## Social Work and Field Interventions

## Session 2022-23

**"Certificate Course in "Social Work and Field Interventions"**

The objective of this certificate programme is to train a cadre of graduate professionals interested in working in various social settings. This course is promoting a sense of social responsibility and commitment towards the needy, vulnerable and the marginalized sections of society. Field practicum is an important component of this certificate course. Field work comprises of working with the social welfare agencies, Non government agencies, Government agencies or any organizations which involves helping individuals, groups or communities to enhance their social functioning or to enable them to cope with problems. The purpose of social work practicum is to prepare students for social work practice by providing them opportunities to integrate knowledge with practice thus preparing them to become professional social workers. With this backdrop the objectives of this course are:

**It is intended that the candidates completing this programme of study should be able to:**

- Understand social work as a profession values, principles and ethics of professional social work;
- Understand the various theoretical perspectives on Social Work;
- Develop accurate and complete knowledge about primary and secondary methods of Social Work;
- Develop skills and techniques so that they are capable of providing professional services after the completion of this course.

**Duration of the Course:**

The course will be of about Six months, starting from July to December Session. It will give both theoretical and field work experiences to the enrolled students. Out of the six months, the classroom teaching is for two months duration (approx) which is also comprised of eight orientation visits to various organizations. No conveyance/travelling facility shall be provided to any on the students for these Field Visits/Orientation/Internship etc. All the travel expenses have to be spent by the students themselves.. Remaining part of the course will be for Internship, Theory & Practical Examination.
