SOC O 821: STRUCTURAL MOORINGS OF GENDER OPPRESSION

Objective

The course aims at understanding the social-structural underpinnings of gender oppression persisting in India and worldwide. The agenda of gender empowerment fails to yield the desired outcomes because of structural impediments which are, nevertheless, difficult to overcome. On the one hand, there is the socially given identity of 'otherness' of the woman and on the other, there are contested spaces and processes of self-identity formation. Various contemporary issues, perspectives and challenges in feminist scholarship, movements, agency and empowerment will be explored in a holistic framework through the course.
