Social Work and Field Interventions

Session 2020-21

Certificate Course in "Social Work and Field Interventions"

The objective of this certificate programme is to train a cadre of graduate professionals interested in working in various social settings. This course tries to promote a sense of social responsibility and commitment towards the needy, vulnerable and the marginalized sections of society. Field practicum is an important component of this certificate course. Field work comprises of working with the social welfare agencies, Non government agencies, Government agencies or any organizations which involves helping individuals, groups or communities to enhance their social functioning or to enable them to cope with problems. The purpose of social work practicum is to prepare students for social work practice by providing them opportunities to integrate knowledge with practice thus preparing them to become professional social workers. With this backdrop the objectives of this course are:

Objectives of the Course

- To acculturate students to the social work profession, including its history, purpose, values, code of ethics, and commitment to social service.
- To create space and demonstrate humanitarian initiatives that addresses specific issues of marginalized people.
- To prepare students for social work practice by providing them opportunities to integrate knowledge with practice at diverse settings .

It is intended that the candidates completing this programme of study should be able to:

- Understand social work as a profession values, principles and ethics of professional social work;
- Understand the various theoretical perspectives on Social Work;
- Develop accurate and complete knowledge about primary and secondary methods of Social Work;
- Develop skills and techniques so that they are capable of providing professional services after the completion of this course.

Duration of the Course:

The course will be of about **Six months**, starting from July to December Session. It will try to give both theoretical and field work experiences to the enrolled students. Out of the six months the classroom teaching is of one and a half month duration and the remaining will comprise of Five orientation visits to various organizations conducted and guided by the Centre for Social Work and placement of the students in various organizations for field work training for three complete months. The last month will comprise of presenataions, report submissions and theory as well as practical examinations.
