PANJAB UNIVERSITY, CHANDIGARH-160014 (INDIA)

OUTLINES OF TESTS SYLLABI AND COURSES OF READING

FOR

Bachelor of Vocation (Hospital Administration and Management)

Session 2018-19

(1st to 6th Semester)

Proposed Scheme for B.Voc. (Hospital Administration and Management)

(SEMESTER SYSTEM)

Semester I

Paper Code	Title	Generic/ Skill Component	Theory/ Practical	Internal (Theory)	External (Theory)	Internal (Practical)	External (Practical)	Credit
*GEN -101	Communication Skills	Generic	Theory	20	80	--	--	6
*GEN -102	Fundamentals of Information Technology	Generic	Theory	20	80	--	--	6
HAM-103	Hospital Administration-I	Skill	Theory	20	80	--	--	6
HAM-104	Principles of Marketing	Skill	Theory/ Practical	10	40	10	40	6
HAM-105	Seminar on Hospital Operations	Skill	Practical	--	--	20	80	6
SEMESTER II								
*GEN 201	Soft Skills and Personality Development	Generic	Theory	20	80	--	--	6
HAM-106	Accounting for Decision Making	Generic	Theory	20	80	--	--	6
HAM-107	Managing Quality in Health Care	Skill	Theory	20	80	--	--	6
HAM-108	Organizational Behaviour	Skill	Theory/ Practical	10	40	10	40	6
HAM-109	Workshop on Hospital Management Information System	Skill	Practical	--	--	20	80	6
**SIT-201	Summer Industrial Training	Skill	Practical	--	--	20	80	6

***Refer to Generic Components Common to all B.Voc. Courses**

** **Summer Industrial Training of 4-6 weeks in a relevant Industry after 2nd Semester Examinations during summer break. Training report by the student to be submitted within in one week of start of 3rd Semester. Viva-Voce examination to be held within 3-weeks of the start of 3rd semester.**

Semester III

Paper Code	Title	Generic/ Skill Component	Theory/ Practical	Internal (Theory)	External (Theory)	Internal (Practical)	External (Practical)	Credit
*GEN 301	Value Education And Human Rights	Generic	Theory	20	80	--	--	6
HAM-202	Human Resource Management	Generic	Theory	20	80	--	--	6
HAM-203	Nursing Administration and Management	Skill	Theory	20	80	--	--	6
HAM-204	Hospital Planning & Designing	Skill	Theory/ Practical	10	40	10	40	6
HAM-205	Workshop on Human Biology & Medical Terminology	Skill	Practical	--	--	20	80	6
SEMESTER IV								
*GEN 401	Environmental Studies	Generic	Theory	20	80	--	--	6
HAM-206	Community Health & Management of National Health Programmes	Generic	Theory	20	80	--	--	6
HAM-207	Introduction to Epidemiology & Bio stats	Skill	Theory	20	80	--	--	6
HAM-208	Service Marketing	Skill	Theory/ Practical	10	40	10	40	6
HAM-209	Workshop on Risk & Disaster Management	Skill	Practical	--	--	20	80	6
**SIT-401	Summer Industrial Training	Skill	Practical	--	--	20	80	6

***Refer to Generic Components Common to all B.Voc. Courses**

****Summer Industrial Training of 4-6 weeks in a relevant Industry after 4th Semester Examinations during summer break. Training report by the student to be submitted within in one week of start of 5th Semester. Viva-Voce examination to be held within 3-weeks of the start of 5th semester.**

Semester V

Paper Code	Title	Generic/ Skill Component	Theory/ Practical	Internal (Theory)	External (Theory)	Internal (Practical)	External (Practical)	Credit
*GEN - 501	Critical Thinking and Elementary Statistics	Generic	Theory	20	80	--	--	6
HAM-302	Medical Ethics & Legal Issues in Hospital	Generic	Theory	20	80	--	--	6
HAM-303	Hospital Material Management	Skill	Theory	20	80	--	--	6
HAM-304	Market Research & Consumer Behaviour in Healthcare	Skill	Theory/ Practical	10	40	10	40	6
HAM-305	Workshop on Healthcare Insurance	Skill	Practical	--	--	20	80	6

Note: Winter Industrial/ In-house Training of 2-3 weeks in a relevant area after 5th Semester Examinations in winter break.

SEMESTER VI

*GEN 601	Entrepreneurship Development Programme	Generic	Theory	20	80	--	--	6
HAM-306	Management & Organization of Medical records	Generic	Theory	20	80	--	--	6
HAM-307	Management of Supportive Services	Skill	Theory	20	80	--	--	6
HAM-308	Research Methodology	Skill	Theory/ Practical	10	40	10	40	6
HAM-309	Workshop on Bio Medical Waste	Skill	Practical	--	--	20	80	6
**SIT-601	Summer Industrial/ In-house Training and Comprehensive Viva	Skill	Practical	--	--	20	80	6

***Refer to Generic Components Common to all B.Voc. Courses**

****Winter Industrial/ In-house Training of 2-3 weeks done after 5th Semester Examinations and before start of 6th semester. Training report by the student to be submitted within in one week of start of 6th Semester. Viva-Voce examination to be held within 3-weeks of the start of 6th semester.**

B.Voc. (Hospital Administration and Management)

Semester: ---- I

Paper Title: Hospital Administration- 1 **Paper Code: HAM-103** **Credits: 6**

Job Role: ***Patient Care Coordinator***

Objectives: *This course intends to familiarize and develop understanding of the students to general administration of the hospital designing for optimum utilization of hospital resources and uninterrupted delivery of healthcare services.*

Instructions for Examiner:

1. The syllabus of this paper has been divided into FOUR units.
2. Examiner will set a total of NINE questions comprising two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
3. The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
4. All questions carry equal marks.

Unit – I

Introduction To Hospital Administration: Introduction , Rationale, Role of Hospitals, Evolution of Hospitals, Types & Classification of Hospitals, Hospital Statistics, Legal Aspects of Hospital Administration, Role of Hospitals in new Millennium.

Unit II

Clinical Services in Hospitals : Out Patient Department , In Patient Department , Emergency Department , Operation Theatre, Intensive Care Unit

Unit – III

Diagnostic & Therapeutic Services in Hospitals: Laboratory Services, Radiology Services, Pharmacy Services, Transfusion Services

Unit IV

Recent Advances in Hospital Administration: Contracting, Healthcare Financing, Health Insurance, Telemedicine, Medical Tourism, PCPNDT Act, Consumer Protection Act, Human Organ Transplantation Act.

References:

2. Hospital Administration/Francis, CM: (2009)
3. Hospital Administration/Principles & Practices/Yashpal Sharma, Jaypee Brothers 2013.

B.Voc. (Hospital Administration and Management)

Semester: ---- I

Paper Title: Principles of Marketing
Paper Code: HAM-104 **Credits: 6**

Job Role : ***Patient Care Coordinator***

Objectives: The main aim of the paper is to understand the nature, tasks and the environment under which marketing operates, to study the theory, principles and practical aspects of various marketing functions, and to learn to take marketing decisions.

Instructions for Examiner:

1. The syllabus of this paper has been divided into FOUR units.
2. Examiner will set a total of NINE questions comprising two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
3. The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
4. All questions carry equal marks.

Unit I

Introduction to Marketing: Definition, Scope and Importance of Marketing, Key Customer Markets, Concepts/Philosophies of Marketing, Holistic Marketing Concept, Marketing Tasks, Marketing Mix Marketing Environment: Marketing Environment, New Marketing Realities, New Consumer Capabilities, Demographic Environment, Social-Cultural Environment, Natural Environment, Technological Environment and Political-Legal Environment, SWOT analysis.

Unit II

Analyzing Markets: Marketing Research Process, Sources of data collection, factors influencing Consumer behavior, Buying Decision Process, Post-Purchase Behavior, Organizational Buying, Stages in the Buying Process. Market Segmentation: Levels of Market Segmentation, segmenting consumer markets, Niche Marketing, segmenting business markets, Michael Porter's Five Forces Model, Analyzing competitors, strategies for market leaders, Targeting and Positioning.

Unit – III

Product Decisions: Product characteristics, classifications, differentiation, packaging and labeling, Product Life Cycle. Pricing Strategies: Understanding Pricing, Setting the Price, Initiating and Responding to Price Changes, Reactions to Competitor's Price Changes.

Unit - IV

Marketing Channels: Marketing Channels, Role of Marketing Channels, Identifying Major Channel Alternatives, Types of Intermediaries, Channel-Management Decisions, Retailing, Wholesaling. Marketing Communication: The Role of Marketing Communications, Communications Mix-Advertising, Sales Promotion, Public Relations and Publicity, Events and Experiences, Direct and Interactive Marketing, Personal Selling

B.Voc. (Hospital Administration and Management)

Semester: ---- I

Paper Title: Seminar on Hospital Operations
Paper Code: HAM-105 **Credits: 6**

Job Role: ***Patient Care Coordinator***

Objectives: *The objective of the course is to equip the learners with decision making skills in planning, scheduling and control of production and operation functions in hospitals.*

Instructions for Examiner:

1. The syllabus of this paper has been divided into FOUR units.
2. Examiner will set a total of NINE questions comprising two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
3. The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
4. All questions carry equal marks.

Unit –I

Introduction to Management: Approach, Planning, Decision Making, Organizing, Staffing, Job Designing, Motivating, Leadership, Communication, Materials Management, Financial Management, Industrial Relations in Hospitals

Unit - II

Hospital Planning: Aims, Factors Affecting, Hospital Planning Process, Hospital Architect, Zoning, Design, Hospital Project, Construction

Unit –III

Support and Utility Services in Hospitals: MRD, CSSD, Laundry, Housekeeping, Transportation, Equipments Management, Public Relations, Dietary Services, Mortuary

Unit-IV

Risk Management in Hospitals: Hospital Waste Management, Disaster Management, Hospital Security Services, Occupational Safety in Hospitals, Nosocomial Infections.

B.Voc. (Hospital Administration and Management)

Semester: ---- II

Paper Title: Managing Quality in Healthcare
Paper Code: HAM-107 **Credits: 6**

Job Role: ***Patient Relation Executive***

Objectives: *This course intends to familiarize and develop understanding of the students of the basic principles and practices of quality in health care for efficient administration of hospital and delivery of healthcare services.*

Instructions for Examiner:

1. The syllabus of this paper has been divided into FOUR units.
2. Examiner will set a total of NINE questions comprising two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
3. The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
4. All questions carry equal marks.

Unit I

Quality in Healthcare: Dimensions of quality, parameters to improve quality in healthcare, TQM, Lean Thinking, Six Sigma, Kaizen, Quality Circles

UNIT-II

Certification & Accreditation In Hospitals : ISO,NABH,JCI,JCAHO Programs for Hospital wide Improvement of Services : Statutory Compliance in Hospitals, Patient Safety Management Program , Disaster Management Program in Hospital, Training Program in Hospital ,Patient's Information & Education Program ,Rights and Responsibilities of Patients

Unit III

Quality Management at departmental Level : OT ,Blood Bank ,Inpatient Areas , Intensive Care Unit, CSSD, Medical Gases ,Fire Safety , Outreach Services , Dialysis Service

UNIT-IV

Evaluation of Performance: Approaches to Evaluation of the QMS, Evaluation through Statistical Approach, Evaluation through Medical Audit, Evaluation through Nursing unit, Equipment Audit, Patient Satisfaction Survey.

B.Voc. (Hospital Administration and Management)

Semester: ---- II

Paper Title: Organisational Behaviour
Paper Code: HAM-108 **Credits: 6**

Job Role: ***Patient Relation Executive***

Objective: The objective of studying Organizational Behaviour (OB) is to understand what are the underlying assumptions and causation of behavior of the individuals in the organization and its impact on the achievement of the organizational goals.

UNIT I

Introduction to OB: Contributing fields to OB, OB in the context of globalization. Learning and Behavior Management: Biographical characteristic, ability, job fit, learning theories, process of behavior modification. Values, Attitudes and Job Satisfaction: The Nature and Dimensions of Attitudes, Components of Attitude, Sources and types, Cognitive dissonance theory, Values, Job satisfaction. Perception: Factors Influencing Perception, Perceptual Selectivity, Attribution Theory, Errors in Perception, Rational decision making model, Linkage between Perception and Individual Decision Making.

UNIT -II

Personality: The meaning of Personality, Personality Determinants, Personality Traits, The big five model, Emotional Intelligence. Motivation: Meaning of Motivation, Primary, General Motives and Secondary Motives, Motivation and Productivity, Content and process theories of Motivation. Group Dynamics: Types of Groups, Stages of Group Development: The Five-Stage Model, The Punctuated Equilibrium Model, Teams in the Modern Workplace, Teams vs Groups - Types of Teams, Group decision, making. Communication: Role of Communication, Objectives, Barriers to Effective Communication, Communication Processes, Types of communication, Interactive Communication in Organizations.

UNIT -III

Leadership: Understanding Leadership, Leadership Theories - Trait Theories, Behavioral Theories, Contingency Theories, Leadership Styles - Level 5 leadership, Transactional and Transformational Leadership. Power & Politics: Definitions of Power, Bases of Power, Power Structure and Blocs, Impression Management, Factors that influence political behavior in organizations. Conflict & Collaboration: Sources of Conflict, Types of conflict, Process of Conflict, Individual, Interpersonal, group level conflict, Organizational Conflict, Approaches to Conflict Management.

UNIT - IV

Stress Management: Concept of stress, Sources of stress, Effects of stress on humans, Management of Stress. Management of Change: Importance, Forces responsible for change, Resistance to change, Overcoming resistance to change, Introduction of change in the organization, Organizational Development as a tool for introduction of change. Organizational Design: Various organizational structures and their effects on human behavior, Organizational Climate, Organizational Culture, Organizational Effectiveness.

B.Voc. (Hospital Administration and Management)

Semester: ---- II

Paper Title: Workshop on Hospital Management Information System
Paper Code: HAM-109 **Credits: 6**

Job Role : ***Patient Relation Executive***

Objectives: *To make the learner to understand MIS as a managerial decision making tool and to know the sources and compiling of MIS.*

Instructions for Examiner:

1. The syllabus of this paper has been divided into FOUR units.
2. Examiner will set a total of NINE questions comprising two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
3. The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
4. All questions carry equal marks.

UNIT-I

The Information Explosion: Importance of information, Impact on society, teaching and learning, Government. Impact on Healthcare, The future of healthcare technology, healthcare record keeping, Bio-informatics. Hospital Information system: Role of database in HIS; Need of Networking in HIS; Overview of Networking; topologies and its configuration; Structuring medical records to carry out functions like admissions, discharges, treatment history etc. Computerization in pharmacy & billing; automated clinical laboratory systems & radiology information system.

UNIT-II

The right information: The process of decision making, Literature databases, Searching the literature, Example of unit-based literature, Standards of information seeking, Future consideration. Electronic Health Record: Functions of the health record, Changing functions of the patients record, Advantages and Disadvantages of the paper record, Optically scanned and electronic record, Automating the paper record. Advantages and Disadvantages of the EHR, Bedside or point-or-care systems, Human factors and the EHR, Roadblocks and challenges to EHR implementation, The future of EHR.

UNIT-III

Securing the Information: Privacy and confidentiality and Law, ownership of data, Security - Computer crime, Role of healthcare professionals. Information Systems Cycle: The Information Systems cycle, Analysis, Design phase, Development, Implementation, reasons of project failure. Electronic Communications: History, Hardware and software for connecting, Methods of accessing information, Communication Technologies

UNIT-IV

Tele-health: Terms related to Tele-health, Types of Technology, Clinical and Administrative initiatives, Advantages and Barriers of tele-health, Security in Tele-health, Future trends. The future of Informatics: Globalization of Information Technology, Electronic communication, Knowledge management, Genomics, Advances in public health, Speech recognition, Wireless computing, Informatics

B.Voc. (Hospital Administration and Management)

Semester: ---- III

Paper Title: Human Resource Management

Paper Code: HAM-202 **Credits: 6**

Job Role: ***Patient Relation Executive***

Objectives: *This course intends to develop understanding of the students of concepts, techniques, theories and practices of human resource management in hospital and about the general information of available drugs related issues applicable in hospital industries.*

Instructions for Examiner:

1. The syllabus of this paper has been divided into FOUR units.
2. Examiner will set a total of NINE questions comprising two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
3. The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
4. All questions carry equal marks.

Unit - I

Introduction to HRM, Evolution Of Human Resource Management & its role in Hospitals, Organizing the Human Resource department.

UNIT-II

Manpower Planning, Recruitment, Selection & Induction; Training & Management Development, Wage and Salary Administration

Unit – III

Employees Performance Appraisal; Working Conditions, Safety, Welfare and Employees Health Services; Promotions, Transfers and Resignations

UNIT-IV

Collective Bargaining in Hospitals, Discipline & Disciplinary Action; Human Resource Audit; Human Relations In Hospitals, Teamwork in Hospitals

References:

1. V.S.P. Rao-Resources Management, Excel Publishing

5. Drug Store and Business Management: V.N.Raje: CBS Publishing & Distributors.
6. Hospital Administration and Human Resource Management: D.K. Sharma, R.C. Goyal

B.Voc. (Hospital Administration and Management)

Semester: ---- III

Paper Title: Nursing Administration and Management
Paper Code: HAM-203 **Credits: 6**

Job Role: ***Patient Relation Executive***

Objectives: *To familiarizes the role of nursing and its administration in the existing hospitals & its growth.*

Instructions for Examiner:

1. The syllabus of this paper has been divided into FOUR units.
2. Examiner will set a total of NINE questions comprising two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
3. The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
4. All questions carry equal marks.

Unit - I

Nursing Administration – Nature of nursing, nursing as a profession, Code of ethics, Functions of Professional Nursing, Ethical & Legal obligations of Nurses. Need for Nursing Administration. Nursing Implication of the Patients Rights, Nursing Implication for changes in Healthcare delivery system.

UNIT-II

Planning For hospital nursing services, Philosophy & Objectives of nursing services .Nursing services and Computers. Nursing Service department, Organization & Management of the Nursing Service Unit

Unit - III

Nursing Management – Ward Management, Equipment Management, Modes of organizing patient care or Nursing Care delivery System, Time management in nursing, Nursing Supervision .Application of Administration/Management concepts at Different Levels in hospitals, Role of chief of nursing, role of Supervisor. Evaluation, Accountability in Nursing

UNIT-IV

Discipline in Nursing, Healthcare Economics & Nursing, Clinical Supervision, and Quality Control: Nursing Audit, Nursing Standards, Nursing care Standards in Ward Management, Patient Care Audit, Evaluating the quality of nursing Care. Peer Review, Quality Circles, Risk Management. Staff Development: Types of Staff development, Continuing Education, In Service Education, Staff Development Process, Training Methods & Techniques.

B.Voc. (Hospital Administration and Management)

Semester: ---- III

Paper Title: Hospital Planning and Designing
Paper Code: HAM-204 **Credits: 6**

Job Role: ***Patient Relation Executive***

Objectives: *To provide the knowledge of planning, designing and safety management in hospital services.*

Instructions for Examiner:

1. The syllabus of this paper has been divided into FOUR units.
2. Examiner will set a total of NINE questions comprising two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
3. The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
4. All questions carry equal marks.

UNIT I

PLANNING AND ORGANIZATION OF THE HOSPITALS - Roles of hospital in healthcare-hospital planning and design-outpatient Services the nursing unit-intensive care unit-nursing services-effective hospital management directing and leading-controlling – financial management.

UNIT II

CLINICAL AND ADMINISTRATIVE SERVICES - Radiology and imaging services-laboratory services-operation theatre suite pharmacy central sterile supply department- hospital infection- materials management-evaluation of hospital services.

UNIT III

DESIGNING OF HOSPITAL SERVICES - Engineering department - maintenance management- clinical engineering electrical system- air conditioning system- water supply and sanitary system centralized medical gas system-communication system- solid waste management and transportation.

UNIT IV

HOSPITAL SUPPORT SERVICES AND SAFETY SYSTEMS - Designing support services and safety management -Admitting department- medical records department- food service department laundry and linen service-housekeeping volunteer department- safety in hospital fire safety- Alarm system- disaster management.

4. Madhuri Sharma-Essentials for Hospital Support Services and Physical Infrastructure.

B.Voc. (Hospital Administration and Management)

Semester: ---- III

Paper Title :Workshop on Human Biology & Medical Terminology
Paper Code: HAM-205 **Credits: 6**

Job Role: ***Patient Relation Executive***

Objectives: The student will get a familiarity with medical jargon and human body system so that he can effective member of the operational team.

Instructions for Examiner:

1. The syllabus of this paper has been divided into FOUR units.
2. Examiner will set a total of NINE questions comprising two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
3. The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
4. All questions carry equal marks.

UNIT I

Human Anatomy and Physiology: Basic functions and importance of following system in Human body: Digestive System, Respiratory system, Circulatory system, Central Nervous system, Musculoskeletal system, Reproductive system, Excretory system, Endocrine Glands, Special Senses.

Unit II

Medical Terminology-Reasons for using medical terms-Glossary of medical terms: Major Diseases and Medical specialties.

Unit III

Roots, Prefixes, Suffixes, Abbreviations and symbols-Common roots: element referring to, usage and definition-Common prefixes and suffixes-Common abbreviations: departments, time, general healthcare, routes of medication and laboratory Symbols.

Unit IV

Illness-Defining illness- Direct and indirect causes - Classification and description of diseases. Infection Control: Medical asepsis, Nosocomial infection and communicable diseases, Reservoir, carrier and mode of transmission.

B.Voc. (Hospital Administration and Management)

Semester: ---- IV

Paper Title: Community Health and Management of National Health Programmes
Paper Code: HAM-206 **Credits: 6**

Job Role: ***Duty Manager- Patient Care Services***

Objectives: After completion of community health and management of National health programs module, students will be able to recognize and identify the elements in designing the strategies for health care delivery for community.

Instructions for Examiner:

1. The syllabus of this paper has been divided into FOUR units.
2. Examiner will set a total of NINE questions comprising two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
3. The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
4. All questions carry equal marks.

UNIT-I

Concepts in Health and Disease – Evolution of medicine, public health and community health; Definition of health: the determinants and relative concept; Agent –Host Environmental factors in health and disease, indices used in measurement of health, levels of prevention; Epidemiology of common communicable diseases and chronic non-communicable diseases and condition.

UNIT-II

Health care delivery system in India: Introduction, Demography and Family Planning; Maternal and child health; Urban health; Occupational health; Mental health; Community geriatrics; Essential Medicines and Counterfeit Medicines

UNIT-III

Health Education: Definition, approach in health education, methods, barrier to effective communication, principles of health education; International Health Regulations and International classification of diseases, International Health agencies and organizations: WHO, UNICEF, UNOP, World Bank, UNFPA, CARE, IHO, Notifiable diseases.

UNIT-IV

National Health Programs: Objectives, strategy, achievements, critical analysis; Cancer screening and national cancer control program, National AIDS Control program and NACO, National leprosy eradication program, Universal immunization program, National vector borne disease control program, RNTCP, RCH, National Program for control of blindness, National Health Policies, National Population Policy, National Rural Health Mission.

B.Voc. (Hospital Administration and Management)

Semester: ---- IV

Paper Title : **Introduction To Epidemiology And Bio-Statistics**

Paper Code : HAM - 207

Job Role : ***Duty Manager- Patient Care Services***

Objective: The aim of the course is to impart skills and competencies in evaluation of screening process, statistical/epidemiology methods and epidemiologic studies.

Instructions for Examiner:

1. The syllabus of this paper has been divided into FOUR units.
2. Examiner will set a total of NINE questions comprising two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
3. The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
4. All questions carry equal marks.

UNIT-I

A General Epidemiology and Epidemiological methods: Definitions, concept and evolution of epidemiological concept, Aims of epidemiology, measurement of morbidity and mortality, methods of epidemiology, uses of epidemiology data, association and causation screening, immunity, investigation of an epidemic.

UNIT-II

Environmental Sanitation and Health aspects: Definition of environment; Water: water borne diseases, water pollution methods of purification, water quality, Air-pollution indicator and precaution, radiation: hazards and prevention, lighting, noise, housing standards. Disposal of wastes and Hospital waste management. Nutrition and Health: Classification and sources of various nutrients, requirements, assessment, nutritional diseases; Genetics and Health: Basic principles, genetic predisposition, prevention and social measure, Disaster Management.

Unit – III

Biostatistics: Definition, scope and uses of biostatistics and medical research collection, classification and presentation of statistical data, sources and user of statistics, sampling, numerical summaries (proportions, means, SD, Median and percentile), Graphical summaries

Unit – IV

Health statistics and health information system in India: Methods of registration – fallacies/ difficulties, samples registration schemes, common rates and ratios, normal curve and Poisson distribution, Hypothesis testing, test of significance, normal test, 't' test and chi-square test.

B.Voc. (Hospital Administration and Management)
Semester: ---- IV

Paper Title: Service Marketing
Paper Code: HAM - 208
Job Role : ***Duty Manager- Patient Care Services***

Objective: The objective of this course is to enhance the marketing skills of the student with special reference to Hospital Services marketing.

Unit I

Fundamentals for Service Marketing : Introduction : Why service Marketing ,What are Services, Characteristics of Services ;Consumer Behavior in Services,

Unit II

Consumer Expectations of services , Customer Perception of Services, Building Customer Relationship. Service Recovery, Service Innovation & Design

Unit III

Employees & Customer 's role in service delivery .Role of Intermediaries & Electronic Channels .Managing Demand & Capacity.

Unit IV

Managing Service Promises,Pricing Strategies .The Financial & Economic Impact of Services.

B.Voc. (Hospital Administration and Management)

Semester: ---- V

Paper Title: Hospital Material Management
Paper Code: HAM-303 **Credits: 6**

Job Role: ***Duty Manager- Patient Care Services***

Objectives: *The purpose of this course is to learn the specific methods of materials planning, purchasing, processing, stocking and dispensing including equipment purchasing and maintenance.*

Instructions for Examiner:

1. The syllabus of this paper has been divided into FOUR units.
2. Examiner will set a total of NINE questions comprising two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
3. The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
4. All questions carry equal marks.

Unit I

Materials Management - Introduction, Definition and Function, Goals and Objectives of Materials Management, Materials Cycle, Functions of Materials Manager, Problems and Issues in Hospitals, Information Systems for Materials Management

UNIT II

Purchasing - Objectives and Elements of Purchasing, Purchasing System, Purchasing Cycle, Purchase Procedures, Legal and Ethical Aspects, Conditions of Contract, Financial Rules, Arbitration **Equipment Purchase and Maintenance -** Planning and Selection of Equipment, Import of Equipment, Equipment Utilization and Operation, Equipment Repair and Maintenance, Equipment Audit

Unit III

Inspection, Storage and Distribution of Materials - Planning Consideration of Stores, Inspection and Verification of Materials, Storage of Materials, Distribution of Materials, Condemnation and Disposal.

Unit IV

Scientific Inventory Management - Codification and Standardization, Value Analysis, Inventory Control, Lead Time, Safety Stock and Reorder Level, Economic Order Quantity (EOQ)
Selective Controls, Case Studies on Inventory Control

B.Voc. (Hospital Administration and Management)

Semester: ---- V

Paper Title: Market Research & Consumer Behaviour in Healthcare
Paper Code: HAM-304
Job Role: Duty Manager- Patient Care Services

Objectives: The course is intended to help students get acquainted with various research concepts, techniques and procedures and to develop their ability to conduct, evaluate, use and present research findings with special reference to Health services. The course will also help students to understand the various factors affecting consumer behavior and to understand the process of consumer buying for Health services.

UNIT – I

Introduction to Consumer Behavior: Introduction, Applications of consumer behavior, Consumer behavior and marketing strategy, Situational characteristics and consumption behavior, Consumer decision making process, Post purchase behavior.

UNIT -II

Factors Influencing Consumer Behavior: Consumer specific factors influencing buying behavior, psychological processes (motivation, perception, learning and memory) affecting consumer behavior, the buying motive, high involvement and low involvement buying situations, Consumer behavior in adapting new products, participants in buying decisions. Group influence- Definition, types of group (primary, secondary, formal etc.), Family influence, roles, FLC application.

UNIT -III

Introduction to Marketing Research: Meaning, scope and importance of marketing research, Defining the market research problem and developing an approach, Research design formulation, Rating Scales Juster, Likert, Semantic Differential, Thurston, Attitude Scales. Preparing a written research report, organization of the report, Ethical issues in marketing research.

UNIT - IV

Consumer behavior for Hospital services. Case studies on Consumer behavior for Hospital services. Applications of marketing research in Hospital industry: Research design classification, Product research- developing products, Specifications and attributes, Concept of test marketing. Advertising research, Market and sale analysis research, Sales forecasting, Demand measurement.

B.Voc. (Hospital Administration and Management)

Semester: ---- V

Paper Title: Workshop on Healthcare Insurance
Paper Code: HAM-305 **Credits: 6**

Job Role: ***Duty Manager- Patient Care Services***
Objectives: To familiarize the students with concept of health insurance, its scope and applicability.

Instructions for Examiner:

1. The syllabus of this paper has been divided into FOUR units.
2. Examiner will set a total of NINE questions comprising two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
3. The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
4. All questions carry equal mark

UNIT-I

A Health Insurance for Individual & Group: Standard/Individual, Floater, Critical illness, Cancer Insurance, Group Health insurance, Cradle care insurance, Road safety Insurance. Coverage's, Exclusions, limitations, terms & conditions, Role of Third Party Administrator for settlement of claim

UNIT- II

Special problems in Health Insurance: Adverse selection, moral hazard, co-variate risks, information gap problems; Mediclaim Scheme: Premium, Penetration, Problem in Coverage.

UNIT-III

Insurances for Hospital/ Medical establishments: Health Insurance: Uni-Heart care insurance, Trauma care group insurance, Coverages, Exclusions, limitations, terms & conditions. Liability Insurance: Meaning of Liability, special features of liability insurance, Professional Indemnity insurance for Doctors, Medical establishments and Liability insurance for hospitals, Coverages, Exclusions, limitations, terms & conditions

UNIT- IV

Contemporary issues in Health Insurance: Foreign investment in Indian Insurance Sector, Insurance sector and supervisory approaches, Changing market structure and emerging opportunities, reforms and emerging economic environment for Health Insurance.

B.Voc. (Hospital Administration and Management)
Semester: ---- VI

Paper Title: Management & Organization of Medical Records

Paper Code: HAM-306 **Credits: 6**

Job Role: ***Hospital Administrator***
Objectives: This course is aimed at developing awareness among students regarding concept of location, layout and the infrastructure and staff requirements. They are expected to develop general procedures and policies for management of super specialty services.

Instructions for Examiner:

1. The syllabus of this paper has been divided into FOUR units.
2. Examiner will set a total of NINE questions comprising two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
3. The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
4. All questions carry equal marks.

UNIT I

Medical Record organization & procedures: Role of medical records in healthcare delivery, General medical records standards and policies, legal aspects of medical records and electronic health records

UNIT II

Medical Record procedures: Medical Audit, International Classification of diseases -10, Organization and Management of medical record department

UNIT III

Medical Record procedures II: Central registration & appointment section, outpatient clinic, Accident & emergency service, admissions office, ward, processing of outpatient & inpatient records, Hospital statistics, filling & retrieving of patient files, medical record library journal

UNIT IV

Development & Implementation of Electronic Health Records: Challenges in hospital IT & networking design, Tips for evaluation of electronic health record software, Roadmap for successful implementation of HER, Amalgamation of Manual Record with Electronic Health Records, Implementation of personal health record

B.Voc. (Hospital Administration and Management)

Semester: ---- VI

Paper Title: Management Of Supportive Services In Hospitals

Paper Code: HAM-307 **Credits: 6**

Job role: Hospital Administrator

Objectives: The students are expected to appreciate need and functions of support departments as well as the physical facilities required.

Instructions for Examiner:

1. The syllabus of this paper has been divided into FOUR units.
2. Examiner will set a total of NINE questions comprising two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
3. The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
4. All questions carry equal marks.

UNIT-I

Administrative Services: Hospital Security Services , Hospital Transportation System ,Hospital Equipments Management Public Relations in Hospital , Mortuary Services of Hospital, Public Relation Department, Marketing Department.

Unit - II

Supportive Services: Admitting department, Medical Records Department (MRD), Central Sterilization & Supply Department (CSSD), Pharmacy, Materials Management, Food Services Department, Laundry & Liner Services, Housekeeping,.

Unit - III

Public Areas/Staff Facilities: Entrance/lobby, Waiting area, Gift shop/Book Shop/Florist, Coffee Shop cum Snacks Bar, Meditation/Quiet room, Staff facilities; Management of Hospital Parking and Traffic Control

UNIT-IV

Utility Services: Hospital Engineering Department, Maintenance Department, Clinical (Biomedical Engineering), Electrical System, Air Conditioning System, Water supply and sanitary system, Centralized Medical gas system, Communication system. Environment Control, Solid Waste Management.

B.Voc. (Hospital Administration and Management)

Semester: ---- VI

Paper Title: Research Methodology
Paper Code: HAM-308 **Credits: 6**

Job Role: ***Hospital Administrator***

Objectives: *At the end of this course, the students will be able to Design research methods, collect and analyze data, Prepare research report and independently conduct research in their field of study / area of work.*

Instructions for Examiner:

1. The syllabus of this paper has been divided into FOUR units.
2. Examiner will set a total of NINE questions comprising two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
3. The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
4. All questions carry equal marks.

Unit I

Introduction, Research Planning and Design Meaning, Purpose, Types and Methods of Research Research Process Steps in Research Planning Problems: Components, Selecting and Defining Problem Purpose, Objectives and Hypothesis Research Strategies Ethical Aspects in Health Research Economic Considerations Data Collection Plans: Questioning, Information Gathering and Sources Plans for Analysis of Data Proposal Writing Research Design in case of different researches

Unit II

Sampling Methods Census Vs Sampling Universe, Sampling Frame, Sampling Design, Errors, Precision and Confidence Level Principles of Sampling Steps in Sampling Design Systematic Bias & Causes of Bias Types of Sampling Design Merits and Limitations of Sampling 560

Data Collection Primary and Secondary Data Methods of Collecting Primary Data: Questioning and Observation Prerequisites / Basic Tenets of Interviewing Designing a Questionnaire Pre-testing / Pilot Study

Unit III

Data Analysis : Biostatistics Functions, Scope and Limitations Presentation of Data Measures of Central Tendency Measures of Variation Correlation and Regression Analysis Forecasting and Time Series Analysis Probability Sampling Estimating of Parameters Tests of Hypothesis Chi Square Test Statistical Quality Control

Unit IV

Interpretation and Report Writing Reasons, Techniques and Precautions in Interpretation Significance of Report Writing Steps in Report Writing Layout of a Research Report Types of Reports University Prescribed Guidelines Precautions

B.Voc. (Hospital Administration and Management)

Semester: ---- VI

Paper Title: Workshop on Bio Medical Waste
Paper Code: HAM-309 **Credits: 6**

Job Role:*Hospital Administrator*

Objectives: *The Objective of the Course is to familiarize the learner with the importance, techniques and the procedures involved in the management of Hospital Waste.*

Instructions for Examiner:

1. The syllabus of this paper has been divided into FOUR units.
2. Examiner will set a total of NINE questions comprising two questions from each unit, including Question No. 1 (compulsory) of short answer type covering the whole syllabus.
3. The students are required to attempt one question from each unit and the entire Compulsory Question No. 1.
4. All questions carry equal marks.

UNIT-I

Hospital Hazards: Meaning – Types – Physical–Biological Mechanical – Psychological – Its Impact on Employees – Preventive measures. Hospital Hazards Management: Meaning – Need – Principles – Purpose.

UNIT II

INDECTION Control of Hospital Acquired Infection: Types of Infection – Common Nosocomial Infection and their Causative Agents – Prevention of Hospital Acquired Infection – Role of Central Sterile Supply Department – Infection Control Committee – Monitoring and Control or Cross-Infection – Staff Health.

UNIT-III

Biomedical Waste Management: Meaning – Categories of Biomedical wastes – Disposal of biomedical waste products – Incineration and its importance – Standards for Waste Autoclaving, Micro Waving and Deep Burial – Segregation – Packaging – Transportation – Storage.

UNIT IV

Human Waste Disposal and Sewage Disposal: Diseases carried from excreta – Sanitation barrier – Methods of Excreta disposal – Sewage wastes: Meaning – Composition – Aims of Sewage disposal – Decomposition of Organic Matter – Modern Sewage Treatment – Drawbacks of improper disposal of wastes – Solid and liquid.
