster Manager's Handbook,** A.D.B., Manilla, Philippines, 1991.

3. Coppola, P. Damon, **Introduction to International Disaster Management,** Elsevier, Oxford, 2006.

4. Garlake, Teresa, **Dealing with Disasters,** Oxfam, Oxford, 2000.

5. Goel SL and Ram Kumar, **Disaster Management,** Deep & Deep Publications, New Delhi, 2001.

6. Goel, S.L. **Encyclopedia of Disaster Management**, Deep and Deep Publications, New Delhi, 2006.

8. Monappa, K.C., **Disaster Preparedness** Akshay Public Agencies, New Delhi, 2004.

9. Narayan, B., **Disaster Management;** APH Publishing Corporation, New Delhi, 2000.

10. Sharma V.K., **Disaster Management,** IIPA, New Delhi, 1995.

11. Singh, Shailendra K, Kundu, Subhash C and Singh, Shobha; **Disaster Management;** Mittal Publications, New Delhi, 1998.

12. Stephens, Lynn H. and Green, Stephan J; **Disaster Assistant – Appraisal, Reform and New Approaches;** McMillan, New York, 1979.

13. Turner Barry A and Pidgeon Andnick F, **Man Made Disasters,** Betterworth Heinemann, Oxford, 1997.

Paper-II: Risk Factor, Crisis Management & Role of NGOs

M. Marks : 100
Theory : 80 marks
Int. Ass. : 20 marks
Time : 3 hours

Objective: - The course objective is to explore the risk factor and analyze role of the government and other agencies as tools of crisis management group.

NOTE: There shall be 9 questions in all. The first question is compulsory containing 15 short answer type questions spread over the whole syllabus to be answered in about 25 to 30 words each. The candidates are required to attempt any 10 short answer type question carrying 20 marks of 2 marks each. Rest of the paper contain 4 units. Each unit shall have two questions and the candidates shall be given a choice of attempting one question from each unit – 4 in all. Each question will carry 15 marks.

Section-I

1. Definition of risk, fundamentals and concept of risk analysis and risk assessment
2. Environmental hazards exposure and Disaster Management
3. Disaster mitigation, methodology of stock taking

Section-II

4. Identifying potential crisis situations – preparing sound crisis management plan, (crisis communication, stress management, crisis operational guidelines)
5. Global Climate Change & Disaster Risk Reduction Framework

Section-III

6. International and Interstate cooperation amongst Non-Government Organizations for Disaster Management
7. The role of Corporates, Civil Society/ Community in Disaster Management

Section-IV

8. Disaster Appreciations based on Mock drill exercises
9. Role of specialized agencies like Red-Cross and other functionaries in Disaster Management

Books Recommended:

1. Bawa, Noorjahan (ed.) **Non-Government Organisations in Development: Theory and Practice**, Kanishka Publishers, New Delhi, 1997.

Paper-III: Disaster Management Structure – Coordination & Response

M. Marks : 100
Theory : 80 marks
Int. Ass. : 20 marks
Time : 3 hours

Objective: - The course will dwell on the standard operating procedures and contingency planning related to disaster management.

NOTE: There shall be 9 questions in all. The first question is compulsory containing 15 short answer type questions spread over the whole syllabus to be answered in about 25 to 30 words each. The candidates are required to attempt any 10 short answer type question carrying 20 marks of 2 marks each. Rest of the paper contains 4 units. Each unit shall have two questions and the candidates shall be given a choice of attempting one question from each unit – 4 in all. Each question will carry 15 marks.

Section-I

1. Planning and designing disaster management strategies, policies, schemes, Standard Operating Procedure for enhancing preparedness and capabilities at National and Regional level at the time of disaster/war like situation.

Section-II

2. Allocation and management of resources:

    a. Financial aid/ resources
    b. Medical resources
    c. Electrical, mechanical and engineering resources
    d. Communication resources(including its integration with command and control mechanism)
    e. Transportation resources
    f. Food and essential commodity resources
    g. Human resources
    h. Infrastructure restoration and build up

Section-III

3. Disaster Management training – Policies, Emergency Management Teams, Managing Media and the Role of Information Technology

4. Capacity Building and Role of Leadership in Disaster Management

Section-IV

5. Case Studies(examples from recent disasters in India)

Books Recommended:

1. Delmar, **Fire Fighter's Handbook;** Stanford Thomson Learning (U.S.A.), 2000.

2. Government of India, The Department of Atomic Energy **An Overview of The Emergency Response Plans.(www.dae.gov.in).**

18. **UNDRO, Managing Natural Disasters** – A Manual for Policy Makers and Planners, New York, 1991.

Paper-IV: <u>Project Report based on Field Study+ Viva-Voce Examination</u>

M. Marks	: 50
Project Report	: 40 Marks
Viva Voce	: 10 Marks

Objective: - The students will undertake a field study assigned by the department based on disaster hit / disaster prone areas both natural and manmade. After completion of Field Study, a project report will be submitted to the department. It will consist of 50 marks. It includes 40 marks for the project writing and 10 marks for the presentation based on submitted field report.

SEMESTER-II

Paper-V: Disaster Management – Relief and Rehabilitation

M. Marks : 100
Theory : 80 marks
Int. Ass. : 20 marks
Time : 3 hours

Objective: - The paper will study to understand the challenges and issues during post event management/recovery/rehabilitation besides offering strategies used to resolve them.

NOTE: There shall be 9 questions in all. The first question is compulsory containing 15 short answer type questions spread over the whole syllabus to be answered in about 25 to 30 words each. The candidates are required to attempt any 10 short answer type question carrying 20 marks of 2 marks each. Rest of the paper contain 4 units. Each unit shall have two questions and the candidates shall be given a choice of attempting one question from each unit – 4 in all. Each question will carry 15 marks.

Section-I

1. Understanding relief and rehabilitation- conceptual framework

2. Post-disaster management measures – Recovery and re-construction measures on medium and long term basis

Section-II

3. Mobilization of available and non-available resources

4. Social and economic upliftment measures: capacity building for re-construction and rehabilitation, fostering skills of livelihood, training and awareness programme, medical aid and counselling

Section-III

5. Relocation, re-construction and redevelopment of housing, buildings, roads, dams, bridges, archives, monuments including water supplies, electricity, communication, waste management etc

6. Socio-economic and psychological effects of disasters on victims

Section-IV

7. Legal provisions of Disaster Management in India

Books Recommended:

1. Anderson, James E., **Public Policy Making: An Introduction,** Houghton-Mifflin, Boston, 2005.

2. Asian Development Bank, **Disaster Mitigation in Asia and the Pacific,** Manila: ADB, 1991.

3. Collins Larry R. and Scheind Thomas, **Disaster Management and Preparedness.** Taylor and Francis, 2000.

4. **Disaster Prevention and Mitigation,** UNDRO Publications, Geneva, 1984.

10. Waugh, William L, Jr. and Ronald John, **The Functions of Emergency Management, Handbook of Emergency Management**, Greenwood Press, New York, 1990.

11. Waugh, William L, **Living with Hazards, Dealing with Disasters,** M.E. Sharpe, New York, 2000.

Paper-VI: War and Disaster Management

M. Marks : 100
Theory : 80 marks
Int. Ass. : 20 marks
Time : 3 hours

Objective: -The paper will address various aspects of war and non-war situation causing disasters including the role of security forces.

NOTE: There shall be 9 questions in all. The first question is compulsory containing 15 short answer type questions spread over the whole syllabus to be answered in about 25 to 30 words each. The candidates are required to attempt any 10 short answer type question carrying 20 marks of 2 marks each. Rest of the paper contain 4 units. Each unit shall have two questions and the candidates shall be given a choice of attempting one question from each unit – 4 in all. Each question will carry 15 marks.

Section-I

1. War as Disaster – socio-economic, political, military, health and environmental effects
2. Lethal aspects of conventional wars causing disaster like situations

Section-II

3. Fundamental of Nuclear War aspects – includes disasters caused by nuclear weapons, nuclear radiation, nuclear power plant accidents, dirty bombs, nuclear wastes, use of depleted uranium and nuclear terrorism. Protective measures from nuclear disasters
4. Fundamentals of Biological war – Categorization of biological hazards, communicable diseases and bio-terrorism. Protective measures from biological disasters

Section-III

5. Fundamentals of Chemical war – dimensions of hazardous chemical material, gases, chemical hazardous waste, chemical terrorism. Protective measures from chemical hazard
6. Terrorism, Weapon of Mass Destructions, suicide attacks, hijacking, landmines, Improvised Explosive Devices, cyber/information warfare, civil strife and internal threats causing disaster like situations

Section-IV

7. Government preparedness in dealing with disasters during pre-war and post-war period
8. Role of Para-military forces and armed forces in dealing with disaster management

Books Recommended*:*

1. Alan M Levitt, **Disaster Planning and Recovery: A guide for facility professionals,** Wiley, New York, 1997.

2. Bourreair Janine, **Understanding Catastrophe,** Cambridge University Press, Cambridge, 1992.

3. Cashman, John R; **Hazardous Materials Emergencies – The Professional Response Team,** Technomics Publishing Co., U.S.A., 1995.
