Botany

(SEMESTER – I)

Course Title: NURSERY AND GARDENING **Course Code: BOT-VAC-1-101**

Learning Outcome:
1. To enable students to gain knowledge of gardening.
2. To make the students familiar with planting and seasonal activities in nursery.
3. To develop interest in nature and plant life.

Max. Marks: 50 **Course Credits =** 2

1. Theory: 50 Written Exam: 45 Internal Assessment: 5

Periods per week: Theory- Three of 45 minutes duration (Two hours)

Instructions for Paper Setters:

Question Paper will have two units. Students will attempt **five** questions out of total seven comprising of one **COMPULSORY** question consisting of 9 questions having 5 MCQ and 4 fill in the blanks of one mark each covering the whole syllabus. Units 'I' and 'II' will have three questions of 9 marks each and two questions are to be attempted out of each unit.

Instruction Aids: Teachers can use lecture, lecture cum demonstration, project, assignments, problem solving, inductive and deductive methods, and can use L.C.D., L.E.D., Multimedia projector in addition to black/white board.

UNIT – I 15 Hours

Nursery: Definition, objectives, components, scope and building up of infrastructure for nursery.
Planning and seasonal activities, Planting - direct seeding and transplants.
Nursery Management and Routine Garden Operations.

UNIT – II 15 Hours

Gardening: Definition, objectives and scope - different types of gardening.
Landscape and home/ terrace gardening, parks and its components, plant materials and design.
Gardening operations: soil laying, manuring, watering, management of pest and diseases and harvesting. General account of bonsai technique.

Suggested Readings:

1. Bose T.K. & Mukherjee, D., 1972, Gardening in India, Oxford & IBH Publishing Co., New Delhi.
2. Gardening in India- Perey Lancaster (1997) Oxford and IBH Publishing Co. Pvt. Ltd, New Delhi.
3. Complete Home Gardening- Dej, S. C. (2003) Agrobios, Jodhpur, India.
4. Horticulture and Gardening- Khan M. R. (1995) NiraliPrakashan, Pune, India.
5. Gardening for everyone- PramilaMehra. Hand pocketbook private limited, New Delhi

(SEMESTER – II)

Course Title: **BIODIVERSITY AND CONSERVATION** **Course Code: BOT-VAC-2-201**

Learning Outcome: This course intends to make students aware of basic aspects of Biodiversity and its conservation.

Max. Marks: 50 **Course Credits =** 2
Theory: 50 Written Exam: 45 Internal Assessment: 5

Periods per week: Theory- Three of 45 minutes duration (Two hours)

Instructions for Paper Setters:

Question Paper will have four units. Students will attempt **five** questions out of total seven comprising of one **COMPULSORY** question consisting of 9 questions having 5 MCQ and 4 fill in the blanks of one mark each covering the whole syllabus. Units 'I' and 'II' will have three questions of 9 marks each and two questions are to be attempted out of each unit.

Instruction Aids: Teachers can use lecture, lecture cum demonstration, project, assignments, problem solving, inductive and deductive methods, and can use L.C.D., L.E.D., Multimedia projector in addition to black/white board.

UNIT – I **15 Hours**

Biodiversity: Definition and levels of biodiversity (species, genetic and ecosystem diversity) Measuring Biodiversity (alpha, beta and gamma), Values and uses of Biodiversity: Threats to biodiversity- Causes for Loss of Biodiversity, Hot spots of Indian Biodiversity, Biodiversity Act,2002, Convention on Biological Diversity (CBD)

UNIT – II **15 Hours**

Conservation of Biodiversity: IUCN Red list categories of biodiversity, In-situ (Biosphere Reserves, National Parks, Wildlife Sanctuary) and Ex-situ (Botanical gardens, zoological gardens, gene banks and tissue culture), Strategies of Biodiversity Conservation, Sacred Groves (holistic approach of conservation) Biodiversity awareness programmes, Organizations associated with biodiversity management-Methodology for execution-IUCN, UNEP, UNESCO, WWF, NBPGR.

Suggested Readings:

1. Sharma P.D. 2019. Plant ecology and phytogeography, Rastogi Publications, Meerut.
2. Singh, J. S., Singh, S.P. and Gupta, S. (2006). Ecology, Environment and Resource Conservation. Anamaya Publications, New Delhi.
3. Krishnamurty, K.V. (2004). An advanced Text Book of Biodiversity- Principles and Practices. Oxford and IBH Publications Co. Pvt. Ltd. New Delhi.
4. Pandey S.N. and Misra, S.P. (2016) Environment and Ecology. Ane Books Pvt. Ltd. New Delhi.

(SEMESTER – IV)

Course Title: **PLANTS AND HUMAN WELFARE** **Course Code: BOT-VAC-3-401**

Learning Outcome:
1. To enable students to recognize the botanical significance of plants in everyday life.
2. To make the students familiar with economic importance of diverse plants that are resources to human life.
3. To develop interest in nature and plant life.

Max. Marks: 50 **Course Credits =** 2
Theory: 50 Written Exam: 45 Internal Assessment: 5

Periods per week: Theory- Three of 45 minutes duration (Two hours)

Instructions for Paper Setters:

Question Paper will have four units. Students will attempt **five** questions out of total seven comprising of one **COMPULSORY** question consisting of 9 questions having 5 MCQ and 4 fill in the blanks of one mark each covering the whole syllabus. Units 'I' and 'II' will have three questions of 9 marks each and two questions are to be attempted out of each unit.

Instruction Aids: Teachers can use lecture, lecture cum demonstration, project, assignments, problem solving, inductive and deductive methods, and can use L.C.D., L.E.D., Multimedia projector in addition to black/white board.

UNIT – I **15 Hours**

Everyday Plants and Their Roles in Daily Life (botanical name, family, part used and uses)
Plants as food: Major cereal (Wheat), Minor cereal (Oat), Millet (Foxtail Millet)
Plants as spices: Clove and Black Pepper
Plants as medicine: Neem, Amla
Plants as Fibres: Cotton, Jute
Plants as Beverages: Tea, Coffee

UNIT – II **15 Hours**

Role of plants in relation to Human Welfare:
Microgreen – What & How to grow microgreen& its importance.
Phytoremediation
General account of Petroplants and Biodiesel.
Role of plants in combating indoor pollution.
Bioinsecticides: Source of Pyrethrum and Rotenone
Economic and ecological Importance of agro and social forestry

Suggested Readings:

1. Pandey P and Choudhary S, Plants for human welfare, 1st Edition, Atharva publications, New Delhi, India, 2008.
2. Sharma OP, Plants and Human Welfare, 1st Edition, PragatiPrakashan Publications, Meerut, India, 2015.
3. Singh, V., Pande, P.C., Jain, D.K. 2018. Economic Botany, Rastogi Publications.
4. Daubenmire, R.F. Plants & Environment (2nd Edn.,) John Wiley & Sons., New York 22
5. Wickens, G.E. 2001. Economic Botany: Principles and Practices, Springer.

Chemistry

Semester	**I**
Code of Paper	**CHM-VAC-1**
Title of Paper	**Understanding Household Products**
Total Credit	**02 (Theory)**
Total Marks	**50**
Marks distribution	**End semester = 45** **Internal Marks = 05**
Contact Hours	**2 Hrs. per week**
Applicable to all the students from humanities/Arts/Commerce, etc., backgrounds	
LEARNING OUTCOMES SPECIFIC TO DISCIPLINE By the end of this course, students will be able to: 1. Identify the chemical composition and health effects of everyday products like toothpastes, soaps, detergents, and cosmetics. 2. Explain the types and roles of food additives and assess their health impacts. 3. Understand the chemistry of cooking. 4. Understand the concept of water purification.	
GENERIC OUTCOMES By the end of the course, students will be able to: 1. Apply scientific knowledge to evaluate the safety and impact of common chemical products. 2. Cultivate a sense of environmental responsibility and understand the role of individual actions in pollution control and sustainable living.	

Semester-1
CHM-VAC-1
Understanding household products

End semester = 45	**Credits - 02**
Internal Marks = 05	**Contact Hours – 2/week**
Examination Time allowed	**3 Hours**

Unit I: Understanding daily products (15hours)

Cleansing Agents: Composition and health effects of toothpaste.

Soaps:Basic chemical compositions of soap– Hard and soft soaps.Detergents (classification and examples) – Cleansing action - Advantages and disadvantages of soaps and detergents.Laundry detergents (Classification as organic and inorganic builders), Difference between soaps and detergents.**Shampoos**: Different kinds of shampoos (Antidandruff, anti-lice, herbal and baby shampoos) and their main active compounds

Cosmetics: Moisturisers, Eyebrow pencils and eyeliners. Hair products for bleaching and colouring.Talcum powder, perfumes and deodorants (composition and health effects).

Shaving Creams and Foams: Composition and Health Effects

Dry Cleaning: Chemical agents used and their environmental significance

Unit II: Understanding Kitchen products(15 hours)

Physical and chemical changes, stability of nutrients during cooking, caramelisation, Maillard browning, emulsification (mayonnaise, sandwich spread, etc)

Microwave and conventional cooking.Effect on food and nutrients.

Butter, margarine and Cooking Oil: Saturated and unsaturated fatty acids, hydrogenation of oil, trans and cis fatty acids.

Oxidation and food quality, Acid-basereactionsin cooking (baking, etc), Effect of salt on food.

Water Purification: RO and UV-light treatment methods.Effect on TDS and effective limits for good health.

Books/Literature suggested

1. B. K. Sharma, Industrial Chemistry, Krishna Prakashan Media, 1991.
2. M. S. R. Winter, A Consumer's Dictionary of Cosmetic Ingredients, 7th Edn., Three Rivers Press, New York, 2009.
3. Drugs and Pharmaceutical Sciences Series, Marcel Dekker, Vol. II, INC, New York.
4. Analysis of Foods – H.E. Cox: 13. Chemical Analysis of Foods – H.E.Cox and P earson.
5. Foods: Facts and Principles. N. Shakuntala Many and S. Swamy, 4th ed. New Age International (1998) 6
6. Handbook on Fertilizer Technology by Swaminathan and Goswamy, 6th ed. 2001, FAI.

Instructions for the examiner

1. The examiner will set the question paper comprising **UNIT-1** and **UNIT-2** and a **compulsory Unit**.
2. The **UNIT-1**and**UNIT-2** will have two questions each of **15 marks**. Each question shall have 3-4 questions as sub-parts equally distributed within the syllabus of the respective unit.
3. The **compulsory unit**(of **15 marks**) will consist of two types of questions:**5 multiple-choice questions**of one mark each and**5 short-answer** type questions of two marks each.

Instructions for students

1. The students will attempt **three questions in all:** the compulsory question and one question each from the UNIT-1 and UNIT-2.
2. The use of scientific calculators is not allowed.

Semester	**II**
Code of Paper	**CHM-VAC-2**

Semester	**IV**
Code of Paper	**CHM-VAC-3**
Title of Paper	**Understanding Food and Adulteration**
Total Credit	**02 (Theory)**
Total Marks	**50**
Marks distribution	**End semester = 45** **Internal Marks = 05**
Contact Hours	**2 Hrs. per week**
Applicable to all the students from humanities/Arts/Commerce etc. background	

LEARNING OUTCOMES SPECIFIC TO DISCIPLINE

By the end of this course, students will be able to:

1. Understand the concept of food adulteration, its types, and the health risks involved.
2. Identify common adulterants in food items and apply basic detection methods.
3. Gain awareness of food safety laws, especially the Food Safety and Standards Act (FSSA), 2006.
4. Recognise the role of agencies like FSSAI, AGMARK, and ISI in ensuring food quality.
5. Promote responsible consumer behaviour related to food safety and quality.

GENERIC OUTCOMES

By the end of the course, students will be able to:

1. Understand the importance of food safety and the concept of food adulteration.
2. Identify harmful adulterants in common food items.
3. Be aware of key food safety regulations and consumer protection measures.

Semester-4
CHM-VAC-3
Understanding Food and Adulteration

End semester = 45	**Credits - 02**
Internal Marks = 05	**Contact Hours – 2/week**
Examination Time allowed	**3 Hours**

Unit I: Adulteration of food(15hours)

Adulteration – Definition – Types: Poisonous substances, Foreign matter, Cheap substitutes, Spoiled parts. Adulteration through Food Additives – Intentional and Incidental.General Impact on Human Health.

Means of Adulteration Methods of Detection of Adulterants in the following Foods: Milk, Coffee, Oil (Ghee), Grain(pulses), Sugar, Spices (Chilli powder, turmeric, coriander) and condiments, Processed food, Fruits and Vegetables.

Unit II: Laws and Standards on Adulteration(15 hours)

Basic Highlights of Food Safety and Standards Act 2006 (FSSA) –Food Safety and Standards Authority of India–Rules and Procedures of Local Authorities.

Role of voluntary agencies such as Agmark, I.S.I. Quality control laboratories of companies, Private testing laboratories, and Quality control laboratories of consumer cooperatives.

		Any Semester	**Mandatory Value Added Course**	**ENVIRONMENT SCIENCE***	**2**	**2**			50

SEMESTER- 1
Paper Code: - HRD-VAC-1-101
Understanding Human Rights

Maximum Marks	**: 50 marks**
Theory	**: 45 marks**
Internal Assessment	**: 5 marks**
Level of Course	**: L-100**

Course Objectives: The aim of the course is to create awareness about human rights for beginners.
Learning Outcomes: The students will be able to get an overview about the foundations of human rights at the end of this course

Pedagogy of the Course: Lectures, assignments, presentations, field visits, documentaries, other media role-play etc.

Duration of the Course: The course will be of 2 credits with 30 hours of lectures.

Instructions for Paper Setters and Candidates

1. The Syllabus has been divided into two units.
2. There shall be 7 questions in all.
3. The first question shall be short answer type containing 08 short answer type questions spread over the whole syllabus and each to be answered in about 25 to 30 words. The candidate is required to attempt any 5 short answer type questions i.e., 3 marks of each. It shall carry 15 marks and shall be compulsory question.
4. Rest of the paper shall contain 2 units and each unit shall have two questions and the candidates shall be given internal choice i.e., the candidates shall attempt one question from each. All questions shall carry 15 marks.

Course Contents

Unit I: Introducing Human Rights

a. Understanding the idea of Human Rights through a walkthrough of the historical, philosophical and cultural premises *Indian Constitution and Human Rights*
b. Developing in-depth insight into the constitutional, statutory and institutional aspects of human rights protection in India.

Unit II: United Nations and Human Rights – Recognizing and interpreting

a. United Nations international human rights law
b. Human Rights: What you can do – Capacity building for respecting , defending and promoting human rights

SEMESTER-2
Paper Code: - HRD-VAC-2-201
Right to Information and Human Rights

Maximum Marks : 50 marks
Theory : 45 marks
Internal Assessment : 5 marks
Level of Course : L-100

Course Objectives: The aim of the course is to create awareness about right to information.

Learning Outcomes: The learner's will be able to understand the salient features of filing of RTI.

Pedagogy of the Course Work: Lectures, assignments, presentations, group work, documentaries and other media, role-play etc.

Duration of the Course: The course will be of 2 credits with 30 hours of lectures.

Instructions for Paper Setters and Candidates

1. The Syllabus has been divided into two units.
2. There shall be 7 questions in all.
3. The first question shall be short answer type containing 08 short answer type questions spread over the whole syllabus and each to be answered in about 25 to 30 words. The candidate is required to attempt any 5 short answer type questions i.e., 3 marks of each. It shall carry 15 marks and shall be compulsory question.
4. Rest of the paper shall contain 2 units and each unit shall have two questions and the candidates shall be given internal choice i.e., the candidates shall attempt one question from each. All questions shall carry 15 marks.

Course Contents

Unit I : Introduction to Right to Information

a. Genesis of RTI movement in India

b. Overview of RTI, Act 2005–Explanation of important concepts/Terms in the RTI Act/ Exemptions of from Disclosure of Information/Partial Disclosure/Third Party Information

Unit II :Public Authorities and their Obligations under the Act

a. Role of Public Information Officers

b. First Appeals and Appellate Officers, Information Commissions: Powers and Functions

c. RTI Learning Drafting Skills: Group Exercise for hands on experience to file RTI

Defence and Strategic Studies

SEMESTER –I

Value Added Course (VAC-1)
Course Code: (DEF- VAC-1 -101)

Course Title: Science, Technology & Defence
(Instructions for the Paper Setter and the Students)

Course Duration : 30 hrs(2 hours ofteaching per week for 15 weeks= 01 semester)
Credits : 2 Credits
Maximum Marks : 50 marks (Theory: 45 marks + Internal Assessment: 05 marks)
Time : 3 hours

Course Objectives:
The paper is designed to acquaint the students with the modern developments in the field of science and technology in context of Defence.

Pedagogy of the Course Work:
90% Lecturers (including expert lectures)
10% Unit Tests, Snap Tests, assignments, attendance and class room participation

Note:
1. The Syllabus has been divided into two (2) units.
2. There shall be 5 questions in all.
3. The first question shall be short answer type containing 08 short be answered in about 25 to 30 words. The candidate is required to attempt any 5 short answer type questions i.e. 3 marks of each. It shall carry 15 marks and shall be compulsory question.
4. Rest of the paper shall contain two (2) units and each unit shall have two questions and the candidates shall be given internal choice i.e. the candidates shall attempt one question from each. All questions shall carry 15 marks.
5. For the private/distance education candidates, who have not been assessed earlier for internal assessment, the marks secured by them in theory paper will proportionately be increased to maximum marks of the paper in lieu of internal assessment.

The paper setter must put note (5) in the question paper

Unit-I
Relevance of Science and Technology in Defence
Military Technologies and their Impact on Land, Sea and Air warfare

Unit-II
History and Development of Nuclear Technology in India
Growth and Development of Space Programme in India

Suggested Readings
1. B. S. Nanda, Science Technology in India's Transformation, (New Delhi, Concept, 1986)
2. D. M. Desoutter, Aircraft and Missiles: What They Are, What They Do and How They Work,(London, Faber, 1989)
3. Gerald Wendt, Prospects of Nuclear Power and Technology, (Van Nostrand,1957)

4. J. N. Nanda, Science and Technology in India's transformation, (New Delhi, Concept Pub. Co,1986)
5. Jayanta Kumar Ray, Security in the Missile Age, (New Delhi, Allied Publishers, 2006)
6. Joseph A. Angelo Jr., Nuclear Technology (New Delhi, Pentagon Press, 2009)
7. Macacy Kannets, Technology in World Arms and Armour, (London, 1961).
8. Michael O. Hanlon, Technology Change and the Future of Warfare, (New Delhi, Manas Publication, 2005)
9. Paul Leventhal, Sharon Tanzer and Steven Dolley, Nuclear Power and The Spread of Nuclear Weapons: Can we have one without the other? (Brassey's, 2002).
10. Samir K. Sen, Military Technology and Defence Industrialization, (New Delhi, Manas Publications, 2000).
11. U. R. Rao, India's Rise as a Space Power, (New Delhi, Cambridge University Press, 2011).

SEMESTER –II

Value Added Course (VAC-2)
Course Code: (DEF- VAC-2 -201)

Course Title: Emerging Technologies and their Relevance in Defence
(Instructions for the Paper Setter and the Students)

Course Duration : 30 hrs(2 hours of teaching per week for 15 weeks= 01 semester)
Credits : 2 Credits
Maximum Marks : 50 marks (Theory: 45 marks + Internal Assessment: 05 marks)
Time : 3 hours

Course Objectives:
The paper is designed to make aware the students about the emerging technologies and possible impact these technologies may bring in the modern day warfare.

Pedagogy of the Course Work:
90% Lecturers (including expert lectures)
10% Unit Tests, Snap Tests, assignments, attendance and class room participation

Note:
1. The Syllabus has been divided into two (2) units.
2. There shall be 5 questions in all.
3. The first question shall be short answer type containing 08 short be answered in about 25 to 30 words. The candidate is required to attempt any 5 short answer type questions i.e. 3 marks of each. It shall carry 15 marks and shall be compulsory question.
4. Rest of the paper shall contain two (2) units and each unit shall have two questions and the candidates shall be given internal choice i.e. the candidates shall attempt one question from each. All questions shall carry 15 marks.
5. For the private/distance education candidates, who have not been assessed earlier for internal assessment, the marks secured by them in theory paper will proportionately be increased to maximum marks of the paper in lieu of internal assessment.

The paper setter must put note (5) in the question paper

Unit-I

Rockets & Missiles: Technological Development & Classification
Modern trends in Information and Communication Technology (ICT)

Unit-II

Artificial Intelligence: Concept & Relevance in Defence
Arms & Armament Technology:
a) Armoured vehicles: Tanks and Armoured Personnel Carrier (APC)
b) Aircrafts, UAV's/Drones

Suggested Readings
1. B. S. Nanda, Science Technology in India's Transformation, (New Delhi, Concept, 1986)
2. Charlie Hall, British Exploitation of German Science and Technology, 1943-1949: The Spoils ofWar, (London, Routledge, 2019).
3. D. M. Desoutter, Aircraft and Missiles: What They Are, What They Do and How They Work,(London, Faber, 1989)

4. J. N. Nanda, Science and Technology in India's transformation, (New Delhi, Concept Pub. Co,1986)
5. Jayanta Kumar Ray, Security in the Missile Age, (New Delhi, Allied Publishers, 2006)
6. Macacy Kannets, Technology in World Arms and Armour, (London, 1961).
7. Michael O. Hanlon, Technology Change and the Future of Warfare, (New Delhi, Manas Publication, 2005)
8. Samir K. Sen, Military Technology and Defence Industrialization, (New Delhi, Manas Publications, 2000).
9. Shantanu Dayal, C4I2SR for Indian Army: A Cost Effective System (New Delhi, KW Publishers, 2012).
10. Thomas & Hamnas, On War in the 21st Century, (New Delhi, Manas Publications, 2004).
11. U. R. Rao, India's Rise as a Space Power, (New Delhi, Cambridge University Press, 2011).

SEMESTER –III

Value Added Course (VAC-3)
Course Code: (DEF-VAC- 3-301)

Course Title: Electronic Warfare
(Instructions for the Paper Setter and the Students)

Course Duration : 30 hrs(2 hours of teaching per week for 15 weeks= 01 semester)
Credits : 2 Credits
Maximum Marks : 50 marks (Theory: 45 marks + Internal Assessment: 05 marks)
Time : 3 hours

Course Objectives:

The paper is designed to make aware the students about the use of electronic warfare in the modern day battles.

Pedagogy of the Course Work:

90% Lecturers (including expert lectures)
10% Unit Tests, Snap Tests, assignments, attendance and class room participation

Note:

1. The Syllabus has been divided into two (2) units.
2. There shall be 5 questions in all.
3. The first question shall be short answer type containing 08 short be answered in about 25 to 30 words. The candidate is required to attempt any 5 short answer type questions i.e. 3 marks of each. It shall carry 15 marks and shall be compulsory question.
4. Rest of the paper shall contain two (2) units and each unit shall have two questions and the candidates shall be given internal choice i.e. the candidates shall attempt one question from each. All questions shall carry 15 marks.
5. For the private/distance education candidates, who have not been assessed earlier for internal assessment, the marks secured by them in theory paper will proportionately be increased to maximum marks of the paper in lieu of internal assessment.

The paper setter must put note (5) in the question paper

Unit-I

Electronic Warfare: Concept & Relevance in Defence
Application of Electronic System in the Military Affairs

Unit-II

C5I2SR (Command and Control, Communications, Computers, Cyber Defense, Intelligence, Surveillance and Reconnaissance)
Electronic Warfare Devices:

a) Radars
b) Transmitters
c) Antennas
d) Sensors Communication Devices

Suggested Readings

1. B. S. Nanda, Science Technology in India's Transformation, (New Delhi, Concept, 1986)
2. D. M. Desoutter, Aircraft and Missiles: What They Are, What They Do and How They Work,(London, Faber, 1989)
3. J. N. Nanda, Science and Technology in India's transformation, (New Delhi, Concept Pub. Co,1986)
4. Jayanta Kumar Ray, Security in the Missile Age, (New Delhi, Allied Publishers, 2006)
5. M. S. Lindee, Rational Fog, (Harvard University Press, 2020).
6. Macacy Kannets, Technology in World Arms and Armour, (London, 1961).
7. Michael O. Hanlon, Technology Change and the Future of Warfare, (New Delhi, ManasPublication, 2005)
8. R. K. Suri, T. N. Chhabra, Cyber Crime, (New York, Pentagon Press, 2004).
9. Samir K. Sen, Military Technology and Defence Industrialization, (New Delhi,ManasPublications, 2000).
10. Shantanu Dayal, C4I2SR for Indian Army: A Cost Effective System (New Delhi, KWPublishers, 2012).
11. Thomas & Hamnas, On War in the 21st Century, (New Delhi, Manas Publications, 2004).

ECONOMICS

Value Added Course (VAC)

Outlines of Test, Syllabi and Course of Reading in the subject of Economics for B.A./B.A Honours/ B.A Honours with the research (Semester System)2025-26
Semester I, II, III

Course Code	Course	Paper	Credits
Semester-I			
ECO-VAC-1-101	Value Added Course	Introduction to Health Economics	02
Semester-II			
ECO-VAC-2-201	Value Added Course	Introduction to Environmental Economics	02
Semester-III			
ECO-VAC-3-301/ECO-VAC-3-302/ ECO-VAC-3-303	Value Added Course	Indian Economic Thought/ Research Ethics/ Introduction to Research	02

SEMESTER–I

ECO-VAC-1-101:Introduction to Health Economics

Topology of the code	**Value Added Course**
Level of the Course	**100**
Course Duration /LTP (Lectures, Tutorials, Practical)	**L= 30 hours (2 hours a week for 15 weeks= 01 semester), T=0, P=0**
Credits	**2**
Max. Marks	**50 Marks =Theory 45 marks+Internal Assessment 5 marks**
Time	**1.5 hours**

Learning Outcomes: - By the end of this course, students will understand the scope and significance of health economics, including key concepts like CBA, CEA, CUA, efficiency, equity, QALYs, and DALYs. They will be able to identify factors influencing health economics and apply basic economic tools to analyze healthcare issues. Students will also gain knowledge of health policy development in India, major health committees, and the role of health insurance, with a focus on government schemes such as Ayushman Bharat. They will be equipped to critically evaluate public health initiatives aimed at achieving universal health coverage.

Pedagogy of the Course Work: 90% Classroom teaching.

10% Internal Assessment.

Instructions for Paper-setter and candidates:
The maximum marks for the paper will be 50. The question paper will be of 45 marks and continuous evaluation 05 marks. Time allowed will be 1.5 hours.

The paper-setter must put a note in the question paper in this regard.

There shall be **5** questions in all.

The first question shall be short answer type containing 8 short questions spread over the whole syllabus, each to be answered in about 25 to 30 words. The candidate is required to attempt any 5 short answer type questions, i.e., 3 marks each. It shall carry 15 marks and shall be a compulsory question.

The rest of the paper shall contain 2 Units. Each Unit shall have two questions, and the candidates shall be given an internal choice, i.e., they shall attempt one question from each Unit – 2 in all, each question carrying 15marks. (15x2=30).

UNIT-I

Meaning, nature and scope of health economics;

Basic concepts of health economics: Cost-Benefit Analysis (CBA), Cost-Effectiveness Analysis (CEA), Cost-Utility Analysis (CUA), Efficiency and Equity, Quality-Adjusted Life Years (QALYs) and Disability-Adjusted Life Years (DALYs).

Important determinants and factors influencing health economics.

UNIT-II

Health Committees in India, Health Policy in India.

Health Insurance: Importance, Government health insurance plans and schemes in India;Ayushman Bharat – National Health Protection Mission (Meaning, components, benefits and limitations)

Suggested Readings:

1. Bhattacharya,J.,Hyde,T.,Tu,P.(2014).*HealthEconomics*,PalgraveMacmillan.
2. JamesW.Henderson(2005).*HealthEconomicsandPolicy*;Thompson–SouthWestern.

Topology of the code	**Value Added Course**
Level of the Course	**200**
Course Duration /LTP (Lectures, Tutorials, Practical)	**L= 30 hours (2 hours a week for 15 weeks= 01 semester), T=0, P=0**
Credits	**2**
Max. Marks	**50 Marks=Theory 45 marks+Internal Assessment 5 marks**
Time	**1.5 hours**

Learning Outcomes:-Students will gain an understanding of key contributions to Indian economic thought before and during the struggle for independence. They will explore Kautilya's Arthasastra, focusing on the economic functions of the state, taxation, pricing policies, and the land system. Students will examine Dadabhai Naoroji's drain theory, its criticisms, and long-term relevance, as well as M.G. Ranade's ideas on development, including poverty, industrialization, agrarian policy, and railway investment. They will also study the evolution of Indian economic thought toward independence, including Gopal Krishna Gokhale's emphasis on education economics and Mahatma Gandhi's unique economic philosophy—covering themes like simplicity in consumption, Swadeshi, trusteeship, industrial relations, and the ethical role of charity, leisure, and work.

Pedagogy of the Course Work: 90% Classroom teaching.
10% nternal Assessment.

Instructions for Paper-setter and candidates:
The maximum marks for the paper will be 50. The question paper will be of 45 marks and continuous evaluation 05 marks. Time allowed will be 1.5 hours.

The paper-setter must put an ote in the question paper in this regard.

There shall be **5** questions in all.
The first question shall be short answer type containing 8 short questions spread over the whole syllabus, each to be answered in about 25 to 30 words. The candidate is required to attempt any 5 short answer type questions, i.e., 3 marks each. It shall carry 15 marks and shall be a compulsory question.
The rest of the paper shall contain 2 Units. Each Unit shall have two questions, and the candidates shall be given an internal choice, i.e., they shall attempt one question from each Unit – 2 in all, each question carrying 15 marks. (15x2=30).

UNIT-I

Pre-independence Indian Economic thought
Kautilya's Arthasastra: The economic functions of the state, Taxation and pricing policy, The land system
Dada bhai Naoroji and the drain theory: What is the drain? Criticisms and Long-run relevance
Ranade and the economics of development: Poverty and industrialization, Agrarian policy, Railway investment.

UNIT-II

Indian Economic thought towards independence

Gokhale and the economics of education

Gandhian economics: Methodological issues, Consumption behavior: the limitation of wants, Swadeshi; Trusteeship and industrial relations; Charity, leisure, and the sanctity of work

ECO-VAC-3-302: Research Ethics

Topology of the code	**Value Added Course**
Level of the Course	**200**
Course Duration /LTP (Lectures, Tutorials, Practical)	**L= 30 hours (2 hours a week for 15 weeks= 01 semester), T=0, P=0**
Credits	**2**
Max. Marks	**50 Marks= Theory 45 marks + Internal Assessment 5 marks**
Time	**1.5 hours**

Learning Outcomes: - On successful completion of the course, the students will be able to understanding of ethical issues related to research.

Pedagogy of the Course Work: 90% Classroom teaching.
10% Internal Assessment.

Instructions for Paper-setter and candidates:

The maximum marks for the paper will be 50. The question paper will be of 45 marks and continuous evaluation 05 marks.

The paper-setter must put an ote in the question paper in this regard.

There shall be **5** questions in all.

The first question shall be short answer type containing 8 short questions spread over the whole syllabus, each to be answered in about 25 to 30 words. The candidate is required to attempt any 5 short answer type questions, i.e., 3 marks each. It shall carry 15 marks and shall be a compulsory question.

The rest of the paper shall contain 2 Units. Each Unit shall have two questions, and the candidates shall be given an internal choice, i.e., they shall attempt one question from each Unit – 2 in all, each question carrying 15marks. (15x2=30).

UNIT-I

Introduction to Ethics: philosophy, concept, mare and scope
Scientific misconducts: Falsification. Fabrication and Plagiarism (FFP)
Ethics with respect to science and research Intellectual honesty and research integrity
Selective reporting and misrepresentation of data

UNIT-II

Importance of Good Academic Writing
Publication ethics: definition and importance, Conflict of interest, Predatory publishers andjournals
Identification of publication misconduct, complaints and appeals; Standard setting initiatives and guidelines COPE, WAME, etc.

Suggested Readings:

1. Bird, A (2006) *Philosophy of Science*, Routledge
2. Israel M. and 1. Hay (2006). *Research Ethics in Social Sciences*, Sage
3. Macintyre, Alasdair (1967) *A Short History of Ethics,* London

ECO-VAC3-: INTRODUCTION TO RESEARCH

Topology of the code	**Value Added Course**
Level of the Course	**200**
Course Duration /LTP (Lectures, Tutorials, Practical)	**L= 30 hours (2 hours a week for 15 weeks= 01 semester), T=0, P=0**
Credits	**2**
Max. Marks	**50 Marks= Theory 45 marks+Internal Assessment 5 marks**
Time	**1.5 hours**

Learning Outcomes: - On successful completion of the course, the students will be able to:

1. Understand the importance of research methodology,
2. Gain knowledge of different research designs,
3. Develop an understanding of different sampling techniques,
4. Explore date collection methods,
5. Develop effective research writing and communication skills.

Pedagogy of the Course Work: 90% Classroom teaching.
10% Internal Assessment.

Instructions for Paper-setter and candidates:

The maximum marks for the paper will be 50. The question paper will be of 45 marks and continuous evaluation 05 marks

The paper-setter must put an ote in the question paper in this regard.
There shall be **5** questions in all.

Education

Teacher and Society	
VALUE ADDED COURSE (VAC- 1)	**SEMESTER – I** (EDU-VAC-102)
Learning Outcomes	After completion of the course, student will be able to: • examine the relationship between teacher beliefs, values, character, life history, social and cultural context and teaching critically, • explain the teacher roles and characteristics; the personal and professional self; the teacher as a communicator, the charismatic influencer, the reflective practitioner, competent, learner and much more and their significant role in nurturing the posterity. • differentiate between the narrow curricular aims of education and the broader educational aims and their role in shaping self, school, and society.
Credits	2
Marks	50 (Theory: 30, External Practical: 10, Internal Evaluation: 10)
Contact Hrs	30 Hours
Unit 1	**Understanding the Teacher: Exploring the Personal and Professional Teacher** ❖ Exploring the wider Personal and General Social Context of Teacher: Life History, Teacher Beliefs, Values and Aspirations, Diverse Identities, Social Contexts and Commitment to Learning and Education. ❖ Exploring the Professional Teacher: Qualifications, Education in teaching, Attitude, Aptitude, Experience and Exposure. ❖ Reflexive Practice: Nurturing the Professional Capital through collaborative and/or collective engagement with self, others, the social context.
Unit 2	❖ **Nurturing the Teacher: A Dialogue beyond the curricular goals, for Life and Posterity** ❖ Teaching: One profession, many roles ❖ Teaching Character: Nurturing Teachers for Human Flourishing. ❖ Holistic Teacher Development: Nurturing the Panchakoshas. ❖ Teacher Values, Beliefs, and current Philosophy of Teaching: A Reflective Dialogue.
SESSIONAL WORK	1. SMART (Specific, Measurable, Achievable, Relevant, Time-bound) goals for personal and professional development of a teacher. 2. Write a biography of any one renowned or esteemed teacher/ Educationist.
EVALUATION SCHEME	The external theory examination will be of two hours duration. External question paper will have three units- First two units i.e. Unit-I and II will have two questions each and the candidate will be required to attempt one question from each of the Unit-I and II. Each question carries 10 marks. Unit –III will be compulsory with 5 short answer-type questions set form the whole syllabus of the paper. Each question will be of 2 marks.

EXTERNAL PRACTICAL	The students will present all the activities done by them in the form of report and appear for viva-voce examination.
INTERNAL EVALUATION	Internal evaluation will be based on the performance of the candidate in term paper, house test, class assignments, attendance, and participation in discussions/seminars/tutorials, related practical and sessional work. It will be assessed and prepared by the concerned teacher on the basis of file work and viva voce.

MORAL EDUCATION	
VALUE ADDED COURSE (VAC- 2)	**SEMESTER – II** (EDU-VAC-152)
Learning Outcomes	1. Enabling youth to grow into productive, contributing members of their communities, and anchors of the nation's sustainable development. 2. Equipping youth with the skills they need to become a generation of responsible and resilient people, who know their rights and responsibilities.
Credits	2
Marks	50 (Theory: 30, External Practical: 10, Internal Evaluation: 10)
Contact Hrs	30 Hours
Unit 1	**Moral Education and Self** ❖ Moral Education: Need content and purpose, Vedic Values, Character Building ❖ Understanding the Self-Self awareness, fighting the five evils (lust, anger, attachment, ego and greed), Self growth. ❖ Personal ethics ❖ Aspiration v/s ambition, self- seeking v/s selflessness ❖ Self Discipline
Unit 2	**Family, Society, Nation and You** ❖ Importance of family- the basic unit of human interaction, Generation gap, Relation with peer group, sibling, elders ❖ Social responsibility, Our rights and duties, Civic sense ❖ Globalization and IT boom - Cellphone menace ❖ Drug abuse ❖ International peace and brotherhood ❖ Save the environment
SESSIONAL WORK	1. Highlight any three moral virtues and reflect on the lessons learned. 2. Reflective journaling where the students should reflect on their values, actions, and the impact they have on others.
EVALUATION SCHEME	The external theory examination will be of two hours duration. External question paper will have three units- First two units i.e. Unit-I and II will have two questions each and the candidate will be required to attempt one question from each of the Unit-I and II. Each question carries 10 marks. Unit –III will be compulsory with 5 short answer-type questions set form the whole syllabus of the paper. Each question will be of 2 marks.
EXTERNAL PRACTICAL	The students will present all the activities done by them in the form of report and appear for viva-voce examination.
INTERNAL EVALUATION	Internal evaluation will be based on the performance of the candidate in term paper, house test, class assignments, attendance, and participation in discussions/seminars/tutorials, related practical and sessional work. It will be assessed and prepared by the concerned teacher on the basis of file work and viva voce.

BASICS OF ADOLESCENT COUNSELLING	
VALUE ADDED COURSE (VAC- 3)	**SEMESTER-III**
Learning Outcomes	After completion of the course, student will be able to: • Define Adolescent Development. • Enlist the characteristics of adolescents. • Explain the stages of development of adolescents. • Write the problems of adolescents and give the solutions to these problems. • Explain the meaning and nature of counselling. • Describe the elements, Principles and types of counselling.
Credits	2
Marks	50(Theory:30, External Practical:10,Internal Evaluation:10)
Contact Hrs	30 Hours
Unit1	**Adolescent Development** ❖ Meaning, Definition and Characteristics of adolescence Period ❖ Stages of Development: Early Adolescence(12-14years), Middle Adolescence(14-17 years), Late Adolescence(17-19 years) ❖ Needs and problems of adolescents ❖ Helping adolescents in their adjustment and problems
Unit2	**Adolescent Counselling** ❖ Meaning and Definition ❖ Nature of Counselling- Counselling and Psychotherapy ❖ Elements and Principles of Counselling ❖ Types of Counselling, Goals of Counselling For better Living
SESSIONALWORK	Any two of the following: 1. Case Study: Describing the problems faced by any Adolescents. 2. Role and Importance of Counsellor in Schools: Detailed Report 3. Visit to Counselling cells of various schools.
EVALUATION SCHEME	The external theory examination will be of two hours duration. External question paper will have three units- First two units i.e. Unit-I and II will have two questions each and the candidate will be required to attempt one question from each of the Unit-I and II. Each question carries 10 marks. Unit –III will be compulsory with 5 short answer-type questions set form the whole Syllabus of the paper. Each question will be of 2 marks.
EXTERNAL PRACTICAL	The students will present all the activities done by them in the form of report and appear for viva-voce examination.
INTERNAL EVALUATION	Internal evaluation will be based on the performance of the candidate in term paper, house test, class assignments, attendance, and participation in discussions/seminars/tutorials, related practical and sessional work.It will be Assessed and prepared by the concerned teacher on the basis of file work and viva voce.

Any Semester

DEVELOPMENT OF SOFT SKILLS

Total Lectures: 30 Hrs..2 hours per week
Credits: 2
Maximum Marks: 50
Theory paper: 40
Internal assessment: 10

MODE OF DELIVERY: BLENDED MODE
Number of students who can join the course: 100

Course Learning Outcomes or Purpose of the Course

1. Develop holistic and integrated understanding of the human self and personality.
2. Understand the significance of positive thinking in the development of holistic personality.
3. Demonstrate effective communication skills.
4. Integrate skills for empathic listening and self-expression.
5. Evolve as a progressive and flexible individual.
6. Effectively utilize soft skills in everyday life.

Instructions for Examiner

The Paper will be of 50 marks, divided into two parts - 40 marks for external written examination and 10 marks for internal assessment.External question paper will have V units- first four units i.e., Unit-I, II, III, IV will have two questions each and the candidate will be required to attempt one question from each of Unit-I to IV. Each question carries 8 marks.Unit V will be compulsory with 4 short answer-type questions set from the whole syllabus of the paper. Each question will be of 2 marks.Therefore, the total marks will be (4 x 8 + 2 x 4 = 40).

Internal assessment of 10 marks will be based on the performance of the candidate in term paper, house test, class assignments, attendance, and participation in discussions/ seminars/ tutorials, related practical and sessional work.

Unit – I

Communication Skills: Definition, Components, Types of Communication, Barriers to effective communication, Ways to Improve Interpersonal communication.
Communication Utilization: Public Speaking, Interview Facing, Group Discussion.

Unit – II

Self-Management: Self Esteem - Definition and Building of Self Esteem;
Self-Awareness - Definition, need for cultivating Self Awareness;
Self-Control - Definition, Need for Self-Control, Building Self Control

Unit – III

Listening Skills: Listening to Specific Information, Identifying Main Issues, Seeing Beyond the Surface.
Interpersonal Skills: Negotiations, social skills, assertive skills, cross-cultural communications.
Leadership Skills: Concepts of leadership, leadership styles, insights from great leaders.

Unit – IV

Time Management and **Goal Setting**: Identification of Time Wasters,
Stress Management: Symptoms of Stress, Coping Approaches.
Role of Positive Thinking in self-development and Development of self through meditation and yoga
Corporate etiquette, telephone etiquette, e-mail etiquette

Sessional Work (Internal)
Narrating/ describing a related account from one's life experience (in front of a smaller group) by student.

Introduction to Disability Studies
CEDS - VAC - 177

Contact Hours: 30
Max. Marks: 50
Theory: 40 Marks
Internal Assessment: 10 Marks
Total Credits: 2

INTRODUCTION

The course is designed to provide an introduction to different disabilities like Neuro Developmental disabilities, Sensory disabilities, and Physical disabilities. It fosters the acquisition of broad-based knowledge and skills among students to understand the causes, needs and rights of persons with disability.

The faculty of Community Education and Disability studies shall facilitate the students of different disciplines who can implement professional standards, advocate the Children/ persons with disabilities, and adhere to the beliefs and values about Children/ Persons with disabilities that there are parts of a larger community. The larger mission of education is best served when students collaborate with persons with disability families and develop lifelong positive attitudes, behaviour toward persons with disability. The course material is intended to provide students with an overview of the different types of disabilities on an offline mode at the Department of Community Education and Disability Studies.

GUIDELINES:

1. The value-added course's duration shall be 30 working hours and is both for Undergraduate and Postgraduate students. This course is designed to introduce to those who are at the beginning of a special education course or are not in the field of special education.
2. A person who possesses the following qualifications shall be eligible to join the course: Minimum of 50% (45% in case of SC/ST) marks or an equivalent degree at 12th and undergraduate level seeking admission for undergraduate and post-graduation respectively, from a recognized school/ University. Admission will be done as per the merit list.
3. The Teaching learning pedagogy will be as follows: Lecture method, demonstrations, discussions, ICT techniques, fieldwork, surveys, activity-based projects etc.
4. Only those students shall be eligible to appear in the examination who possess the qualification laid down in Regulation '2' and has attended the prescribed course of instruction during the semester in the academic year in the University and should also be of good character and have attended at least 75 per cent of (i) Lectures
5. The students' performance shall be evaluated continuously throughout the Course The guidelines for continuous assessment shall be followed as under:

   i. Theory Paper Evaluation - 40 Marks
   ii. Internal Assessment - 10 Marks,

   which includes:

   a) Assignment/case study/ Presentations -7 Marks
   b) Attendance - -3 Marks,
   NO. OF SEATS: 50
   FEE STRUCTURE: As per university rules

6. The Controller of Examinations shall publish the result of the examination within four weeks after the termination of the examination, or as soon as possible.Evaluation/ Paper Setting of the Papers shall be done as per Panjab University norms.

INSTRUCTIONS FOR PAPER-SETTER/EXAMINERS

The Theory paper which is of 40 marks will be of 2 hours duration, the evaluation shall be as follows:

- Shall comprise seven questions in all. The candidates shall be required to attempt four questions.
- Question No. 1 shall be compulsory, consisting of 8 short answer type questions, spread over evenly the whole syllabus, to be answered in 20 to 25 words. A candidate will select any four short questions from the first question carrying 4 marks each. (4x4=16 marks)
- In addition to Question No. 1, candidates shall be required to attempt 3 long answer-type questions by selecting one from each of the three units. Each unit shall have two questions of 08 marks each. (8x3=24 marks)

Objectives of Introduction to Disabilities

- To acquaint the students with the basics of neuro-disabilities like Learning Disability**,**Autism Spectrum disorder and Intellectual Disability
- To make them understand sensory-motor disabilities like hearing impairment, deafand blind
- To have awareness about physical disabilities and its types.
- To enable the students to Develop the knowledge of educational provisions forpersons with benchmark disabilities in the Indian Act.

COURSE OUTCOME:

- Develop insight into symptoms of different disabilities. (To be assessed by identifyingthe symptoms of a person with a disability).
- Produce personal insight and learn from all their experiences. (To be assessed asdialogue/ discussions)
- Identify and address the diverse needs of persons with disabilities. to be assessed bywriting a case study of a person with a disability

Content

Unit 1: Neuro-Developmental Disabilities

1.1 Learning Disability: Definition, Types & Characteristics, Causes, needs.
1.2 Intellectual Disability: Definition, Types, Characteristics, Causes, needs.
1.3 Autism Spectrum Disorder: Definition, Types, Characteristics, Causes, needs.
1.4 Educational Provisions

Unit 2: Sensory Disabilities

2.1 Hearing Impairment: Definition; Types and Characteristics; causes,
2.2 Blindness and Low Vision--Definition and Classification; Causes, needs.
2.3 Deaf blindness: Definition, classification and characteristics; causes, needs
2.4 Educational Provisions as per PwD Act 2016

Unit 3: Physical Disabilities

3.1 Locomotor disability: definition; types and characteristics; causes, needs.
3.2 cerebral palsy and muscular dystrophy: Definition, Types and Characteristics; Causes, needs.
3.3 Dwarfism, acid attack victims (Definition and symptoms)
3.4 Educational Provisions as per Provision of PwD 2016

Practical/ Field Engagement/Project Work Any one of the following

- Preparation of self-study report on any person with a disability
- To identify and address the diverse needs of persons with disabilities
- Prepare a leaflet on challenges faced by persons with disabilities
- Preparation of multimedia presentation on any type of disability

Any Semester

E-content Development

Duration- 30 hours | **Course Code: VAC-ECD**
Maximum Marks: 50 | **External : 30 Marks**
Total Credits: 02 | **Internal : 20 Marks**

Course Learning Outcomes (CLOs):

- to identify the importance of e-content development and its elements in the light of instructional design models
- to identify and make use of different graphic and animation tools in e-content preparation
- to recognize and able to use various video capturing tools and video creation software
- recognizes the effective way of e-content presentation

Unit I: Introduction to E-content and its Basics (6 hours)
E-content: Meaning, Need and Importance, E-content design: elements, multimedia principles, instructional design models

Unit II: Graphic and Animation Tools (6 hours)
Meaning, Use of Graphic and Animation Tools in E-content Preparation - Identification of Proper Tools - How to Use the Tool in E-content Preparation - Infographics Tools: Meaning, Need and Use - Podcasting Tools: Need and Importance

Unit III: Open E-resources (6 hours)
Meaning, Purpose and Uses - Image Download Tools: Purpose, Uses and Free Tools-Audio Download Tools: Purpose, Uses and Free Tools, Content authoring tools: Uses and freetools

Unit IV: Online Video Creation (6 hours)
Video Creation: Online Video Capturing Tools: Identification and Uses – Video Creation Software: Free Online Video Creation, Identification and Strategies to Use

Unit V: Survey Tools and Presentation of E-content (6 hours)
Survey Tools: Need, Importance and Free Survey Tools - Quiz Tools: Need, Importance and Free Online Quiz Tools

Evaluation:

1. The students will be evaluated through Hands on activities, assignments and projects.
2. The students are required to create and submit e-module by taking the topic of their choice using graphic and animation tools and video capturing tools at the end of the course.
3. Attendance is compulsory in all the sessions. Those students who will complete the course successfully will be awarded completion certificate.

Instruction for Paper Setter:
There will be **05 UNITS** in question paper and **02 Questions** will be set from **each UNIT**. The candidate will be required to attempt **01 Question** from **each Unit**. Each questions carry **06 marks**.

Internal Assessment : The Students are required to create and submit e-module by taking the topic of their choice using graphic and animation tools and video capturing tools at the end of the course. (20 Marks)

ART THERAPY IN EDUCATION

Art Therapy is the creative process that involves the person to express the one's self artistically and it is a therapy to resolve their issues. Art Therapy is analysis of the counselee's behaviors and emotions. Art Therapy helps the students and teachers to reduce their stress and improves their mental condition. The Art Therapist should handle all kinds of people. An Art Therapist helps the counselee by guiding through different art techniques.

CURRICULUM

Total Lectures: 30 Hrs
Credits : 02
Maximum Marks:50
Theory Paper:40
Internal Assessment:10

Course Learning Outcomes

After the successful completion of this course, learners will be able to:-

- Understand the significance of Art Therapy and Empowers students to think beyond limit.
- DemonstratethetechniquestodealwithsensitivepeopleandReinforcesthe concept of inherent healing skill.
- Develop holistic and integrated understanding of motor movement, communication, social, cognitive and emotional capacity of students.
- Facilitates the joint attention and the group activities to Reduce violent behaviour, anger and hostility among students .
- Explore their creative side students and teachers and has likeness to use it as a Therapeutic Measure in classroom.

Instructions for examiner

The Paper will be of 50 marks which is divided into two parts-40 marks for external written examination and 10 marks for Internal assessment.
External question paper will have V units- First four units i.e. Unit-I,II,III,IV will have two questions each and the candidate will be required to attempt one question from each of the unit-I to IV. Each question carries 8 marks. Unit V will be compulsory with 4 short answer-type questions set from the whole syllabus of the paper.Each question will be of 2 marks. Therefore the total marks will be (4X8+2X4 =40).
Internal assessment of 10 marks will be based on the performance of the candidate in term paper, house test, class assignments, attendance, and participation in discussions/seminars/tutorials, related practical and sessional work.

Course details:

Unit I **Art Therapy**

a. ***Art and Education*** :Art Education, Art therapist: Artists, creativity and madness; Therapy and counseling
b. ***Art Therapy*** : Definition types/forms of art therapy, need of art therapy, Principle of art therapy. Art therapy practices.
c. ***Art and diagnosis***; Art in Schools and colleges :mental illness & mental hygiene

Unit II **Art as a Therapeutic Measure**

a. ***Theories and Techniques***: Counselling : Theories and Techniques, Art Therapy, Clinical Art Therapy, Child and Family Art Therapy
b. ***Art as a Therapeutic Measure***: Stress, anxiety, depression, fears, Phobias (characteristics, and causes); removal of suffering & pursuit of happiness,

Art as a Therapeutic Measure in classroom

c. ***Management through Art***: Conflict management; Coping strategies and Relaxation Technique for students and teachers

Unit III **Art Media**

a. ***Basics of Art:*** Scribble and Scratches; designs and patterns; Memory Drawings
b. ***Art Media***: Wet Media, Dry Media, Web media: Paper Vs .Canvas;
c. **Psychology of Colors** ; Color theory (Compositions & Colorings); color and tools for art therapy

Unit IV**Artistic skills**

a. ***Proficiency in artistic skills***; Mandela art, Dot painting, stone painting,
b. ***Recent Trends in Art***: Fluid art; Abstract art; Basic of Calligraphy:

Lettering, Cards, Thought writing, Handwriting

*Reflecting on the Artistic Process***: Recognize the significance of image Elements in artistic works, Art exhibitions, social media and promotions of Art work, Goethean Phenomenological method: Goethean Science and Design**

Sessional Work (Internal):

- Submissionsof10itemsrelatedtoCreativeprojects(Mandela art /Dot painting / stone painting/ fluid art/ abstract art/ Calligraphy
- Art Museum visit/Art Exhibition visit: write up and presentation in class.

Mahatma Gandhi Institute of Education for Peace and Sustainable Development

Social Emotional Education - Knowledge to Practice (SEEK - based on Compassionate Integrity Training)

Mode: Hybrid **Duration: 30 Hours** **Credit: 2**

Course Overview:
Aligned with the **UGC's Human Values framework 2025**for higher education institutions, SEEK is an emotional resiliency-building course developed by UNESCO MGIEP. It helps in developing emotional intelligence and resilience, interpersonal skills, among learners and is hosted on our AI-powered, GDPR-compliant learning platform – MGIEP FramerSpace**.**

Course Outcomes:
By the end of this course, learners will be able to:

1. Cultivate SEL skills focused on building self-awareness, emotional regulation, and ethical mindfulness.
2. Demonstrate emotional resilience in managing stress, adversity, and emotionally challenging situations.
3. Practice empathy and compassion towards both in-group and out-group.
4. Develop skills to understand diverse perspectives, build meaningful relationships, and actively engage in community life.
5. Apply tools to foster impartiality and a sense of common humanity and use them appropriately across different social contexts.
6. Demonstrate an understanding of interdependence and engage critically with complex systems and social structures.

Duration & Delivery:
SEEK is a 30-hours online learning course that one can complete at one's own pace. Online learning will be supplemented with:

- In-person and online orientation sessions/workshops
- Special Masterclasses
- Dedicated rapid response learner support through personalized digital community

Course Design:
This course leverages a variety of digital pedagogy tools to enhance learner engagement and ensure effective learning outcomes. It includes interactive PowerPoint presentations, engaging videos, and informative infographics. To foster peer interaction, the course features discussion boards and a Padlet wall. Additionally, learners will benefit from audio-based practice exercises and multiple opportunities for reflection throughout the course.

Syllabus: The course is divided into 2 series each covering a set of skills as mentioned below:

Series 1: Self Cultivation

The first step toward improving relationships with others and making a positive impact in communities is developing an increased level of personal well-being. A greater degree of inner calm, self-control, emotional intelligence and self-compassion benefits oneself, while also providing a firm foundation upon which to build pro-social skills. In SEEK, we call this process of self-consciously working to increase these types of personal skills and well-being "Self-Cultivation."

Skill	**Description**
Skill 1: Calming the body and mind	Understanding the body's response to stressful external and internal stimuli and learning techniques for remaining resilient in these situations.
Skill 2: Ethical Mindfulness	Developing greater self-control over speech and actions by cultivating heedfulness, mindfulness and awareness.
Skill 3: Emotional Awareness	Learning how destructive emotions can cause harm and develop greater emotional stability.
Skill 4: Self Compassion	Learning how destructive emotions can cause harm and develop greater emotional stability.

Series 2: Relating to Others

Based on the skills in Series I, which focused on developing an awareness of oneself and the cultivation of genuine compassion for oneself, Series II turns to focus outward in order to improve relationships with others. This involves examining how we interact with others so that we avoid actions and attitudes that may cause harm and cultivate the actions and attitudes that help others.

Skill	**Description**
Skill 5: Impartiality and Common Humanity	Breaking down bias, developing greater appreciation for others and strengthening a sense of equity.
Skill 6: Forgiveness and Gratitude	Practicing strategies to let go of resentment for individuals/communities and appreciating the benefits one receives.
Skill 7: Empathic Concern	Focusing on the needs of others without giving in to self-interest and learning to celebrate others' joy.
Skill 8: Compassion	Strengthening the desire to alleviate the suffering of others.

Assessment:
Assessments are in-built within the course and are used to reinforce the various concepts discussed in the videos. The course has a combination of mandatory questions and reflection questions.

Certification:
Upon completing all the mandatory questions and meeting the assessment criteria, the students will be able to download the certificate by themselves from the online learning platform.

SEMESTER I
VALUE ADDED COURSE 1
Basket

Course Title : **Understanding India through Literature (Semester-I)**
Course Code : ENG-VAC-1-101
Typology of Course : Value Added Course (VAC)
Level : 100
Course Duration : 45 hours in one semester [15 hours of Lecture (1 hr per week) + 30 hours (2 hrs per week) of Practical]
Credits : 2 credits
Maximum Marks : 50 marks

Practical & Tutorials in all subjects to the capacity of only 20 students per lecture class.

Learning Objectives of the Course:

- A student will be reacquainted and reintroduced to India and its kaleidoscopic patterns and colours through reading of literary texts.
- The aim is to offer better and closer picture of the diversity and plurality that defines India.
- A student will gain more awareness of India's rich cultural heritage and legacy through literature.
- A student will also be able to understand significant impact of culture on human experiences.
- It will reinforce sensitivity towards various aspects of Indian ethos.

Course Pedagogy:

a) The paper requires 1-hour lecture-based teaching and 2-hour practical per week
b) Screening of films and documentaries and discussion on the same (though within the frame of prescribed topics of syllabus) will be carried out during the practical hours.
c) The students are supposed to do project work which entails writing the reviews/ analysis/ interpretation of the content discussed/screened during the practical hours.
d) The project work will be for 5 marks and internal assessment will be for 5 marks.

Course Content:

Prescribed Texts:

1. *Folktales from India*, A.K. Ramanujan, Penguin. (93-110 and 124-127)
2. *The Meaning of India*, Raja Rao, Vision Books. (11-18)
3. *Eating God: A Book of Bhakti Poetry*, edited by Arundhati Subramaniam, Penguin. (78-85)
4. *The Dance of Shiva*, Ananda Coomaraswamy, Munshiram Manoharlal Publishers. (83-95)
5. *The Argumentative Indian: Writings on Indian Culture, History and Identity*, Amartya Sen, Penguin. (317-333)

Suggested Readings:

- *Hind Swaraj*, M.K. Gandhi, Navajivan Publishing House (https://www.mkgandhi.org/ebks/hind_swaraj.pdf).
- *Discovery of India*, Jawahar Lal Nehru, Oxford.

- *Cultural Diversity, Linguistic Plurality and Literary Tradition*, Oxford.
- *The Argumentative Indian: Writings on Indian Culture, History and Identity*, Amartya Sen, Penguin.
- *Bhakti Movement and Literature: Re-Forming Tradition*, M. Rajagopalachary and K. Damodar Rao (Eds), Rawat Publications.
- *Bhakti Poetry of India: An Anthology*, Paul Smith, Createspace Publications.
- *The Oxford Anthology of Bhakti Literature*, **Andrew Schelling,** Oxford University Press.
- *India: A Wounded Civilization*, V.S. Naipaul, Picador
- *Ancient India*, Romila Thapar, Oxford University Press
- *Modern India*, Bipan Chandra, NCERT.

Testing Scheme:

Max. Marks: 50 marks
Theory: 40 marks
Project work: 05 marks
Internal Assessment: 05 marks
Time: 3 Hours

Q.1. Short answer type questions (150 words each). ***Five*** out of ***seven*** to be attempted. (20 marks)

Q.2. Long answer type questions (250 words each). ***Two*** out of ***three*** to be attempted. (20 marks)

SEMESTER I

VALUE ADDED COURSE 2
Basket

Course Title **: Literature and New Media (Semester-I)**
Course Code **:** ENG-VAC-1-102
Typology of Course **:** Value Added Course (VAC)
Level **:** 100
Course Duration **:** 45 hours in one semester [15 hours of Lecture (1 hr per week) + 30 hours (2 hrs per week) of Practical]
Credits **:** 2 credits
Maximum Marks: 50 marks

Practical & Tutorials in all subjects to the capacity of only 20 students per lecture class.

Learning Objectives of the Course:

- The study of new media literature aims to help students develop important critical thinking and analytical skills in the domain of the popular culture.
- New media literature often requires a different set of skills than traditional literature, such as the ability to navigate hypertext and understand the logic of code.
- By studying new media literature, students will develop these skills and become more digitally literate.
- They can also learn to think critically about the ways in which technology is shaping our society and culture. Studying new media literature will offer insights into ways in which technology is shaping our culture and society.
- It will provide an alternative approach to storytelling and an immersive and interactive experience to students.
- It will encourage a more collaborative and participatory approach and help develop critical thinking and analytical skills.
- Besides broadening the students' horizons, it will allow for a more inclusive and diverse approach to literary studies.

Course Pedagogy:

a) The paper requires 1-hour lecture-based teaching and 2-hour practical per week
b) Screening of films and documentaries and discussion on the same (though within the frame of prescribed topics of syllabus) will be carried out during the practical hours.
c) The students are supposed to do project work which entails writing the reviews/ analysis/ interpretation of the content discussed/screened during the practical hours.
d) The project work will be for 5 marks and internal assessment will be for 5 marks.

Course Contents

Unit I: Digital Poetry

- "Letter" by Eduardo Kac
- "Text Rain" by Camille Utttterback and Romi Achituv

Unit 2: Twitterature

- Nicholas Belardes's "Small Places" (Twitter Novel: 1-358 tweets: https://thenervousbreakdown.com/nlbelardes/2009/04/twitter-novel-in-the-twitterverse-read-the-first-358-tweets-of-small-places/)

Course Pedagogy:

a) The paper requires 1-hour lecture-based teaching and 2-hour practical per week
b) Screening of films and documentaries and discussion on the same (though within the frame of prescribed topics of syllabus) will be carried out during the practical hours.
c) The students are supposed to do project work which entails writing the reviews/ analysis/ interpretation of the content discussed/screened during the practical hours.
d) The project work will be for 5 marks and internal assessment will be for 5 marks.

Course Contents

Unit 1: Poetry in Translation
i) English Translation of Sahir Ludhianvi's 'wo subh kabhi to aaegi'
ii) Amrita Pritam's "Ajj Akhan Waris Shah Noo" from *Selected Poems of Amrita Poems*, ed. Pritish Nandy, Kolkata (available at ApnaOrg)

Unit 2: Short Stories in Translation
i) 'Toba Tek Singh' by Saadat Hasan Manto
ii) 'The Train has Reached Amritsar' by Bhisham Sahni
iii) 'Owner of Rubble' by Mohan Rakesh

Practical: Screening of *Train to Pakistan* and *Earth 1947* and discussion

Suggested Reading:

- Alok Bhalla. *Stories About the Partition of India*: Volumes 1 to 3
- Urvashi Butalia, *The Other Side of Silence: Voices from the Partition of India*
- Anjali Roy, *Memories and Postmemories of thePartition of India*
- Gyanendra Pandey. *Remembering Partition Violence, Nationalism and History in India*
- Yasmin Khan*, The Great Partition, The Making of Indiaand Pakistan.*
- Haimanti Roy**.** *Partitioned Lives: Migrants, Refugees, Citizens in India and Pakistan, (1947-65)*
- S. Cowasjee and K.S. Duggal (Eds) ***Orphans of the Storm: Stories on the Partition of India***, UBS Publishers.
- Saddat Hasan Manto. *Partition Sketches and Stories*, Viking.
- Ravikant and Saint, K Tarun , eds. ***Translating Partition***. New Delhi: Katha, 2001.
- Bhisham Sahni,. ***Tamas*** [English tr.]. Penguin.
- Khushwant Singh, ***Train to Pakistan***. Chatto and Windus.

Testing Scheme:

Max. Marks: 50 marks
Theory: 40 marks
Project work: 05 marks
Internal Assessment: 05 marks
Time: 3 Hours

Q.1. Short answer type questions (150 words each). ***Five*** out of ***seven*** to be attempted. (20 marks)

Q.2. Long answer type questions (250 words each). ***Two*** out of ***three*** to be attempted. (20 marks)

SEMESTER II
VALUE ADDED COURSE 4
Basket

Course Title : **Indian Science Fiction (Semester-II)**
Course Code : ENG-VAC-2-202
Typology of Course : Value Added Course (VAC)
Level : 100
Course Duration : 45 hours in one semester [15 hours of Lecture (1 hr per week) + 30 hours (2 hrs per week) of Practical]
Credits : 2 credits
Maximum Marks : 50 marks

Practical & Tutorials in all subjects to the capacity of only 20 students per lecture class.

Learning Objectives of the Course:

- This course proposes to introduce the genre of Science Fiction as has been practiced in India.
- Through a comprehensive study of four short texts, the students would be able to appreciate elements of science fiction, which would be analysed and discussed during discussion of the prescribed texts.
- The course would enable students to read science fiction and understand its origin and growth in the Indian context.
- The texts prescribed should enable the students to problematize the context of science fiction and relate it to the changing dynamics of human existence.
- The student should further probe the increasing role of AI and its impact on human life.

Course Pedagogy:

a) The paper requires 1-hour lecture-based teaching and 2-hour practical per week
b) Screening of films and documentaries and discussion on the same (though within the frame of prescribed topics of syllabus) will be carried out during the practical hours.
c) The students are supposed to do project work which entails writing the reviews/ analysis/ interpretation of the content discussed/screened during the practical hours.
d) The project work will be for 5 marks and internal assessment will be for 5 marks.

Course Content:

Unit 1:

- "Runaway Cyclone" by J.C. Bose, translated by Boddhisattva (http://strangehorizons.com/fiction/runaway-cyclone/)
- "The Diary of Space Traveller" by Satyajit Ray in *The Diary of a Space Traveller and Other Stories*: Puffin Classics.

Unit 2:

- "The Comet" by Jayant Narlikar. *Tales of the Future: Ten Best Sci-Fi Stories*. Witness Books. Delhi. 2005.
- "Flexi Time" by Manjula Padmanabhan, *The Gollanncz Book of South Asian Science Fiction*, edited by Tarun K Saint, Hachette, 2019.

Suggested Readings:

- Suparno Banerjee. *Indian Science Fiction: Patterns, History and Hybridity.* University of Wales Press. 2020.
- Tarun Saint. *The Gollancz Book of South Asian Science Fiction*. Hachette India. 2019.
- Shweta Khilnani and Ritwick Bhatacharjee, Science Fiction in India, Bloomsbury

Testing Scheme:

Max. Marks	**: 50 marks**
Theory	**: 40 marks**
Project work	**: 05 marks**
Internal Assessment	**: 05 marks**
Time	**: 03 hours**

Q.1. Short answer type questions (150 words each). ***Five*** out of ***seven*** to be attempted. (20 marks)

Q.2. Long answer type questions (250 words each). ***Two*** out of ***three*** to be attempted. (20 marks)

SEMESTER III
VALUE ADDED COURSE 5
Basket

Course Title **: "Kissa" Literature (Semester-III)**
Course Code **:** ENG-VAC-3-301
Typology of Course **:** Value Added Course (VAC)
Level **:** 200
Course Duration **:** 45 hours in one semester [15 hours of Lecture (1 hr per week) + 30 hours (2 hrs per week) of Practical]
Credits **:** 2 credits
Maximum Marks **:** 50 marks

Practical & Tutorials in all subjects to the capacity of only 20 students per lecture class.

Learning Objectives of the Course:

- The aim is to familiarize students with the nuances of Punjabi literature.
- The aim is also to help students understand how literature produces and becomes a part of our cultural fabric.
- To draw them towards indigenous literary tradition of folklore.
- A student should get a taste of the indigenous folklore
- A student should be able to draw comparison between different literary traditions.

Course Pedagogy:

a) The paper requires 1-hour lecture-based teaching and 2-hour practical per week
b) Screening of films and documentaries and discussion on the same (though within the frame of prescribed topics of syllabus) will be carried out during the practical hours.
c) The students are supposed to do project work which entails writing the reviews/ analysis/ interpretation of the content discussed/screened during the practical hours.
d) The project work will be for 5 marks and internal assessment will be for 5 marks.

Course Contents:

"Kissa" and its Rewritings

- Waris Shah Di Rachna "Heer" (Sant Singh Sekhon's translation *Heer Waris Shah*)
- Luna—Shiv Kumar Batalvi (Translation by B.M. Bhalla)

Practical: Readings of "kissas" and their rewritings in a performative mode.

Suggested Readings:

- Farina Mir. "Genre and Devotion in Punjabi Popular Narratives: Rethinking Cultural and Religious Syncretism", *Comparative Studies in Society and History*, Vol. 48, No. 3 (July 2006), pp. 727-758.
- "Qissa and the popular Hindi cinema." In *Storytelling in World Cinemas*, vol II, edited by Lina Khatib, Wallflower Press, 2013.
- Sara Kazmi. "Radical re-tellings of hir: Gender and the politics of voice in post-colonial. Punjabi poetry." *South Asia Multidisciplinary Academic Journal*, 2019 (Open Edition Journals).
- Lloyd Ridgeon. *The Cambridge Companion to Sufism*, Cambridge, 2014.

- Bikram Singh Ghuman. *Punjabi Kissa Kaav da Birtaant Shastar*, GNDU.
- SAH Abidi. "Indian Stories in Indo-Persian Literature". *Indian Literature*, Vol 9 No 3 (July-September) 1966.
- Harnam Singh. "Tragic Love Legends East and West", *Journal of South Asian Literature* Vol 35 No ½, Miscellany, 2000. pp 101-114

Testing Scheme:

Max. Marks	**: 50 marks**
Theory	**: 40 marks**
Project work	**: 05 marks**
Internal Assessment	**: 05 marks**
Time	**: 3 Hours**

Q.1. Short answer type questions (200 words each). ***Five*** out of ***seven*** to be attempted. (20 marks)

Q.2. Long answer type questions (300 words each). ***Two*** out of ***three*** to be attempted. (20 marks)

SEMESTER III
VALUE ADDED COURSE 6
Basket

Course Title **: Children's Literature (Semester-III)**
Course Code **:** ENG-VAC-3-302
Typology of Course **:** Value Added Course (VAC)
Level **:** 200
Course Duration **:** 45 hours in one semester [15 hours of Lecture (1 hr per week) + 30 hours (2 hrs per week) of Practical]
Credits **:** 2 credits
Maximum Marks **:** 50 marks

Practical & Tutorials in all subjects to the capacity of only 20 students per lecture class.

Learning Objectives of the Course:

- The objective of this course is to provide a broad introduction to the vibrant and growing field of children's literature studies.
- It equips the participants to develop a vocabulary essential for the analysis of the texts ranging from folklore and mythology to contemporary realistic fiction, fantasy fiction and nonfiction.
- It would also help them advance in their ability to read comprehensively and critically, through discussions and deliberations/analysis of the proposed texts.
- Students will be able to explore the relationship between creative writing and children's experiences.
- Students should develop a greater sensitivity towards the interplay between texts and cultural contexts in which they are produced and consumed.
- They should develop an understanding of the literature as a tool to both entertain and educate children.
- It should provide better understanding of the reading and decoding strategies with reference to fairy tales, folk tales, myths, literary texts and fantasy fiction.
- Students should be able to apply various literary theories to analyse children's literature.
- Students should be able to deconstruct canonical texts from the marginalized perspective of children.

Course Pedagogy:

a) The paper requires 1-hour lecture-based teaching and 2-hour practical per week
b) Screening of films and documentaries and discussion on the same (though within the frame of prescribed topics of syllabus) will be carried out during the practical hours.
c) The students are supposed to do project work which entails writing the reviews/ analysis/ interpretation of the content discussed/screened during the practical hours.
d) The project work will be for 5 marks and internal assessment will be for 5 marks.

Course Content:

UNIT- I: The Written Tales

- *Haroun and the Sea of Stories* by Salman Rushdie, Granta, 1991.

UNIT-II: Tales from the Oral Tradition

- "Bharunda Birds" (Book II), "The Three Fishes" (Book I)
  Tales from the Panchatantra – Sarma, Visnu., Chandra Rajan. *The Panchatantra*. India: Penguin Books, 1993
- "The Eagle with Clipped Wings and the Fox" (6) "The Fox and the Billy Goat" (33)
  Aesop's Fables – Penguin Classics
- "Bopoluchi" (7) "The Clay Mother-in-Law" (35)
  Folktales from India, edited by A.K. Ramanujan, Penguin Classics
- "The tree witness" (20), "A suitable punishment" (107)
  Tales of Akbar and Birbal, Puffin Books, Penguin

Practical: Screening of *Swami and Friends*; *The Blue Umbrella* and discussion

Suggested Readings:

- Rakesh Desai edited, *Narrating the Child: Indian Context.*
- David Rudd edited, *The Routledge Companion to Children's Literature.*
- Wolf, S. A. *Interpreting Literature with Children*. Routledge.
- Hunt, Peter. *Understanding Children's Literature*. Routledge.
- Nikolajeva, Maria. *Aspects and Issues in the History of Children's Literature*. Greenwood Press.
- Pai, Anant. *Brave Women of India*. Amar Chitra Katha.
- Tatar, Maria. *The Classic Fairy Tales*. New York and London: W.W. Norton and Company.
- Olivelle, P. *The Panchatantra: The Book of India's Folk Vision*, Introduction xii, Oxford World's Classics, OUP.

Testing Scheme:

Max. Marks	**: 50 marks**
Theory	**: 40 marks**
Project Work	**: 05 marks**
Internal Assessment	**: 05 marks**
Time	**: 03 hours**

Q.1. Short answer type questions (150 words each). ***Five*** out of ***seven*** to be attempted. (20 marks)

Q.2. Long answer type questions (250 words each). ***Two*** out of ***three*** to be attempted. (20 marks)

*****

Environment Science

VALUE ADDED COURSE (Compulsory)

COURSE STRUCTURE

SEMESTER I (Credits = 02, Marks = 50)	
COURSE CODE	**COURSE TITLE**
ENV-VAC	**ENVIRONMENT SCIENCE**

CREDIT DISTRIBUTION

COURSE CODE & TITLE	CREDITS	CREDIT DISTRIBUTION OF COURSE			ELIGIBILITY CRITERIA	PRE-REQUISITE OF THE COURSE
		LECTURE	TUTORIAL	PRACTICAL/ FIELD WORK		
ENV-VAC: ENVIRONMENT SCIENCE	02	02	0	0	PASS IN CLASS 12TH	NIL

IMPORTANT NOTE:

1. Course under these will be offered only if a minimum of 10 students opt for the same.

OUTLINES OF TESTS

Theory Paper:

ENV-VAC	**Environment Science**	**50 Marks (02 credits)**

Practical:

ENV-VAC	**Environment Science**	**0 Marks (0 credits)**

GUIDELINES:

1. Course under these will be offered only if a minimum of 10 students opted for the same

EVALUATION

1. **There shall be one Mid Term Examination of** 20% of the total marks (10 marks) **in each semester.**
2. **End-semester examination will be of** 80% of the total marks (40 marks).
3. **The final examination shall be of** 2 hours duration.
4. **The students have to obtain 33% to qualify the paper.**

PATTERN OF END-SEMESTER QUESTION PAPER

(i) There will be **Nine** questions in all. The candidate will be asked to attempt **Five** questions.
(ii) One Compulsory question (consisting of short answer type questions) covering whole syllabus. There will be 15 questions of 1 mark each. Student will be required to attempt any 10 questions. First question will be of **total 10 marks.**
(iii) The remaining **Eight** questions will be in **Two UNITS**, each unit comprising of four questions. The questions will be of equal weightage (**7.5 marks**).
(iv) Students will attempt two questions from each UNIT and the compulsory question.

VALUE ADDED COURSE (COMPULSORY)

Course Title: Environment Science

Course Code: ENV-VAC
Credits: 02
Contact hours: 30

THEORY

Learning objectives: *The course intends to make the students understand:*

1. *Concepts and structure of our environment.*
2. *Structure of our ecosystem, Biodiversity and its importance.*
3. *Types of pollution and measures for their control.*
4. *Environment policies and sustainable development.*

Course outcomes: *After completion of the course, the students will be able to*

1. *Develop critical thinking on various dimensions of the environment.*
2. *Develop pro-environmental attitude among students so that they can adopt and propagate for eco-friendly lifestyle for environmental protection and conservation of biodiversity.*
3. *Develop scientific attitude to identify relevant environmental issues, analyse the various underlying causes, evaluate the prices and policies, and develop framework to make informed decisions.*

Unit 1: Introduction to Environment Science, Natural Resources, Ecosystem and Biodiversity **15 hours**

1.1. Scope, importance and multidisciplinary nature of Environmental Science
1.2. Natural resources—concept, renewable and nonrenewable resources (forest, soil and land resources), causes of depletion and conservation
1.3. Concept of ecosystem, structure and function of an ecosystem
1.4 Ecosystem: Food chain, Food web and ecological pyramids.
1.5 Biodiversity—definition, hotspots of biodiversity, threats to biodiversity loss, conservation of biodiversity.

Unit 2: Climate Change and Environmental issues ***15 Hours***

2.1 Environment pollution: Sources, types of pollution (Air, Water and Noise), causes, consequences and control
2.2 Climate Change: causes, consequences, Green House Effect, Global warming, Ozone depletion.
2.3 Solid Waste Management: causes, effects and control measures of urban and industrial waste.
2.4 Environmental movements: Chipko Movement, Silent valley, Bishnois of Rajasthan .
2.5 Environment Policies: Sustainable Development Goals, Montreal and Kyoto protocols, Convention on Biodiversity (CBD), Biodiversity Act 2002, Environment protection Act.

ESSENTIAL READINGS

1. Cunningham, W. P. & Cunningham, M.A. (2009). *Environmental science: a global concern*. Glencoe/McGraw-Hill school pub.
2. Bharucha, E. (2019). *Text Book for environmental studies*. Universities press (India) private limited.
3. Kaushik & Kaushik. (2018). *Perspectives in environmental studies.* New age international Publishers.
4. Basu, M. & Xavier, S. (2018). *Fundamental of environment studies.* Cambridge university press, Kolkata.
5. Prasad, G. (2008). *Handbook of environment science.* Discovery publishing house, New Delhi.
6. Saha, T.K. (2013). *Ecology and environmental biology.* Books & allied (p) Ltd. Kolkata.
7. Santra, S.C. (2018). *Environment science.* New Central book agency (P) Ltd. Kolkata.
8. Sharma, P.D. (2017). *Ecology and environment.* (10th Revised Edition), Rastogi Publication.
9. Divan, S. & Rosencranz, A. (2002). *Environmental law and policy in India*. Oxford university press.
10. Nandini, N. (2019). *A text book on environmental studies* (AECC). Sapna book house, Bengaluru.
11. Odum, E.P., Odum, H.T. & Andrews, J. (1971). *Fundamentals of ecology*. Philadelphia: Saunders.
12. Pepper, I.L, Gerba, C.P. & Brusseau, M.L. (2011). *Environmental and pollution science*. Academic press.
13. Sengupta, R. (2003). *Ecology and economics: An approach to sustainable development*. Oxford university press.
14. Singh, J.S., Singh, S.P. and Gupta, S.R. (2014). *Ecology, environmental science and conservation*. S. Chand publishing, New Delhi.

Fashion Designing

Semester-I
BASICS OF COMPUTER-I
BSC-FD-VAC-1-101
PRACTICAL

Credit: 2	**Total Marks : 50**
Duration of class: 4hr/week	**Exam : 40**
Duration of Exam: 3hrs.	**Int. Ass. : 10**

INSTRUCTIONS TO EXAMINER

1 Question paper should cover all the topics
2 Internal choice may be given in all questions

Learning Outcomes:
Students will have an in depth understanding of the following:

- Knowledge of computer to students.
- Concept of fundamentals of computer and its applications.
- Purposes of preparing his personnel/business letters, viewing information on internet (the web), sending mails, etc.

Content:

Section-I

THEORETICAL BACKGROUND TO BE DONE IN PRACTICAL CLASSES

1. Knowing Computer

- Introduction to Computer
- What is a computer
- Generation of computer
- Classification of Computers
- Configurations of Computers
- Computer Software and Hardware
- Computer Peripherals

Section –II
(Exercise on Computer)

2. Understanding Windows

- Windows Basics
- Start Windows
- Using different windows simultaneously
- Moving through windows and mouse
- Maximize/Minimize windows
- Use of help features
- Exit windows
- Starting an application
- Copy
- Move
- Delete files/ Directories/Folders
- Creating Directories/Folders
- Renaming files and directories/folders

3. **Word Processing Package (MS Word)**
   - Basics of Word Processing
   - Text Selection
   - Opening Documents and Creating Documents
   - Saving Documents/Quitting Documents
   - Cursor control
   - Printing and Replacing Text
   - Spell Check Feature/Autocorrect feature
   - Grammar facility
   - Retrieving often used test
   - Auto text character formatting
   - Page formatting
   - Document Enhancement: Adding, Borders and shading, Adding Headers and Footers, setting up Multiple Documents, Data source, Merging Documents,
   - Using Mail merge feature for labels and envelopes: Graphics and Using Templates and wizards
4. **Making a Presentation (MS Power Point)**
   - Basics
   - General Features
   - Creating a Presentation
   - Working with slides
   - Inserting images
   - Video
   - Audio Clips
   - Indents and line spacing
   - Slide animations transactions
   - Manual and Automatic slide show
   - Color themes, etc.
5. **Communications on Internet (e-mail messages)**
   - Basics of E-mail
     - What is an Electronic mail
     - Email Addressing
   - Using emails
     - Opening Email account
     - Mailbox: Inbox and Outbox
     - Creating and Sending a new Email
     - Replying to an Email message
     - Forwarding an Email message
     - Sorting and Searching Emails
   - Document Collaboration /attchments
   - Instant Messaging and Collaboration
   - Application and features of Cloud storage (Google drive, MS one drive etc)

Recommended Readings:-

1. Pradeep K. Sinha, Priti Sinha, “Computer fundamentals” BPB Publications, New Delhi, 2011.
2. MandeepHanda, Virnder Singh “Windows based Computer courses” ABS Publications, Jalandhar, 2011.
3. Suresh K. Basanra, “Computer Today” Galgotia Publications, New Delhi, 2008.
4. Ikvinderpal Singh, Baljinder Singh “Windows Based Computer Courses” Khanna Book Publications Co. (P) Ltd. 2011.

Semester-II

BASICS OF COMPUTER APLLICATIONS-II (VALUE-ADDED COURSES)
BSC-FD-VAC-2-201
PRACTICAL

Credit: 2 | **Maximum Marks : 50**
Duration of Class: 4 hrs per week | **Paper : 40**
Duration of Exam: 3hrs | **Internal Assessment : 10**

Instructions to examiner:

- The external and internal examiners are requested to be present at the examination centre before the commencement of the examination.

Learning Outcome:
Students will have an in depth understanding of the following:

- To impart basic computer knowledge to students.
- To enable students to concept of fundamentals and its applications.
- After completing the course the incumbent is able to the use the computer for basic purposes of preparing his personnel/business letters, viewing information on internet (the web), sending mails, etc.

Content:

Section-I

THEORETICAL BACKGROUND TO BE DONE IN PRACTICAL CLASSES

- Basics of Computer Memory (Primary and Secondary Memory)
- Secondary storage media devices
- Operating System(OS)
  - Introduction
  - Function performed by an OS
  - Types of OS
  - Brief Working of OS
- Technologies involved in Internet
  - WWW
  - Elements of WWW
  - Client Systems
  - Server computers
  - Websites
  - Web Browsers
  - Hyperlink
  - Hypertext/Hypermedia
  - Configuration and applications of Internet
  - Bluetooth
  - Wi-Fi
  - Search Engines.

Section –II (Exercise on Computer)

1. **Spreadsheet Package (MS-Excel)**
    - Worksheet Basics
    - Data Entry in Cells: Entry of numbers, text and formulae
    - Moving data in a worksheet
    - Moving around in a worksheet
    - Selecting Data Range
    - Using the interface (Toolbars,Menus) Editing Basics
    - Working with workbooks
    - Saving and Quitting
    - Cell referencing
    - Formatting and Calculations: Calculations and worksheets
    - Working with Formulae
    - Efficient Data Display with Data formatting (number formatting, data formatting, etc.)
    - Working with Ranges
    - Worksheet Printing
    - Working with Graphs and Charts:
        - Adding/Formatting Text Data with Auto format
        - Creating Embedded Chart using chart wizard, sizing and moving parts
        - Updating charts
        - Changing chart types
        - Creating separate charts
        - Chart wizard
        - Adding Titles
        - Legends
        - Gridlines
        - Printing Charts
    - Database Management
        - Finding records with Data form
        - Adding/Deleing Records
        - Filtering Records in a worksheet
    - Functions and Macro
        - Worksheet with worksheet function using function-wizard
        - Creating Macros
        - Record Macros
        - Running Macros
        - Assigning Macros to Buttons
    - Multiple worksheet and scanners.

Recommended Readings

1. Pradeep K. Sinha, Priti Sinha, “Computer fundamentals” BPB Publications, New Delhi,2011.
2. MandeepHanda, Virnder Singh “Windows based Computer courses” ABS Publications, Jalandhar, 2011.
3. Suresh K. Basanra, “Computer Today” Galgotia Publications, New Delhi, 2008.
4. Ikvinderpal Singh, Baljinder Singh “Windows Based Computer Courses” Khanna Book Publications Co. (P) Ltd. 2011.

Semester-IV

ENVIRONMENT SCIENCE (VALUE ADDED COURSE)
BSC-FD-VAC-3-401
THEORY

Credit: 2	**Maximum Marks : 50**
Duration of Class: 2hrs/week	**Paper : 40**
Duration of Exam: 3hrs	**Internal Assessment : 10**

Evaluation:

1. There shall be one Mid Term Examination of 20% of the total marks (10 marks) in each semester.
2. End-semester examination will be of 80% of the total marks (40 marks).
3. The final examination shall be of 3 hours duration.
4. The students have to obtain 40% to qualify the paper**.**

Instructions to the Examiner

1. There will be five questions in all. The candidate will be asked to attempt three questions.
2. One Compulsory question (consisting of short answer type questions) covering whole syllabus. There will be no choice in this question. First question will be of 15 marks.
3. The remaining four questions will be in Two UNITS, each unit comprising of two questions. The questions will be of equal weightage (12.5 marks).
4. Students will attempt one question from each UNIT and the compulsory question.

Learning Outcomes

After completion of the course, the students will be able to:

- Develop critical thinking on various dimensions of the environment.
- Develop pro-environmental attitude among students so that they can adopt and propagate for eco-friendly lifestyle for environmental protection and conservation of biodiversity.
- Develop scientific attitude to identify relevant environmental issues, analyse the various underlying causes, evaluate the prices and policies, and develop framework to make informed decisions.

Unit 1: Introduction to Environment Science, Natural Resources, Ecosystem and Biodiversity

1. Scope, importance and multidisciplinary nature of Environmental Science
2. Natural resources—concept, renewable and nonrenewable resources (forest, soil and land resources), causes of depletion and conservation
3. Concept of ecosystem, structure and function of an ecosystem
4. Ecosystem: Food chain, Food web and ecological pyramids.
5. Biodiversity—definition, hotspots of biodiversity, threats to biodiversity loss, conservation of biodiversity (in-situ and ex-situ)

Unit 2: Climate Change and Environmental issues

1. Environment pollution: Sources, types of pollution (air, water and Noise), causes, consequences and control
2. Climate Change: causes, consequences, Green House Effect, Global warming, Ozone depletion. Environment Science-Value Added Course (VAC)
3. Solid Waste Management: causes, effects and control measures of urban and industrial waste.
4. Environmental movements: Chipko Movement, Silent valley, Bishnois of Rajasthan.
5. Environment Policies: Sustainable Development Goals, Montreal and Kyoto protocols, Convention on Biodiversity (CBD), Biodiversity Act 2002, Environment protection Act.

****

Fine Arts

Semester I
Paper: BAFA-C(A)
Value Added, Fine Arts I:

Option-1: Visits to Museum/Art Exhibitions/ Option-2: Campus Beautification& Decoration during Academic and Cultural events in the Institution: Practical

Total Credits: 2
Fine Arts Practical

Max. Marks:50
Submission=45 marks
Internal Assessment: 5 marks

Course Objectives

The course comprises of Fine Arts practical aims to make students sensitive to aesthetic as well as cultural aspects of human civilisations through Value added approach. Here students are to visit museums and art exhibitions and study its specialties and importance (Option-1). Students are to take part in the college beautification activities or involving activities related to decoration during functions like Annual prize giving function, sports day, Independence day, Republic day, etc.(Option-2). Students are to prepare report of what they had visited with Geo Tag Photos. In case of art exhibition students can make interview with the artists. However, students are to submit soft copy and hard copy of their reports.

Option 1: Visit to Museums and Art Exhibitions

Students are to visit nearby museums and art exhibitions. Geo tagged photos regarding the student visit of the site are to be submitted. Students are to submit 1 report consist of at least 1000 words of each activity. Interviews with artists are to be conducted.

Option 2: Campus Beautification and Decoration during Academic and Cultural events in the Institution:

Students are to take part in the college beautification activities or involving activities related to decoration during functions like Annual prize giving function, sports day, Independence day, Republic day, etc.(Option-2). Geo tagged photos regarding the student activities related to option-2 are to be submitted. Students are to submit 3 reports consist of at least 500 words of each activity.

For private candidates, who have not been assessed earlier for internal assessment, the marks secured by them in practical paper will proportionately be increased to maximum marks of the paper in lieu of internal assessment**.**

***SUBMISSION OF REPORT: 45 Marks (Based on work related to the paper).**

Submission marks will be given on the basis of the work done during the session. Students are to visit nearby museums and art exhibitions (option-1)/ Students are to take part in campus beautification and decorative activities related to decoration during college/institutional functions (Option -2). Geo tag photos regarding the student visit of the site are to be submitted. Students are to submit 1 reports consist of at least 1000 words of each activity. Interviews with artists are to be conducted. Submission marks shall be given by external and internal examiners jointly. In case of difference of opinion, marking may be done separately by each examiner giving marks out of 50% of the aggregate of the submission marks.

NOTE:

1. Choice of option to be offered would depend on the facility available in each Institution concerned.
2. Minimum of 4 hours teaching per week/ a total of 30 hours to be assigned to the subject.

Semester I

Creative Photography
(One semester course) (Intake 20 students) Teaching Hours=34 hours.

Paper-I	**Creative Photography**		
Total Marks:50	External Theory:30	Practical (Internal):20	Credits: 2

Objectives:
After studying this paper, the students will be able to:

- Indentify the elements of visual language.
- Communicate effectively through graphical representation.
- Understand the technical aspects of the camera and photography.
- Utilize this knowledge to take creative photographs.
- Comprehend the concept of light, composition and depth of field.
- Aware of various aspects related to indoor and outdoor photography.

Unit-I Introduction to Photography

a) **Photography**: Meaning, types/genres, history, use and importance of photography.
b) **Camera**: Concept, Different Types of Cameras, Image sensor formats, Camera Body, Camera Lens, Accessories.

Unit-II Photojournalism

a) **Photojournalism**: Concept, significance, and camera equipment used in Photojournalism.
b) Ethics in Photojournalism, Photo essay, Cropping, Editing

Unit-III Photo Editing and Indoor Studio

a) **Photo Editing**: Concept of photo editing and advantages of Photo editing. Basics of photo editing (Cropping, histogram, contrast, image size, etc.), various tools used in Adobe Photoshop.
b) **Photography Studio**: Using natural and indoor lights, Flash, Backdrop, Color temperature (Cool light, warm light), basic posing, Safety aspects, First Aid, Props, etc.

Unit-IV Artificial Intelligence, Ethics, Legal aspects

a) **Artificial Intelligence**: Concept, types, principles, the importance of Artificial Intelligence in Photography.
b) **Ethics and Legal Aspects in Photography**: Concept of Ethics in Photography, copyright, Creative Commons and Royalty free images.

Practical work:

1. **Portfolio**: Preparation of Portfolio.
2. **Understanding the functioning of Photography Studio**: Prepare a report after a visit to a Photo Studio.
3. **Using social Media**: Create a Blog/Facebook page/Instagram page, etc. highlighting your creative work.
4. **Exhibition**: Photography Exhibition.
5. **Catalogue**: Preparing a catalogue for the Photography exhibition.

Semester II
Paper: BAFA-C(A)
Value Added, Fine Arts II:

Option-1: Visit to Cultural Places and Historical Monuments/ Option-2: Campus beautification& decoration during Academic and Cultural events in the Institution : Practical

Total Credits: 2
Fine Arts Practical

Max. Marks: 50
Submission: 45 marks
Internal Assessment: 5 marks

Course Objectives

The course comprises of Fine Arts practical aims to make students creative through value added approach. Here students are to visit cultural places and historical monuments. They can study various aspects from these visits(Option-1)/ Students are to take part in the college beautification activities or involving activities related to decoration during functions like Annual prize giving function, sports day, Independence day, Republic day, etc.(Option-2). Students are to submit report of various such places/ involve in college/institution beautification & decoration and make report on them. Geo tag photos can be taken and attached in the reports.

Option-1: Visit to Cultural Places and Historical Monuments

Here students are to visit cultural places and historical monuments. They can study various aspects from these visits.

Option-2: Campus Beautification and Decoration during Academic and Cultural events in the Institution

Students are to take part in the college beautification activities or involving activities related to decoration during functions like Annual prize giving function, sports day, Independence day, Republic day, etc.(Option-2).

Geo tagged photos regarding the student activities related to option1 or 2 are to be submitted. Students are to submit 01 report consist of at least 1000 words of each activity.

For private candidates, who have not been assessed earlier for internal assessment, the marks secured by them in practical paper will proportionately be increased to maximum marks of the paper in lieu of internal assessmen**t.**

SUBMISSION OF REPORTS: 45Marks (Based on work related to the paper).

Submission marks will be given on the basis of the reports of activities (of either option-1) or (option -2) submitted during the session. At least, 01 report consists of at least 1000 words of each report are to be submitted. Students are to submit hard copy of the reports/ Geo-tagged photos are to be included in the reports. Submission marks shall be given by external and internal examiners jointly. In case of difference of opinion, marking may be done separately by each examiner giving marks out of 50% of the aggregate of the submission marks.

NOTE:

1. Choice of option to be offered would depend on the facility available in each Institution concerned.
2. Minimum of 4 hours teaching per week / a total of 30 hours to be assigned to the subject.

Semester-III

Paper	Subject	Practical/ Theory	Credits	Duration of class	Total marks	Internal and Submission
Fine Arts VAC- 3	Option1: Doodle Art Option:2 Visit to Art Exhibition / Museum / Place of Historical Importance	Practical	2	4 lectures per week.	50	05 45

Paper- Practical:

VAC - 3:

Option 1: Doodle Art

Option 2: Visit to Art Exhibition / Museum / Place of Historical Importance

Option 1: Doodle Art

Course Description

This course introduces students to the basics of doodle art, exploring various techniques, styles, and contemporary applications. Students will develop their creative thinking, fine motor skills, and personal expression through hands-on exercises and projects.

Course Objectives

1. Understand the fundamentals, history, and evolution of doodle art.
2. Explore various doodle styles like Zentangle, abstract patterns, and themed doodles.
3. Enhance creativity, concentration, and self-expression through practice.
4. Improve fine motor skills and visual storytelling abilities.

Course Content

1. **Introduction to Doodle Art**: History, evolution, importance in modern art and design.
2. **Styles and Techniques**: Zentangle, Mandala, abstract doodling, thematic doodling (nature, emotions, daily life).
3. **Tools and Mediums**: Pens, markers, digital doodling, mixed media.
4. **Hands-On Sessions**: Practical exercises focusing on creativity and technique building.
5. **Personal Style Development**: Projects encouraging the creation of personalized doodle art themes.

Learning Outcomes

1. Create intricate and meaningful doodle compositions independently.
2. Enhance observational skills, creativity, and personal expression through doodling.
3. Develop improved fine motor control, attention to detail, and visual design skills.

Materials and Tools Required

- Sketchbooks / Doodle journals
- Fine liners, markers, colored pens, pencils
- Erasers, sharpeners, rulers, compasses
- Access to digital tools (optional): tablets, design apps for digital doodling
- Reference images (online/personal collections)

Submission Format: Final Artwork Submission

- **Requirement**:
  Each student must submit **5 original doodle artworks**, created during the course.
- **Specifications**:
  - All artworks must be done on **A4 size sheets (210 x 297 mm)**.
  - Each work should reflect different styles, themes, or techniques explored during the course (e.g., Zentangle, abstract doodles, mandala patterns, themed doodling).
- **Presentation**:
  - Artworks must be submitted as a **hard copy** in a **folder or file** for safe handling.
  - Ensure all sheets are clean, flat, and uncreased.
- **Submission Deadline**: [To be decided by faculty/institution]

Option 2: Visit to Art Exhibition / Museum / Place of Historical Importance

Course Description

This course provides students with immersive exposure to visual art and cultural heritage through curated visits to art exhibitions, museums, and historically significant sites. It encourages the development of visual literacy, contextual understanding, and critical thinking. Through observation, sketching, and reflective writing, students will gain a deeper appreciation for the role of art in society and history.

Course Objectives

1. Understand the educational and cultural significance of exhibitions, museums, and historical sites.
2. Develop analytical and observational skills by engaging with original artworks and artifacts.
3. Explore diverse artistic styles, movements, and historical narratives in context.
4. Enhance reflective thinking and written expression through documentation and discussion.

Course Content

1. **Introduction to Museums, Exhibitions, and Historical Sites** – Importance in cultural preservation, education, and public engagement.
2. **Guided Field Visits**– Structured exploration of selected exhibitions, galleries, and historical places – Activities include observation, sketching, note-taking, and guided discussions.
3. **Art and Cultural Analysis** – Interpreting art and artifacts: composition, symbolism, technique, historical background– Understanding curatorial practices and exhibition design.
4. **Reflective Practice and Critical Writing**– Writing personal reflections, analytical essays, or visual journals.– Group discussions and peer reviews to build communication and critique skills.

Learning Outcomes

By the end of this course, students will be able to:

1. Analyze artworks and historical artifacts within their cultural and historical frameworks.
2. Demonstrate improved visual literacy and critical thinking abilities.

3. Communicate personal insights and interpretations through reflective and analytical writing.
4. Appreciate the evolving roles of museums, exhibitions, and historical landmarks in preserving cultural heritage.

Materials and Tools Required

- Sketchbooks or notebooks for field notes and illustrations.
- Pens, pencils, and highlighters for annotation and sketching.
- Smart phones or cameras (for documentation, where permitted).
- Access to art exhibitions, museums, or historically significant sites.
- Reference materials: art history and cultural studies books, museum brochures, and critical analysis guides.

Submission Format: Final Report

- **Title**: Name of the place visited (museum/art gallery/historical site).
- **Word Count**: 1000 words (minimum).
- **Content Guidelines**:
    1. **Introduction**: Brief overview of the site and reasons for its importance.
    2. **Historical/Artistic Significance**: Analysis of key exhibits, artifacts, artworks, or architecture.
    3. **Personal Observations**: Student's reflections, impressions, and insights.
    4. **Conclusion**: Summary of what was learned and its relevance to art or cultural studies.
- **Photographic Evidence**:
    - At least 3–5 **clear photographs** of the site.
    - **One geo-tagged photograph** showing the student at the location (with date/time stamp and GPS location enabled).
- **Format**: **Hard copy submission** — typed or **neatly handwritten** (only if specified by the instructor)

  Submission Deadline: [To be decided by institution/faculty]

<u>Submission of Reports – 45 Marks</u> <u>(Marks based on work related to the paper)</u>

Students must submit reports/artworks as per the chosen option. The **submission component carries a total of 45 marks**, which will be jointly awarded by **internal and external examiners**. In case of a disagreement between the examiners, marks may be assigned separately by each examiner, with each awarding up to **50% of the total submission marks** (i.e., out of 22.5).

Notes:

1. The availability of each option will depend on the **infrastructure and facilities** provided by the respective institution.
2. A minimum of **4 hours per week** of instructional time must be allocated for the course.

*****

Gandhian and Peace Studies

Semester - I

VAC-1

Course Title : Understanding of Non-violence in Gandhian Way
Course Code : GPS-VAC-1- 101
Typology of Course : Value Added Course (VAC)
Level of the Course : 100
Course Duration : 60 hrs
Credits : 2 Credits
Maximum Marks : 50 marks
Theory : 45 marks
Internal Assessment : 05 marks
Time : 3 hours

History

SEMESTER I

HIS-VAC-1-101: UNDERSTANDING INDIA (ANCIENT IDEAS)

Credit	**: 2**
Theory Exam	**: 45**
Internal Assessment	**: 5**
Level of Course	**: 100**

Course Objective: The paper will equip the students with a basic understanding of socio-religious traditions in India and familiarise them with fundamental philosophical traditions in ancient India.

Learning Outcome:

1. To familiarise the students with the six philosophical schools and views of Charvaka and Lokayata.
2. To familiarise the students with the traditions of *Karma*,*purushartha* and *Ahimsa* in India's Knowledge system.

Pedagogy of the Course

There will be direct teaching where the students will be referred to the primary works. There will be continuous evaluation of the students through assignments and semester tests. Towards the end of the session, there will be a written examination.

Instructions for the Paper Setter:

1. The duration of the examination shall be 3 hours with a maximum of 45 marks. There will be 5 questions overall. Question no.1 will be compulsory. There will be 8 short questions. Students have to attempt any 5 in 25-30 words. Each question carries 3 marks. The students have to attempt any 2 essay-type questions, picking 1 out of each unit in about 700-1000 words. Each question carries 15 marks.
2. Internal Assessment will be divided into the following criteria:

Mid Semester Test:	:	2marks
Assignment Report and Class presentation	:	2 marks
Attendance	:	1marks

Note: For Private/Centre for Distant and Online Education students, who have not been assessed earlier for the internal assessment, the marks secured by them in the written paper will proportionally be increased in lieu of the internal examination.

Unit-I

Unity in Diversity; Six Schools of Philosophy; Charvaka and Lokyata

Unit-II

Yoga; Theory of Karma; Theory of *Ahimsa; Purushartha- dharam, arth, kama, moksha.*

Suggested Readings:

A.L. Basham, *The Wonder That Was India: A Survey of the History and Culture of the Indian Sub-continent Before the Coming of the Muslims*. London: Picador, 2004 reprint.
S. Radhakrishnan, The Hindu Way of Life, London, 1954.
Bhagwan Das, *Purushuratha*, New Delhi (Hindi edition), 1947.
Debiprasad Chattopadhyaya, *Indian Philosophy: A Popular Introduction,* Peoples Publishing House, 2015 (Reprint).

SEMESTER II

HIS- VAC-2 -201: UNDERSTANDING INDIA (BHAKTI AND SUFI IDEAS)

Credit	**: 2**
Theory Exam	**: 40**
Internal Assessment	**: 10**
Level of Course	**: 100**

Course Objective: The paper will equip the students with a basic understanding of socio-religious traditions in India and familiarise them with fundamental philosophical traditions in Medieval India.

Learning Outcome:

1. To study various traditions of the bhakti movement.
2. Study of bhakti and Sufi saints and pirs.
3. Study Sufi philosophy.

Pedagogy of the Course

There will be direct teaching where the students will be referred to the primary works. There will be continuous evaluation of the students through assignments and semester tests. Towards the end of the session, there will be a written examination.

Instructions for the Paper Setter:

1. The duration of the examination shall be 3 hours with maximum of marks 45. There will be 5 questions overall. Question no.1 will be compulsory. There will be 8 short questions. Students have to attempt any 5 in 25-30 words. Each question carries 3 marks. The students have to attempt any 2 essay-type questions picking 1 out of each unit in about 700-1000 words. Each question carries 15 marks.

2. Internal Assessment will be divided into the following criteria:

Mid Semester Test:	:	2marks
Assignment Report and Class presentation	:	2 marks
Attendance	:	1marks

Note: For Private/Centre for Distant and Online Education students, who have not been assessed earlier for the internal assessment, the marks secured by them in the written paper will proportionally be increased in lieu of the internal examination.

Unit – I

Advaita -Dvaita; Forms of Devotion:saguna and nirguna

Unit -II

Female Saints of Medieval India; Sufism- *pir, sama*and *wahadat al wujud*(Unit of being).

Suggested Readings:

Bhandarkar, R.G. (2016), *Vaishnavism, Shaivism and Minor Religious Systems,* New York; Routledge.
Burz Richard (1976), *The Bhakti Sect of Vallabhacharya*, Faridabad: Thomson Press (India).
Deberry, William Theodore et.al. (1963), ed., *Sources of Indian Tradition*, Delhi: MunshiramManoharlal.
Grewal, J.S. (2006), *Religious Movements and Institutions in Medieval India*, PHISPC, New Delhi: Oxford University Press.
Mishra, Neeru (2004), *Sufis and Sufism: Some Reflections*, New Delhi: Manohar.
Rizvi, S.A.A. (1993), *Muslim Revivalist Movements in Northern India in the Sixteenth and Seventeenth Centuries,* New Delhi: MunshiramManoharlal.
V. Charlotte (199), Myths, Saints,Legends in Medieval India, Delhi: Oxford University Press.

SEMESTER III

HIS-VAC- 3-301: UNDERSTANDING INDIA (MODERN IDEAS)

Credit	**: 2**
Theory Exam	**: 4**
Internal Assessment	**: 5**
Level of Course	**: 200**

Course Objective:

The paper will equip the students with a basic understanding of socio-religious traditions in India and familiarise them with fundamental philosophical traditions in ancient India.

Learning Outcome:

1. To familiarise the students with the ideals of Universal brotherhood in the Indian Knowledge System
2. To familiarise the students with the tradition of Ahimsa in the Indian Knowledge system, Swaraj, and Hindutva. There will be direct teaching where the students will be referred to the primary works. There will be continuous evaluation of the students through assignments and semester tests. Towards the end of the session, there will be a written examination.

Instructions for the Paper Setter:

The duration of the examination shall be 3 hours with a maximum of 45 marks.There will be 5 questions overall. Question no.1 will be compulsory. There will be 8 short questions. Students have to attempt any 5 in 25-30 words. Each question carries 3 marks. The students have to attempt any 2 essay-type questions picking 1 out of each unit in about 700-1000 words. Each question carries 15 marks.

2. Internal Assessment will be divided into the following criteria: -

Mid-Semester Test	: 2 marks
Assignment Report and Class presentation	: 2 marks
Attendance	: 1 mark

Note: For Private/Centre for Distant and Online Education Students, who have not been assessed earlier for the internal assessment, the marks secured by them in the written paper will proportionally be increased in lieu of the internal examination.

Unit-I

Theory of Universal Brotherhood, gender equality, and social justice.

Unit-II

Ideas of Democracy, Swaraj, Ahimsa, Hindutva

Suggested Readings:

1. Savarkar, V. D. (1923). *Essentials of Hindutva*. CreateSpace Independent Publishing Platform.
2. Jones, K. W. (1989). *Social-Religious Movements in British India*, Cambridge University Press, New Delhi
3. Crane, J. K. (2007). *Rediscovering Gandhi: Ahimsa, the Way to Peace*. Concept Publishing Company.
4. Rodrigues, V. (Ed.), *The Essential Ambedkar: Selected Writings and Speeches, OUP,* New Delhi, 2004.

Home Science

Semester – I

Basics of Computer -I (Value Added Course)
BSC-HSC-VAC-1-101

Practical

Credit	**: 2**	**Maximum Marks**	**: 50**
Duration of Class	**: 4 hrs/week**	**Paper**	**: 40**
Duration of Exam	**: 3hrs**	**Internal Assessment**	**: 10**

Instructions to the Examiner

- The external and internal examiners are requested to be present at the examination centre before the commencement of the examination.
- Set the question papers in consultation with the internal examiner and conduct the practical examination as per the scheme.

Learning Outcomes

- To impart basic computer knowledge to students.
- To enable students to concept of fundamentals and its applications.
- After completing the course, the incumbent is able to the use the computer for basic purposes of preparing his personnel/business letters, viewing information on internet (the web), sending mails, etc.

Content

1. **Knowing Computer**
   - Introduction to Computer
   - What is a computer
   - Generation of computer
   - Classification of Computers
   - Configurations of Computers
   - Computer Software and Hardware
   - Computer Peripherals

2. **Understanding Windows**
   - Windows Basics
   - Start Windows
   - Using different windows simultaneously
   - Moving through windows and mouse
   - Maximize/Minimize windows
   - Use of help features
   - Exit windows
   - Starting an application
   - Copy
   - Move
   - Delete files/ Directories/Folders
   - Creating Directories/Folders
   - Renaming files and directories/folders

3. **Word Processing Package (MS Word)**

- Basics of Word Processing
- Text Selection
- Opening Documents and Creating Documents
- Saving Documents/Quitting Documents
- Cursor control
- Printing and Replacing Text
- Spell Check Feature/Autocorrect feature
- Grammar facility
- Retrieving often used test
- Auto text character formatting
- Page formatting
- Document Enhancement: Adding, Borders and shading, Adding Headers and Footers, setting up Multiple Documents, Data source, Merging Documents,
- Using Mail merge feature for labels and envelopes: Graphics and Using Templates and wizards

4. Making a Presentation (MS Power Point)

- Basics
- General Features
- Creating a Presentation
- Working with slides
- Inserting images
- Video
- Audio Clips
- Indents and line spacing
- Slide animations transactions
- Manual and Automatic slide show
- Color themes, etc.

5. Communications on Internet (e-mail messages)

- Basics of E-mail
  - What is an Electronic mail
  - Email Addressing
- Using emails
  - Opening Email account
  - Mailbox: Inbox and Outbox
  - Creating and Sending a new Email
  - Replying to an Email message
  - Forwarding an Email message
  - Sorting and Searching Emails
- Document Collaboration /attchments
- Instant Messaging and Collaboration
- Application and features of Cloud storage (Google drive, MS one drive etc)

Recommended Readings

1. Pradeep K. Sinha, Priti Sinha, “Computer fundamentals” BPB Publications, New Delhi, 2011.
2. Mandeep Handa, Virnder Singh “Windows based Computer courses” ABS Publications, Jalandhar, 2011.
3. Suresh K. Basanra, “Computer Today” Galgotia Publications, New Delhi, 2008.
4. Ikvinderpal Singh, Baljinder Singh “Windows Based Computer Courses” Khanna Book Publications Co. (P) Ltd. 2011.

Semester – II

Basics of Computer - II (Value Added Course)
BSC-HSC-VAC-2-201
Practical

Credit	**: 2**	**Maximum Marks**	**: 50**
Duration of Class	**: 4hrs/week**	**Paper**	**: 40**
Duration of Exam	**: 3hrs**	**Internal Assessment**	**: 10**

Instructions to examiner

- The external and internal examiners are requested to be present at the examination centre before the commencement of the examination.
- Set the question papers in consultation with the internal examiner and conduct the practical examination as per the scheme.

Learning Outcomes

- To gain basic computer knowledge
- To understand concept of fundamentals and its applications
- Students will be able to use the computer for basic purposes of preparing personnel/business letters, viewing information on internet (the web), sending mails, etc.

Content

1. Knowing Computer

- Basics of Computer Memory (Primary and Secondary Memory)
- Secondary storage media devices
- Operating System(OS)
  - Introduction
  - Function performed by an OS
  - Types of OS
  - Brief Working of OS
- Technologies involved in Internet
  - WWW
  - Elements of WWW
  - Client Systems
  - Server computers
  - Websites
  - Web Browsers
  - Hyperlink
  - Hypertext/Hypermedia
  - Configuration and applications of Internet
  - Bluetooth
  - Wi-Fi
  - Search Engines.
    a) Spreadsheet Package(MS-Excel)
       - Worksheet Basics
       - Data Entry in Cells: Entry of numbers, text and formulae
       - Moving data in a worksheet
       - Moving around in a worksheet

- Selecting Data Range
- Using the interface (Toolbars, Menus) Editing Basics
- Working with workbooks
- Saving and Quitting
- Cell referencing
- Formatting and Calculations: Calculations and worksheets
- Working with Formulae
- Efficient Data Display with Data formatting (number formatting, data formatting, etc.)
- Working with Ranges
- Worksheet Printing
- Working with Graphs and Charts:
    - Adding/Formatting Text Data with Auto format
    - Creating Embedded Chart using chart wizard, sizing and moving parts
    - Updating charts
    - Changing chart types
    - Creating separate charts
    - Chart wizard
    - Adding Titles
    - Legends
    - Gridlines
    - Printing Charts
- Database Management
    - Finding records with Data form
    - Adding/Deleing Records
    - Filtering Records in a worksheet
- Functions and Macro
    - Worksheet with worksheet function using function-wizard
    - Creating Macros
    - Record Macros
    - Running Macros
    - Assigning Macros to Buttons
- Multiple worksheet and scanners.

Recommended Readings

1. Pradeep K. Sinha, Priti Sinha, “Computer fundamentals” BPB Publications, New Delhi,2011.
2. Mandeep Handa, Virnder Singh “Windows based Computer courses” ABS Publications, Jalandhar, 2011.
3. Suresh K. Basanra, “Computer Today” Galgotia Publications, New Delhi, 2008.
4. Ikvinderpal Singh, Baljinder Singh “Windows Based Computer Courses” Khanna Book Publications Co. (P) Ltd. 2011.

Semester – IV
Environment Science (Value Added Course)
BSC-HSC-VAC-3-401
Theory

Credit	**: 2**	**Maximum Marks: 50**
Duration of Class	**: 2hrs/week**	**Paper: 40**
Duration of Exam	**: 3hrs**	**Internal Assessment: 10**

Evaluation:

1. There shall be one Mid Term Examination of 20% of the total marks (10 marks) in each semester.
2. End-semester examination will be of 80% of the total marks (40 marks).
3. The final examination shall be of 3 hours duration.
4. The students have to obtain 40% to qualify the paper.

Instructions to the Examiner

1. There will be five questions in all. The candidate will be asked to attempt three questions.
2. One Compulsory question (consisting of short answer type questions) covering whole syllabus. There will be no choice in this question. First question will be of 15 marks.
3. The remaining four questions will be in Two UNITS, each unit comprising of two questions. The questions will be of equal weightage (12.5 marks).
4. Students will attempt one question from each UNIT and the compulsory question.

Learning Outcomes

After completion of the course, the students will be able to:

- Develop critical thinking on various dimensions of the environment.
- Develop pro-environmental attitude among students so that they can adopt and propagate for eco-friendly lifestyle for environmental protection and conservation of biodiversity.
- Develop scientific attitude to identify relevant environmental issues, analyse the various underlying causes, evaluate the prices and policies, and develop framework to make informed decisions.

Unit 1: Introduction to Environment Science, Natural Resources, Ecosystem and Biodiversity

1. Scope, importance and multidisciplinary nature of Environmental Science
2. Natural resources—concept, renewable and nonrenewable resources (forest, soil and land resources), causes of depletion and conservation
3. Concept of ecosystem, structure and function of an ecosystem
4. Ecosystem: Food chain, Food web and ecological pyramids.
5. Biodiversity—definition, hotspots of biodiversity, threats to biodiversity loss, conservation of biodiversity (in-situ and ex-situ)

Unit 2: Climate Change and Environmental issues

1. Environment pollution: Sources, types of pollution (air, water and Noise), causes, consequences and control
2. Climate Change: causes, consequences, Green House Effect, Global warming, Ozone depletion. Environment Science-Value Added Course (VAC)
3. Solid Waste Management: causes, effects and control measures of urban and industrial waste.
4. Environmental movements: Chipko Movement, Silent valley, Bishnois of Rajasthan.
5. Environment Policies: Sustainable Development Goals, Montreal and Kyoto protocols, Convention on Biodiversity (CBD), Biodiversity Act 2002, Environment protection Act.

Recommended Readings:

1. Cunningham, W. P. & Cunningham, M.A. (2009). Environmental science: a global concern. Glencoe/McGraw-Hill school pub.
2. Bharucha, E. (2019). Text Book for environmental studies. Universities press (India) private limited.
3. Kaushik & Kaushik. (2018). Perspectives in environmental studies. New age international Publishers.
4. Basu, M. & Xavier, S. (2018). Fundamental of environment studies. Cambridge university press, Kolkata.
5. Prasad, G. (2008). Handbook of environment science. Discovery publishing house, New Delhi.
6. Saha, T.K. (2013). Ecology and environmental biology. Books & allied (p) Ltd. Kolkata.
7. Santra, S.C. (2018). Environment science. New Central book agency (P) Ltd. Kolkata.
8. Sharma, P.D. (2017). Ecology and environment. (10th Revised Edition), Rastogi Publication.
9. Divan, S. & Rosencranz, A. (2002). Environmental law and policy in India. Oxford university press.
10. Nandini, N. (2019). A text book on environmental studies (AECC). Sapna book house, Bengaluru.
11. Odum, E.P., Odum, H.T. & Andrews, J. (1971). Fundamentals of ecology. Philadelphia: Saunders.
12. Pepper, I.L, Gerba, C.P. & Brusseau, M.L. (2011). Environmental and pollution science. Academic press.
13. Sengupta, R. (2003). Ecology and economics: an approach to sustainable development. Oxford university press.
14. Singh, J.S., Singh, S.P. and Gupta, S.R. (2014). Ecology, environmental science and conservation. S. Chand publishing, New Delhi.

Semester-I

Nutrition and Fitness (NF)
BA-HMS-VAC-1-101
(Theory)

Credit: 1 (1+0) **Maximum Marks: 25**
Duration of Class: 1 hour per week **Paper: 22**
Duration of Exam: 3 Hours **Internal Assessment: 03**

Instructions for Paper Setters and Candidates:

1. The question paper will consist of 2 sections: A and B
2. Sections A will consist of 7 short answer type questions of 2 marks each. Student will have to attempt 6 questions
3. Section B will consist of objective type questions/ fill in the blanks covering the entire syllabus uniformly and will carry 10 marks

Learning Objective:

1. To introduce the students to the fundamentals of nutrition, food, and health.
2. To familiarize them with the importance of nutrition during various stages of life.
3. To impart knowledge regarding etiology and management of nutritional disorders ranging from nutritional deficiencies to lifestyle disorders.

Unit I

1. **Understanding Fitness**
   - Definition of Fitness
   - Health and Related Terms
   - Assessment of Fitness
   - Approaches for Keeping Fit

2. **Importance of Nutrition**
   - Role of Nutrition in Fitness
   - Nutritional Guidelines for Health and Fitness
   - Nutritional Supplements

Semester-I

Nutrition and Fitness (NF)
BA-HMS-VAC-1-101
(Practical)

Credits: 1(0+1) **Maximum marks: 25**
Duration of class: 2 hours per week **Paper: 22**
Duration of exams: 3 hours' **Internal assessment: 03**

Instructions for Paper Setters and Candidates:

1. The question paper will be set on the spot.
2. Duration of paper will be 3 hours.
3. Candidate is required to submit practical file, project work.

Course Content:

1. Identification of food sources for various nutrients using food composition tables.
2. Record diet of self-using 24 dietary recall and its nutritional analysis.
3. Introduction to meal planning, Concept of food exchange system
4. Planning of meals for adults of different activity levels for various income groups.

Suggested resources for reading:

1. Bamji M.S., Krishnaswamy K,Brahmam GNV (2009) Textbook of Human Nutrition, 3rd edition, Oxford and IBH Publishing Company Pvt. Ltd.
2. Srilakshmi (2010), Food Science, 4th edition, New Age International Ltd.
3. Wardlaw, M.G. Paul M. Insel, Mosby (1996), Perspective in Nutrition, 3rd edition.
4. Introduction to Human Nutritioned, Gibneyetal, Blackwell Publishers, 2005.
5. Khanna K, Gupta S, Seth R, Mahna R. Rekhi T(2004), The Art and Science of Cooking: A Practical Manual, Revised Edition, Elite Publishing House Pvt. Ltd.

Semester-II

Physical Activity and Fitness (PF)
BA-HMS-VAC-2-201
(Theory)

Credit: 1 **Maximum Marks: 25**
Duration of Class: 1 hour per week **Paper: 22**
Duration of Exam: 3 Hours **Internal Assessment: 03**

Instructions for Paper Setters and Candidates:

1. The question paper will consist of 2 sections: A and
2. Sections A will consist of 7 short answer type questions of 2 marks each. Student will have to attempt 6 questions
3. Section B will consist of objective type questions/ fill in the blanks covering the entire syllabus uniformly and will carry 10 marks

Learning Outcomes:

1. To introduce the students to the fundamentals of nutrition, food, and health.
2. To familiarize them with the importance of nutrition during various stages of life.
3. To impart knowledge regarding etiology and management of nutritional disorders ranging from nutritional deficiencies to lifestyle disorders.

Unit I

1. **Importance of Physical Activity**
    - Importance and Benefit of Physical Activity
    - Physical Activity- Frequency, Intensity, Time and Type with Examples Physical
    - Activity Guidelines and Physical Activity Pyramid

2. **Weight Management**
    - Assessment, Etiology, Health Complications of Overweight and Obesity Diet and Exercise for Weight Management
    - Faddicts
    - Principles of Planning Weight Reducing Diets

Semester-II

Physical Activity and Fitness (PF)
BA-HMS-VAC-2-201
(Practical)

Credits: 1 **Maximum Marks: 25**
Duration of Class: 2 hours per week **Paper: 22**
Duration of Exams: 3 hours **Internal Assessment: 03**

Instructions for Paper Setters and Candidates:

1. The question paper will be set on the spot.
2. The duration of paper will be 3 hours.

Content:

1. Planning of nutritious snack for different age and income groups
2. Preparation of nutritious snacks using various methods of cooking
3. Nutritional labeling of food products
4. Estimation of BMI and other nutritional status parameters

Suggested Resources for Reading:

1. Bamji, M.S. Krishnaswamy K. Brahmam, G.N.V. (2009), Textbook of Human Nutrition, 3rd Edition, Oxford and IBH Publishing, Company Private Limited
2. Sri Lakshmi, 2010, Food Science, 4th Edition, New Age International Limited
3. Wardlaw, M.G. Paul M. Insel Mosby (1996) Perspective in Nutrition, 3rd Edition
4. Introduction to Human Nutritioned, Gibnetal, Blackwell Publishers, 2005
5. Khanna K, Gupta S, Seth R,Mahna R. Rekhi T(2004), The Art and Science of Cooking, A Practical Manual, Revised Edition, Elite Publishing House, Private Limited.

Nutrition and Fitness-III Semester III
BA-HMS-VAC-3-301
(Theory)

Credits: 1 **Maximum Marks: 25**
Duration of Class: 1 hour per week **Paper: 20**
Duration of Exam: 3 hours **Internal Assessment: 5**

Instructions for paper setters and candidates:

1. The question paper will be set on the spot.
2. The duration of paper will be 3 hours.

Learning Outcomes:

1. To introduce the students to the fundamentals of Nutrition, food and health
2. To familiarize them with importance of nutrition during various stages of life.
3. To impart knowledge regarding etiology and management of nutritional disorders ranging from nutritional deficiencies to life style disorders.

UNIT-I

1. Nutrition Transition
   - Changing trends in life style and dietary patterns in population groups and their implications on nutritional status and disease.
   - Triple burden of malnutrition.
   - Improving nutritional quality of diets- fortification, bioavailability of nutrients, dietary diversity, new food basket.

2. Emerging Concepts in Human Nutrition
   - Nutrigenomics
   - Functional foods and bioactive compounds
   - Nutraceuticals

Nutrition and Fitness-III Semester III
BA-HMS-VAC-3-301
(Practical)

Credits: 1 **Maximum Marks: 25**
Duration of Class: 2 hours per week **Paper: 20**
Duration of Exam: 3 hours **Internal Assessment: 5**

Instructions for paper setters and candidates:

1. The question paper will be set on the spot.
2. The duration of paper will be 3 hours.
3. Candidate is required to submit Practical file/Project work.

Course Content:

1. Nutrition education- Assessment of knowledge, attitude and practise based survey (questionnaire development).
2. Identification of various nutraceuticals and functional foods available in the market.
3. To conduct the market survey for identification of health claims of various nutraceuticals products and prepare a report.

Suggested Resources for Reading:

1. Bamji MS, Krishnaswamy K, Brahmam GNV (2009). Textbook of Human Nutrition, 3rd edition. Oxford and IBH Publishing Co. Pvt. Ltd.
2. Srilakshmi(2010). FoodScience, 4th Edition. New Age International Ltd.
3. Wardlaw MG, Paul M Insel Mosby (1996). Perspectives in Nutrition, ThirdEdition.
4. Introduction to Human Nutritioned. Gibneyetal, Blackwell Publishers, 2005
5. Khanna K, Gupta S, Seth R, Mahna R, Rekhi T (2004). The Art and Science of Cooking: A Practical Manual, Revised Edition. Elite Publishing House Pvt Ltd.

****

Human Rights and Duties

SEMESTER- 1

Paper Code: - HRD-VAC-1-101
Understanding Human Rights

Maximum Marks	**: 50 marks**
Theory	**: 45 marks**
Internal Assessment	**: 5 marks**
Level of Course	**: L-100**

Course Objectives
The aim of the course is to create awareness about human rights for beginners.

Learning Outcomes
The students will be able to get an overview about the foundations of human rights at the end of this course

Pedagogy of the Course
Lectures, assignments, presentations, field visits, documentaries, other media role-play etc.

Duration of the Course
The course will be of 2 credits with 30 hours of lectures.

Instructions for Paper Setters and Candidates

1. The Syllabus has been divided into two units.
2. There shall be 7 questions in all.
3. The first question shall be short answer type containing 08 short answer type questions spread over the whole syllabus and each to be answered in about 25 to 30 words. The candidate is required to attempt any 5 short answer type questions i.e., 3 marks of each. It shall carry 15 marks and shall be compulsory question.
4. Rest of the paper shall contain 2 units and each unit shall have two questions and the candidates shall be given internal choice i.e., the candidates shall attempt one question from each. All questions shall carry 15 marks.

Course Contents

Unit I: Introducing Human Rights

a. Understanding the idea of Human Rights through a walkthrough of the historical, philosophical and cultural premises *Indian Constitution and Human Rights*
b. Developing in-depth insight into the constitutional, statutory and institutional aspects of human rights protection in India.

Unit II: United Nations and Human Rights – Recognizing and interpreting

a. United Nations international human rights law
b. Human Rights: What you can do – Capacity building for respecting , defending and promoting human rights

Essential Readings

- Donnelly, J. (2013). *Universal Human Rights in Theory and Practice (3rd ed.)*. Ithaca, NY: Cornell University Press.
- Moeckli, D., Shah, S., Sivakumaran, S., & Harris, D. (2018). *International Human Rights Law (2nd ed.).* Oxford, UK: Oxford University Press.
- Alston, P. (2005). *International Human Rights in Context: Law, Politics, Morals* (3rd ed.). Oxford, UK: Oxford University Press.
- Nowak, M. (2019). *Human Rights: A Very Short Introduction* (3rd ed.). Oxford, UK: Oxford University Press.
- Forsythe, D. P. (2017). *Human Rights in International Relations* (3rd ed.). Cambridge, UK: Cambridge University Press.
- Morsink, J. (2017). *The Universal Declaration of Human Rights: Origins, Drafting, and Intent*. Philadelphia, PA: University of Pennsylvania Press.
- Steiner, H. J., Alston, P., & Goodman, R. (2019). *International Human Rights in Context: Law, Politics, Morals* (5th ed.). Oxford, UK: Oxford University Press.
- Glendon, M. A. (2002). *A World Made New: Eleanor Roosevelt and the Universal Declaration of Human Rights*. New York, NY: Random House.

SEMESTER-2

Paper Code: - HRD-VAC-2-201
Right to Information and Human Rights

Maximum Marks	**: 50 marks**
Theory	**: 45 marks**
Internal Assessment	**: 5 marks**
Level of Course	**: L-100**

Course Objectives
The aim of the course is to create awareness about right to information.

Learning Outcomes
The learner's will be able to understand the salient features of filing of RTI.

Pedagogy of the Course Work
Lectures, assignments, presentations, group work, documentaries and other media, role-play etc.

Duration of the Course
The course will be of 2 credits with 30 hours of lectures.

Instructions for Paper Setters and Candidates

1. The Syllabus has been divided into two units.
2. There shall be 7 questions in all.
3. The first question shall be short answer type containing 08 short answer type questions spread over the whole syllabus and each to be answered in about 25 to 30 words. The candidate is required to attempt any 5 short answer type questions i.e., 3 marks of each. It shall carry 15 marks and shall be compulsory question.
4. Rest of the paper shall contain 2 units and each unit shall have two questions and the candidates shall be given internal choice i.e., the candidates shall attempt one question from each. All questions shall carry 15 marks.

Course Contents

Unit I : Introduction to Right to Information

a. Genesis of RTI movement in India
b. Overview of RTI, Act 2005–Explanation of important concepts/Terms in the RTI Act/ Exemptions of from Disclosure of Information/Partial Disclosure/Third Party Information

Unit II :Public Authorities and their Obligations under the Act

a. Role of Public Information Officers
b. First Appeals and Appellate Officers, Information Commissions: Powers and Functions
c. RTI Learning Drafting Skills: Group Exercise for hands on experience to file RTI

Essential Readings

- Khera, P. (2010). *Right to Information: Concept, Law, and Practice*. Universal Law Publishing Co.
- Prasad, R. (2012). *The Right to Information Act: A Handbook*. Oxford University Press.
- Sharma, V. P. (2014). *Right to Information: The Act in Practice*. LexisNexis.

- Singh, V. D. (2008). *The Right to Information Act: A Practical Guide*. Atlantic Publishers & Distributors.
- Srinivasan, M. (2011). *The Right to Information Act: A User's Guide*. Pearson India.
- Gupta, A. (2009). *Right to Information Act: RTI - Genesis and Implementation*. PHI Learning Pvt. Ltd.
- Agarwal, A. (2016). *The Right to Information Act and Governance in India*. Routledge.
- Choudhary, P. (2015). *The Right to Information Act: An Analytical Study*. Bharat Law House.
- Raman, K. (2013). *Right to Information: Law and Practice*. Thomson Reuters.

SEMESTER-3

Paper Code:- HRD-VAC-3-301
Gender Diversity and Human Rights

Maximum Marks	**: 50 marks**
Theory	**: 45 marks**
Internal Assessment	**: 5 marks**
Level of Course	**: L-200**

Course Objectives

The aim of the course is to establish a basic knowledge of diverse gender identities and orientation as well as to create awareness about gender diversity for beginners.

Learning Outcomes

The students will be able to get an overview about the overall understanding of human rights gender diversity and laws protecting the same at the end of this course.

Pedagogy of the Course

Lectures, assignments, presentations, field visits, documentaries, other media, role-play etc.

Duration of the Course

The course will be of 2 credits with 30 hours of lectures.

Instructions for Paper Setters and Candidates

1. The Syllabus has been divided into two units.
2. There shall be 7 questions in all.
3. The first question shall be short answer type containing 08 short answer type questions spread over the whole syllabus and each to be answered in about 25 to 30 words. The candidate is required to attempt any 5 short answer type questions i.e., 3 marks of each. It shall carry 15 marks and shall be compulsory question.
4. Rest of the paper shall contain 2 units and each unit shall have two questions and the candidates shall be given internal choice i.e., the candidates shall attempt one question from each. All questions shall carry 15 marks.

Course Contents

Unit – 1 Understanding Gender Diversity

a. Understanding gender vs. sex: Biological, social, and cultural distinctions
b. The spectrum of gender identities: Male, female, non-binary, transgender, and others

Journalism and Mass Communication

SEMESTER I

Course Title : PRESS, NATIONALISM AND INDIA'S FREEDOM STRUGGLE
Course Code : JMC-VAC-1- 101
Course Level : **100**
Credits : 02 [Theory (02)]
Marks : 50 [Theory Exams (45) + Internal Assessment (5)]

Leaning Objectives:
The course focuses on the role of the Press in India's freedom struggle and the moral fibre of nationalist leaders who were also founders-editors and publishers of newspapers. It details the many personal sacrifices made by them as they unitedly used the power of the pen to fight for the lofty ideals of liberty, fraternity and equality.

Learning Outcomes:
After the successful completion of the course, the student will be able to:

1. Understand the importance of moral intelligence and sensitivity in common cause movements.
2. Appreciate the contribution and sacrifice of nation builders.
3. Develop a sense of pride and honour as inheritors of an autonomous legacy.
4. Practice *sahridayata* in civic life.

Pedagogy of the Course Work:
Pedagogy of the course involves teaching and learning through classroom lectures, industry interaction and expert lectures. The students will be assessed on the basis of theory exam of 45 marks, continuous internal assessment of 5 marks based on mid semester (comprising class test/snap test/assignments), attendance, class room participation.

Instructions for paper-setters and candidates:

- The maximum marks for the course will be 50.
- **Theory Exam: 45 marks**
  Time allowed: 02 hours
  There shall be 5 questions in all.

  The first question is compulsory comprising 7 short answer type questions spread over the whole syllabus. The candidates are required to attempt 5 questions in about 75-100 words each. Each question shall be of 3 marks. (5 X 3 = 15 marks). Rest of the paper shall comprise of two units with two questions in each. The candidates shall attempt one question from each unit. Each question will carry 15 marks. (2 X 15 = 30 marks)

- **Internal Assessment: 5 marks**
  Mid-semesters: 2 marks, Class Participation- 1
  Attendance 2 Marks (85% and above attendance =2 marks; 75% and above=1 mark)

Course Content:

Unit I

- Universal human values of *satyagraha*, *sadbhavna*, *ahimsa*, *ekta*, *sahridayata*in the context of *swarajya*; Freedom of speech and expression as a human right.

Unit II

- Role of Founder-Editors and Publishersin the Freedom struggle: Tales of sacrifice and valour -
- Publication Launch Years 1800s by: Raja Ram Mohan Roy,Fardunjee Marzban,Lokmanya Bal Gangadhar Tilak, Sisir Ghosh, G. Subramaniya Iyer,Dayal Singh Majithia,Dadabhai Naoroji.
- Publication Launch Years 1900s by: Gopal Krishna Gokhale, Mahatma Gandhi, Sunder Singh Lyallpuri,Mahashay Krishna, Ramnath Goenka.

Practical skill component:
Case study presentations (multimedia enactment like PPT, Role Play, Street Play, etc.)

Suggested Readings

1. Basu, J. (1979) *The Romance of Indian Journalism*. Calcutta, Calcutta University Press.
2. Iyengar, A.S. (2001) Role of Press and Indian freedom Struggle: All through the Gandhian Era. APH Publishing Corporation.
3. Mazumdar, A. (1993) *Indian Press and Freedom Struggle*. Calcutta, Orient-Longman.
4. Natarajan, J.(1955)*History of the Press in India*.Publications Division, I&B Min.
5. Rai, S.K. & Sharma, A. (2019). Heroes and Legends of Indian Journalism: The Freedom Movement. Evincepub Publishing.
6. Sharma, K.C. & Sharma, J.N. (2002) *Journalism in India: History, Growth and Development*. Oscar Publications.
7. Bhattacharya, S.N. (2000) *Mahatma Gandhi: The Journalist*. Manak Publications.
8. Datta, V. N. (2011) *The Tribune 130 Years: A Witness to History*. Hay House Publishers.
9. Patel, Dinyar (2020) *Naoroji: Pioneer of Indian Nationalism*. Harvard University Press.
10. Sharma, S.K. (2005) *Raja Ram Mohun Roy: An Apostle of Indian Awakening*. New Delhi: Vedam Books.

SEMESTER II

Course Title : ARTIFICIAL INTELLIGENCE IN YOUR LIFE
Course Code : JMC-VAC-2-201
Course Level : 100
Credits : 02 [Theory (02)]
Marks : 50 [Theory Exams (45) + Internal Assessment (5)]

Learning Objectives:
The course focuses on examining the use of AI systems in different sectors and gain an understanding of artificial intelligence. It will also help the students to understand implications of AI in research and education

Learning Outcomes:
After the successful completion of the course, the students will be able to:

1. Gain some knowledge about ethical use of AI.
2. Learn to detect hype and exaggeration in descriptions of AI's promises and potential risks and dangers.

Pedagogy of the Course Work:
Pedagogy of the course involves teaching and learning through classroom lectures, industry interaction and expert lectures. The students will be assessed on the basis of theory exam of 45 marks, continuous internal assessment of 5 marks based on mid semester (comprising class test/snap test/assignments), attendance, class room participation.

Instructions for paper-setters and candidates:

- The maximum marks for the course will be 50.
- **Theory Exam: 45 marks**
  Time allowed: 02 hours
  There shall be 5 questions in all.

  The first question is compulsory comprising 7 short answer type questions spread over the whole syllabus. The candidates are required to attempt 5 questions in about 75-100 words each. Each question shall be of 3 marks. (5 X 3 = 15 marks). Rest of the paper shall comprise of two units with two questions in each. The candidates shall attempt one question from each unit. Each question will carry 15 marks. (2 X 15 = 30 marks)

- **Internal Assessment: 5 marks**
  Mid-semesters: 2 marks, Class Participation- 1
  Attendance 2 Marks (85% and above attendance =2 marks; 75% and above=1 mark)

Unit I

- Scope of Artificial Intelligence: Definition, goals, and applications
- Different types of AI-based systems, AI tools
- Cycles of AI

Unit II

- Use of AI in different sectors such as Education, Healthcare, Life sciences, Media, Aviation, Oil & Gas, Finance and Insurance etc.
- AI & Society: Ethical challenges accompanying AI automation/augmentation
- Future of AI

Practical Skill Component:

Project Presentations on unique use of AI in one sector of students' interest area.

Suggested Readings

SEMESTER III

Course Title : DIGITAL COMMUNICATION AND EMPOWERMENT
Course Code : JMC-VAC-3- 301
Course Level : 200
Credits : 02 {Theory (02)}
Marks : 50 (Theory 45+ Internal assessment 5)

Learning Objectives
The course aims to provide an understanding about new media and digital literacy. It further aims to create awareness on the concept of digital India and initiatives of Digital India with special reference to cyber safety and security.

Learning Outcomes:
After the successful completion of the course, the students will be able to:

- Display basic knowledge of ICT and Digital India initiatives
- Critically analyse important issues related to cyber security

Pedagogy of the Course Work:
Pedagogy of the course involves teaching and learning through classroom lectures, industry interaction and expert lectures. The students will be assessed on the basis of theory exam of 45 marks, continuous internal assessment of 5 marks based on mid semester (comprising class test/snap test/assignments), attendance, class room participation.

Instructions for paper-setters and candidates:

- The maximum marks for the course will be 50.
- **Theory Exam: 45 marks**
  Time allowed: 02 hours
  There shall be 5 questions in all.

  The first question is compulsory comprising 7 short answer type questions spread over the whole syllabus. The candidates are required to attempt 5 questions in about 75-100 words each. Each question shall be of 3 marks. (5 X 3 = 15 marks). Rest of the paper shall comprise of two units with two questions in each. The candidates shall attempt one question from each unit. Each question will carry 15 marks. (2 X 15 = 30 marks)

- **Internal Assessment: 5 marks**
  Mid-semesters: 2 marks, Class Participation- 1
  Attendance: 85% attendance and above= 2 marks, 75% attendance and above= 1 mark

Unit 1

- Digital Literacy; Meaning, Scope, Need and Importance of Digital Literacy; Concept of New Media
- Types of Digital India Initiatives: e-governance, e-hospitals, e-biz and latest e- health campaigns

Unit 2

- Public Utility Portals of Government of India such as RTI, finance: BHIM and education: SWAYAM, MOOC and SAMWAY
- Cyber security and privacy: security initiatives by Govt. of India.

Essential Readings

Law
(Any Semester)

Value Added Courses for the Faculty of Arts, Commerce and other Faculties according to NEP for the session 2025-26

VALUE ADDED COURSES

Sr. No.	Paper	Credits
1.	Introduction to Cyber Laws	**2**
2.	Introduction of IPR	**2**
3.	Health Laws	**2**
4.	Introduction to Data Protection Laws	**2**
5.	Practical Insights of Criminal Law	**2**
6.	Gender Sensitization	**2**
7.	LGBTQ Studies	**2**
8.	Introduction to Consumer Law and Practice	**2**
9.	General Financial Literacy	**2**
10.	Introduction to Constitution of India and Fundamental Rights	**2**

Name of the Course: Introduction to Cyber Laws

Course title and code	Credits	Credit distribution of the course			Eligibility Criteria	Prerequisite of the course
		Lecture	Tutorial	Practical/practice		
Introduction to Cyber Laws	2	**2 hrs**	**0**	**0**	Pass in 12th Class	NIL

COURSE OBJECTIVES:

1. To introduce the fundamental aspects of Cyber Laws
2.To inculcate the knowledge of Internet, Cyberspace, e-commerce, e-contract, e-Governance, e-signatures, Cyber contraventions and cyber offences
3. To understand the protection regime developed for cyber laws

LEARNING OUTCOMES:

1. Upon completion of this course the students will be acquainted with the knowledge of cyber laws which will help them in their respective fields.
2. The knowledge gained through this course will help them to understand the need of cyber laws.
3. Students will get awareness regarding Internet, Cyberspace, e-commerce, e-contract, e-Governance, e-signatures for their innovative works and it will be value addition in their course.

Note 1: The whole course shall contain 50 marks:

- 5 marks have been assigned to internal assessment including a MCQ test of 5 marks (based on course content).
- A project report (1000-1500 words) shall be of 20 marks. A student is required to submit a project report as assigned by the supervisor/course co-ordinator/faculty member teaching the course. The assignment/project report shall include case studies/case laws/ critical appraisal of the legislation/judgements related to the course.
- 15 marks have been devoted to the content of the report/assignment and 5 marks to its presentation and viva-voce (15+5 = 20 marks).
- End Semester theory examination will be of 25 marks. The question paper shall be divided into 5 Sections, Section 1 to 4 of the question paper shall be based upon Units 1 to 4 of the syllabus respectively. Each Section of the question paper shall have two questions of 5 marks each. The candidates shall be required to attempt one question from each of these Sections. Section 5 shall have four short questions covering the whole syllabus of 2.5 marks each. The candidates are required to attempt any two short questions from Section 5. Maximum time allowed to complete the theory examination shall be 1.5 hours i.e., 90 minutes.

Note 2 : The resource persons can be legal experts, academicians, or professionals with expertise in Information Technology and Cyber laws.

Note 3: It is a 2 credit course of 15 weeks duration. The number of lectures for the course shall be 2 lectures per week for 15 weeks, i.e., 30 lectures in total (1 hour per lecture). Total course hours are 30 hours of lectures.

Unit-I Introduction	**No. of lectures**
• Computer and its Generations • Internet and Cyberspace • Advantages and Disadvantages of Internet Technology • Netizens and their Ethics	**6**
Unit-II Basics of Cyber law	
• Need of Cyber Law • Evolution of Cyber Law • Aim and Objective of Cyber Laws • Definitions: Computer, Computer Network, Computer system, Computer Resource, Asymmetric Crypto System, Virus	**8**
Unit-III Concepts of IT Laws	
• E-commerce • E-contracts • E-Governance • E-Signatures	**8**
Unit-IV Concepts of Cyber Crimes	
• Cyber Contraventions • Cyber Offences: Hacking, Cyber Pornography, Cyber Bullying, Cyber Stalking, Cyber Terrorism • Intermediaries not to be liable in certain cases and its IT Rules 2023	**8**

PRACTICAL PRACTICE COMPONENT: MCQs, Quiz, Research Project and Project Presentation

ESSENTIAL READINGS:

1. Bare Act of Information Technology Act, 2000
2. Vakul Sharma, Information Technology - Law and Practice (Law and Emerging
3. Technology, Cyber Law; E-Commerce), Universal Law Publishers, 6th edition, 2018

Name of the Course: Introduction to Data Protection Laws

Course title and code	Credits	Credit distribution of the course			Eligibility Criteria	Prerequisite of the course
Data Protection	2	Lecture	Tutorial	Practical/practice	Pass in 12th class	NIL
		2 hrs	0	0		

COURSE OBJECTIVES:

1. To understand the concept of personal data and its protection
2. To inculcate the knowledge of data protection policy and data processing.
3. To understand the protection regime of personal data policy.

LEARNING OUTCOMES:

1. Upon completion of this course the students will be acquainted with the knowledge of data protection which will help them in their respective fields.
2. The knowledge gained through this course will help them to understand the need for data protection and privacy.
3. Students will gain awareness of acquiring the knowledge of data protection and process followed in case of breach of data.

Note 1: The whole course shall contain 50 marks;

- 5 marks have been assigned to internal assessment including a MCQ test of 5 marks (based on course content).
- A project report (1000-1500 words) shall be of 20 marks. A student is required to submit a project report as assigned by the supervisor/course co-ordinator/faculty member teaching the course. The assignment/project report shall include case studies/case laws/ critical appraisal of the legislation/judgements related to the course.
- 15 marks have been devoted to the content of the report/assignment and 5 marks to its presentation and viva-voce (15+5 = 20 marks).
- End Semester theory examination will be of 25 marks. The question paper shall be divided into 5 Sections, Section 1 to 4 of the question paper shall be based upon Units 1 to 4 of the syllabus respectively. Each Section of the question paper shall have two questions of 5 marks each. The candidates shall be required to attempt one question from each of these Sections. Section 5 shall have four short questions covering the whole syllabus of 2.5 marks each. The candidates are required to attempt any two short questions from Section 5. Maximum time allowed to complete the theory examination shall be 1.5 hours i.e., 90 minutes.

Note 2: The resource persons can be legal experts, academicians, or professionals with expertise in Data Privacy and Data Protection Laws.

Note 3: It is a 2 credit course of 15 weeks duration. The number of lectures for the course shall be 2 lectures per week for 15 weeks, i.e., 30 lectures in total (1 hour per lecture). Total course hours are 30 hours of lectures.

UNIT-I	**Number of lectures**
Introduction of Data Privacy • Define the term personal data. • Meaning of Data Fiduciary, Data Principle and Sensitive Personal Data • Need of Data Protection Law	8
UNIT-II Data Protection • Meaning and definition of Data Protection • History of data protection in India • Data Protection laws and regulations in India	7

Name of the Course: Gender Sensitization

Course title and code	Credits	Credit distribution of the course			Eligibility Criteria	Prerequisite of the course
Gender Sensitization		Lecture	Tutorial	Practical/practice		
	2	1.5	-	0.5	Pass in 12th class	Nil

Objective(s) of the Course:
The present course aims to provide basic knowledge regarding gender and sexuality related terms, acronyms and issues. It intends to generate sensitivity among learners regarding gender equity.

Learning Outcomes:
1. Learners are expected to be adept in dealing with the gender and sexuality related issues in daily life by the completion of this course.
2. Learners will be capable of recognizing gender based discrimination (if any) in society.
3. Learners will get familiarized with gender and sexuality related legislative framework.
4. A basic foundation of gender literacy among learners will assist/support them to operate for societal change.

Note 1: The whole course shall contain 50 marks:
- 5 marks have been assigned to internal assessment including a MCQ test of 5 marks (based on course content).
- A project report (1000-1500 words) shall be of 20 marks. A student is required to submit project report out of the mentioned in Unit II of this course under the head Experiential Learning. 15 marks have been devoted to content of the report and 5 marks to its presentation and viva-voce (15 + 5 = 20 marks in total).
- End semester theory examination will be of 25 marks. The question paper shall be divided into 3 sections. Section I and II of the question paper shall be based upon Unit I and II of the syllabus respectively. Both of these sections of the question paper shall have 2 questions of 10 marks each. The candidates shall be required to attempt 1 question each from Section I and II. Section III shall have 4 short questions covering whole syllabus. Candidates are required to attempt any 2 short questions from Section III. Each short question shall be of 2.5 marks. Maximum time allowed to complete the theory examination shall be 1.5 hours i.e. 90 minutes.

Note 2: It is an interdisciplinary course and learners from diverse backgrounds may opt this course. Resource person(s) can be academicians or social activists etc. Course work will be conducted and completed through combination of lectures and field work.

Note 3: It is a 2 credit course of 15 weeks duration. The bifurcation of 2 credits is as follows:
a) 1.5 credit for lectures and 0.5 credit for practical /field work.
b) Number of lectures for the course shall be 1.5 lecture per week for 15 weeks i.e. 22.5 lectures in total (one lecture of 90 minutes per week or two lectures of 45 minutes each per week).
c) Field/ Practical work of the course shall be 1 hour per week for 15 weeks i.e. 15 hours in total.
d) Total course hours are 37.5 hours being combination of lecture and practical/field work.

Unit 1: Gender, Sexuality & Contemporary Issues

Gender, Sex and Sexuality: Concept, Heteronormativity, Gender Roles and Gender Stereotypes, Gender identity, Trans-identity, Masculinity & Feminity, Sexual Orientation: LGBTQIA++.

Gender Neutral Language & symbols, Gender Discrimination: Patriarchy & Gender Inequality. Role of media in projecting issues of gender and sexuality, LGBT Movement in India: History & Prospects.

Rape, Dowry & Honour killing from the lenses of Gender and Sexuality.

Unit II: Role of State & Experiential Learning

Gender and Sexuality: Constitutional Rights in Indian Context

The Protection of Women from Domestic Violence Act, 2005, The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013, Transgender Persons (Protection of Rights) Act, 2019 (Overview and Rationale of above mentioned Legislations).

Experiential Learning: To enhance the learning aspect, students/learners are advised to execute one project out of the following

1. Meet any NGO of your area which deals with the protection of rights of women/transpersons. Collect data about any related case dealt by them and prepare a report.
2. Visit One Stop Centre of your area and understand its functioning and contribution to society with regard to gender based discrimination and prepare a report.
3. Conduct awareness program in context of Indian legislative framework on any gender/sexuality based issue and prepare a report.
4. Narrate any significant work done by any contemporary social activist/academician in the field of gender and sexuality based discrimination and prepare a report of the same.

ASSESSMENT METHODS:

- Internal Assessment: 20% (MCQs , Class interaction)
- End Semester Theory Exam: 50%
- Research Project Submission: 15%
- Research Project Presentation : 15%

Name of the Course: General Financial Literacy

Course title and code	Credits	Credit distribution of the course			Eligibility Criteria	Prerequisite of the course
General Financial Literacy		**Lectures**	**Tutorial**	**Practical/practice**	Pass in 12th Standard	NIL
	2	**1.5**	**0**	**0.5**		

COURSE OBJECTIVE(S):
Basic purpose of this course is to develop and strengthen the idea of financial literacy among learners. Moreover, target is to acquaint the learners with contemporary financial terminology, instruments and personal financial management.

LEARNING OUTCOMES:
1. Learners will understand the basic idea and importance of financial literacy.
2. The knowledge of common financial terminology and digital jargon of financial world would facilitate learners in the conduct of various day-to-day financial operations in a smooth and rational manner.
3. The knowledge gained out of the course content regarding financial instruments and functioning of financial institutions will provide learners with a strong foundation to gain and maintain personal financial stability.

Note 1: The whole course shall contain 100 marks:
- 25 marks have been assigned to internal assessment including a MCQ test of 15 marks (based on course content) and 10 marks to be given on the basis of class interaction & group discussion (15+10 = 25 Marks in Total).
- A project report (summary) fully based upon practical practice component of this course will be of 25 marks. This report should highlight/express the details of practical experience during visit to nearby branch of any commercial bank or life/general insurance company branch or ATM. It should clearly encapsulate the activities undertaken over there and the practical experience of the student in detail. The student is required to submit one project report out of the four practical activities mentioned under practical practice component of this course. Submission of report is compulsory for successful completion of course (20 marks out of total 25 marks belong to content and 5 marks to the presentation and viva-voce).
- End semester theory examination will be of 50 marks. The question paper shall be divided into 4 sections. Section I to IV of the question paper shall be based upon Unit I to IV of the syllabus as per their respective order in syllabus. All the four sections of the question paper shall have 2 questions of 12.5 marks each. The candidates shall be required to attempt any 1 question from each section. Maximum time allowed to complete the theory examination will be 2 hours.

Note 2: It should be noted that general financial literacy should not be visualized as confined to the students of economics, commerce and finance only. The cognitive understanding of financial glossary, effective personal financial management, rudimentary operation of financial institutions, and e-banking for students from any discipline is quintessential as financially literate learners are better prepared for specific financial roadblocks which dwindle the chances of personal economic distress. Therefore, learners/students from diverse backgrounds can choose to study this course. Course will be conducted and completed through the combination of lectures, interaction, assignments, field work and theoretical/practical tests. Further, resource person(s) can be drawn from the field of commerce, management, economics and finance and related social sciences.

Theoretical Content

	1.5 Hrs. Lectures
Unit-I • Financial Literacy: Concept, Need, Scope and Significance • Pre-conditions, Problems and Improvement Strategy • Financial Planning: Meaning, Need & Significance. • Budget: Types (Personal, family, business and national): Brief Idea • Personal Finance: Measurement/Assessment, Planning and Management, Budgetary Imbalance and Improvement	**2**
Unit-II • Meaning, Types and Functions of Banks (Emphasis on Commercial Banks) • Deposit Accounts: Types-Opening, Operating & Closure Procedure, Know Your Customer (KYC) Norms. • Advances/Loans: Different Types and Availing Procedure, Equated Monthly Installments (EMI), CIBIL Score, Electronic Clearance Services (ECS) • Interest on Deposits and Loans- Simple and Compound (Basic calculation idea with illustration) • E-banking (Online) v/s Traditional Banking: Deposit and Withdrawal Procedure, Transfer of Funds-RTGS, IMPS, NEFT, UPI. • Banking Products: Cheques (Types and Validity); Demand Draft; Credit and Debit Cards; ATM Cards • Banking Service Deficiency: Complaint and Redressal Procedure; Integrated Ombudsman Scheme (Latest).	**5**
Unit-III • Financial Loss Protection: Insurance-Need & Significance, Types (Life Insurance including Term Life and General Insurance). Insurance Premium and Underwriting. • Basic Idea of Life and Non-Life Insurance Policies. ULIP v/s Traditional Insurance Plans. • Insurance Claim Settlement Procedure, Related Disputes and Regulatory Framework • Bancassurance: Basic Idea and Illustrations in Indian Context	**2**
UNIT-IV • Tax: Meaning and Types (Emphasis on Personal Tax) • Income Tax: ITR. Tax Slabs (as per Latest Applicable Tax Regime in India), PAN Card • Tax Saving Schemes: Basic idea in Indian context • Financial Market Instruments: Capital and Money. • Stock Exchange-Basic Idea of Listed and Non-listed Companies, DEMAT Account, IPOs and FPOs • Regulatory Framework: SEBI	**4**

PRACTICAL PRACTICE COMPONENT (1 hour Lecture per week)

1. Visit nearby branch of any commercial bank, meet public dealing official there and try to understand the practical procedure of deposits/withdrawal of funds from account and write a minimum 500 words summary detailing the visit.
2. Collect the account closing/opening form (This form may include other banking facilities/operation items too) from any nearby commercial bank and try to understand the procedure to fill in the details with necessary enclosures and write a minimum 500 words summary of detailing the visit.
3. Visit any nearby ATM of commercial bank and try to deposit and withdraw money in bank account and write a summary detailing the experience in minimum 500 words
4. Visit any nearby life/general insurance company branch and meet public dealing official there and try to get idea of available best products (policies) as per your need and write summary detailing your experience in minimum 500 words.

Name of the Course: Introduction to Constitution of India and Fundamental Rights

Course title and code	Credits	Credit distribution of the course			Eligibility Criteria	Prerequisite of the course
		Lecture	Tutorial	Practical/practice		
Introduction to Constitution and Fundamental Rights	2	**2 hrs**	**0**	**0**	Pass in 12th Class	NIL

COURSE OBJECTIVES:

1. To understand the Indian Constitution and its Historical Background.
2. To inculcate the knowledge of Fundamental Rights and relevant judgments.
3. To understand Living and transformative Constitution.

LEARNING OUTCOMES:

1. Upon completion of this course the students will be acquainted with the knowledge of legal provisions regarding the legal aid.
2. The knowledge gained through this course will help them to understand and practically implement the procedure for availing the legal aid.
3. Students will get awareness regarding the various authorities and the schemes available for legal aid.

INSTRUCTION TO PAPER SETTER

Note 1: The whole course shall contain 50 marks:

- 5 marks have been assigned to internal assessment including a MCQ test of 5 marks (based on course content).
- A project report (1000-1500 words) shall be of 20 marks. A student is required to submit a project report as assigned by the supervisor/course co-ordinator/faculty member teaching the course. The assignment/project report shall include case studies/case laws/ critical appraisal of the legislation/judgements related to the course.15 marks have been devoted to the content of the report/assignment and 5 marks to its presentation and viva-voce (15+5 = 20 marks).
- End Semester theory examination will be of 25 marks. The question paper shall be divided into 5 Sections, Section 1 to 4 of the question paper shall be based upon Units 1 to 4 of the syllabus respectively. Each Section of the question paper shall have two questions of 5 marks each. The candidates shall be required to attempt one question from each of these Sections. Section 5 shall have four short questions covering the whole syllabus of 2.5 marks each. The candidates are required to attempt any two short questions from Section 5. Maximum time allowed to complete the theory examination shall be 1.5 hours i.e., 90 minutes.

Note 2 : The resource persons can be legal experts, academicians, or professionals with the respective area of expertise.

Note 3 : It is a 2 credit course of 15 weeks duration. The number of lectures for the course shall be 2 lectures per week for 15 weeks, i.e., 30 lectures in total (1 hour per lecture). Total course hours are 30 hours of lectures.

Unit-I Nature and History of Constitution; Concept of Equality	**No. of lectures**
History of India Constitution Definitions and sources of Constitution Salient Features of the Constitution of India Right to Equality Prohibition of discrimination on grounds of religion, race, caste, sex or place of birth Equality of opportunity in matters of public employment Abolition of Untouchability Abolition of titles	**8**
Unit-II Fundamental Freedoms and Right Life	
Protection of certain rights regarding freedom of speech, etc. Protection in respect of conviction for offences. Protection of life and personal liberty. Right to education Protection against arrest and detention in certain cases.	**8**
Unit-III Right against Exploitation and Freedom of Religion	
Prohibition of traffic in human beings and forced labour. Prohibition of employment of children in factories, etc. Freedom of conscience and free profession, practice and propagation of religion. Freedom to manage religious affairs. Freedom as to payment of taxes for promotion of any particular religion. Freedom as to attendance at religious instruction or religious worship in certain educational institutions.	**6**
Unit-IV Cultural and Educational Rights; Saving of Certain Laws and Right to Constitutional Remedies	
Protection of interests of minorities. Right of minorities to establish and administer educational institutions. Saving of Laws providing for the acquisition of estates, etc. Validation of certain Acts and Regulations. Saving of laws giving effect to certain directive principles. Remedies for enforcement of rights conferred by this Part. Power of Parliament to modify the rights conferred by this Part in their application to Forces, etc. Restriction on rights conferred by this Part while martial law is in force in any area. Legislation to give effect to the provisions of this Part.	**9**

PRACTICAL PRACTICE COMPONENT: MCQs, Quiz, Research Project and Project Presentation

ESSENTIAL READINGS:

1. Constitution of India

SUGGESTED READINGS:

1. D. Basu, Introduction to the Constitution of India (Wadhwa, Nagpur, 2008)
2. M.P. Jain, Indian Constitutional Law (Lexis Nexis, Butterworths, 2002)
3. H.M. Seervai , Constitutional Law of India (Universal Law Publishing Co., 2005)
4. V.N. Shukla, The Constitution of India (Eastern Book co., 2008 with supplement 2012)
5. Granville Austin, The Indian Constitution : Cornerstone of a Nation (Oxford University Press, 1999)
6. M.C.J. Kagzi, The Constitution of India (India Law House, 2001)
7. P.M. Bakshi, Constitutional Law (Universal Law Publishing Co., 2012)
8. Narender Kumar, Constitutional Law of India (Allahabad Law Agency, 2010)
9. Constituent Assembly Debate

ASSESSMENT METHODS:

- Internal Assessment: 20% (MCQs, Class interaction)
- End Semester Theory Exam: 50%
- Research Project submission: 15%
- Research Project Presentation: 15%

*****

Mathematics

NOTE: The following VACs would be floated in each semester. However, the students are not allowed to repeat any paper.

MAT-VAC-101: Vedic Mathematics
For Any Semester

Credits = 2
Teaching hours = 4 hrs / week including tutorials / practicals etc. in a semester of 15 weeks.
Exam Time : $1\frac{1}{2}$ hours (90 minutes)
Max. Marks : 50 (Practical 30 marks = 20 Project File and 10 for Viva exam
Theory 20 marks = 16 External + 04 Internal Assessment)
Project file should have at least 10 pages.

Note.

1. The examiner will set a total of five questions, selecting two questions from each of the two Units of the syllabus. Additionally, there will be one compulsory question (Q. No. 1) covering the entire syllabus.
2. The compulsory question will carry 6 marks and may consist of 3 or 4 parts, while each of the other questions will carry 5 marks.
3. Students must attempt three questions in total: one question from each Unit and the compulsory question.

Objectives: The course content is designed to enable the learners to explore the power of Vedic Mathematics, to make learners strong in Numerical Mathematics, to enable learners to recognize and understand simple techniques of Arithmetic Calculations and to train the learners to use the ideas of Vedic Mathematics in daily calculations and make the calculations with accuracy and speed.

Course Outcome: Upon completion of the course, students will be able to:

- Perform simple arithmetic calculations with speed and accuracy.
- Perform products of large numbers quickly
- Develop confidence in calculating square roots and cube roots of integers.

UNIT-I

Introduction to Vedic Mathematics: Definition and History of Vedic Mathematics, brief introduction to Sutras and Upsutras of Vedic Mathematics.
Vinculum Method: Concept of Vinculum Numbers (Negative Complements), Converting numbers into Vinculum form, Subtraction using vinculum numbers
Multiplication: Ekadhikena, Purvena, Urdhva- tiryagbhyam, Nikhilam Navatah Carman Dastah
Combined Operations: Beejank

UNIT -II

Square and Square root: Nikhilam Navatascarman Dastah and Duplex method
Addition and Subtraction of Squared Numbers: $a^2 \pm b^2$
Cubes: Anurupyena and Nikhilam
Cube Roots: Vilokanam (for numbers upto nine digits)
Division: Nikhilam Navatascarman Dastah, Paravartya Yojayet and Dhwajank
Divisibility Rules (2-99): Ekadhikena Purvena, Ekanyunena Purvena.

List of Practicals:

- Memorize and recite key Sutras and Upsutras.
- Explain how Ekadhikena Purvena is used for squaring numbers ending in 5.
- Demonstrate Urdhva-Tiryagbhyam multiplication using different digit numbers.
- Interpret the role of Vinculum numbers in simplifying arithmetic operations.
- Illustrate division rules using Paravartya Yojayet and Dhwajank.
- Construct tables using Vinculum numbers for faster calculations.□ Use Vilokanam to calculate cube roots of up to 9-digit numbers.
- Implement divisibility tests (2-99) using Ekadhikena Purvena and Ekanyunena Purvenafor large numbers.
- Analyze errors in conventional square and square root calculations and how Vedic methods minimize them.
- Justify why Nikhilam is efficient for squaring and cubing large numbers.

MAT-VAC-102: Vedic Algebra
For Any Semester

Credits = 2
Teaching hours = 4 hrs / week including tutorials / practicals etc. in a semester of 15 weeks.
Exam Time : $1\frac{1}{2}$ hours (90 minutes)
Max. Marks : 50 (Practical 30 marks = 20 Project File and 10 for Viva exam
Theory 20 marks = 16 External + 04 Internal Assessment)
Project file should have at least 10 pages.

Note.

1. The examiner will set a total of five questions, selecting two questions from each of the two Units of the syllabus. Additionally, there will be one compulsory question (Q. No. 1) covering the entire syllabus.
2. The compulsory question will carry 6 marks and may consist of 3 or 4 parts, while each of the other questions will carry 5 marks.
3. Students must attempt three questions in total: one question from each Unit and the compulsory question.

Objectives: The course will enable learners to recognize and understand simple techniques of Arithmetic Calculations and to train them to use the ideas of Vedic Mathematics in daily calculations and make those calculations with accuracy and speed.

Learning outcomes

- Overcome the fear of maths and improve critical thinking
- Familiarity with the mathematical underpinnings and techniques
- Ability to do basic maths faster and with ease.

UNIT - I

Least Common Multiple (LCM): Viloknam Sutra, Urdhva-tirgyabhyam
Highest Common Factor (HCF): Lopanasthapanabhyam, Sankalana-Vyavakalanabhyam, Adyamadye.
Quadratic Expression of a Single Variable: Viloknam, Shunyam Saamyasamuccaye and Anurupyena Sunyamanyat.
Multiplication : Urdhavatiragbhyam
Combined Operations: Ekadhikena Purvena, Nikhilam Navatashcaramam Dashatah, Urdhva-Tiryagbhyam

UNIT-II

Division (Linear Expressions of a Single Variable): Paraavartya Yojayet
Factorization (Quadratic Expressions of a Single Variable): Anurupyena, Adyamadyenant-yamantyena
Solution of Linear Simultaneous Equations: Viloknam, Shunyam Saamyasamuccaye, Anurup-yena Sunyamanya, Sankalana-Vyavakalanabhyam, Paraavartya Yojayet.

List of Practicals:

- Solve given sets of numerical problems using Vedic multiplication techniques.
- Apply Vedic division methods to simplify complex arithmetic calculations.
- Factorize quadratic expressions using Vedic methods in different contexts.

- Compare and contrast Vedic multiplication with conventional methods using example problems.
- Analyze the speed and accuracy differences between Vedic and traditional factorization techniques.
- Break down errors made in solving linear simultaneous equations using both methods.
- Justify the preference of Vedic methods in specific numerical scenarios through experimentation.
- Assess different students' problem-solving approaches using both conventional and Vedic techniques.
- Develop real-life problem statements and solve them using Vedic methods.

Recommended Books

2. Vedic Ganita Vihangama Drishti-1, Siksha Sanskriti Uthana Nyasa, New Delhi
3. Vedic Ganita Praneta, Siksha Sanskriti Uthana Nyasa, New Delhi
4. Vedic Mathematics Past, Present and Future, Siksha Sanskriti Uthana Nyasa, NewDelhi Leelavati, Chokhambba Vidya Bhavan Varanasi
5. Beejganitam, Chokhambba Vidya Bhavan, Varanasi
6. Bharatiya Mathematicians, Sharda Sanskrit Sansthan, Varanasi

MAT-VAC-103: Theory of Numbers
For Any Semester

Credits = 2
Teaching hours = 4 hrs / week including tutorials / practicals etc. in a semester of 15 weeks.
Exam Time : 2 hours
Max. Marks : 50 (External 40 + Internal Assessment 10)

Note.

1. The examiner will set a total seven questions, selecting three questions from each of the two Units of the syllabus. Additionally, there will be one compulsory question (Q. No. 1) covering the entire syllabus.
2. Each question will carry 10 marks.
3. Students will have to attempt four questions in total by selecting at least one question from each Unit and the compulsory question.
4. The 10 marks of internal assessment has following division
   Mid Semester Exam = 5 marks,
   Assignment / Project work = 3 marks,
   Attendance = 2 marks for more than 85% and 1 mark for more than 75% attendance.

Objective: The aim of this course is to teach the students about the basics of Number Theory including divisibility rules and numerical solving techniques.

Unit-I

Divisibility, Greatest common divisor, Euclidean algorithm, Fundamental theorem of arithmetic, Congruences, Residue classes and reduced residue classes, Chinese remainder theorem, Fermat's little theorem.

Unit-II

Finite and infinite continued fractions, applications in approximating irrational numbers. Wilson's theorem, Euler's theorem, Arithmetic functions $\varphi(n)$, $d(n)$, $\sigma(n)$, $\mu(n)$, Mobius inversion formula.

Essential Textbooks

1) **D. M. Burton**, Elementary Number Theory, 6th Ed., Tata McGraw Hill, 2007.
2) **I. Niven, H. S. Zuckerman and H. L. Montgomery**, An Introduction to the Theory of Numbers, 5th Ed., John Wiley and Sons, 2004.

Further Readings

1) **H. Davenport**, The Higher Arithmetic, 7th Ed., Camb. Univ. Press, 1999.
2) **G. H. Hardy and E. M. Wright**, An Introduction to Theory of Numbers, 6th Ed., Oxford University Press, 2008.

MAT-VAC-104: Theory of Numbers with html
For Any Semester

Credits = 2
Teaching hours = 4 hrs / week including tutorials / practicals etc. in a semester of 15 weeks.
Exam Time : $1\frac{1}{2}$ hours (90 minutes)
Max. Marks : 50 (Practical 30 marks = 20 Project File and 10 for Viva exam
Theory 20 marks = 16 External + 04 Internal Assessment)
Project file should have at least 10 pages.

Note.

1. The examiner will set a total of five questions, selecting two questions from each of the two Units of the syllabus. Additionally, there will be one compulsory question (Q. No. 1) covering the entire syllabus.
2. The compulsory question will carry 6 marks and may consist of 3 or 4 parts, while each of the other questions will carry 5 marks.
3. Students must attempt three questions in total: one question from each Unit and the compulsory question.

Objective: The aim of this course is to teach the students about the basics of Number Theory and use of html programming in solving numericals.

Unit-I
Divisibility, Greatest common divisor, Euclidean algorithm, Fundamental theorem of arithmetic, Congruences, Chinese remainder theorem (only for practicals).

Unit-II
Fermat's little theorem, Wilson's theorem, Euler's theorem, Arithmetic functions $\varphi(n)$, $d(n)$, $\sigma(n)$.

Practicals based on above topics: Here are some practicals, which will enhance the understanding of above mentioned number theory concepts with hands-on computational experience.

- Write a program in html to compute the greatest common divisor (GCD) using the Euclidean algorithm. And verify the algorithm with different pairs of numbers.
- Develop a program in html to find the prime factorization of a given number. And verify the program with some numbers.
- Demonstrate the uniqueness of prime factorization using above program.
- Compute and analyze residue classes modulo $\boldsymbol{n}$ for different values of $\boldsymbol{n}$. Implement a program to check whether two numbers are congruent modulo $\boldsymbol{n}$.
- Solve a system of congruencies manually and using an html program.
- Write a program to verify Fermat's Little Theorem for different primes.
- Compute $(p-1)!$ modulo $\boldsymbol{p}$ for small primes and verify Wilson's theorem. Extend to check if a number is prime using Wilson's theorem.
- Implement Euler's theorem and test for different coprime numbers. Compare with Fermat's theorem results.
- Write a program to compute $\phi(n)$, $d(n)$, $\sigma(n)$ for a given $\boldsymbol{n}$. Plot these functions for a range of values to observe patterns.

Essential Text books

SEMESTER-III

LEVEL OF COURSE-L-200
COURSE CODE: PER-VAC-03- 301
Course Title: Value-Based Persian Text-3

Note: Requires 1-hour teaching and 2-hour workshop per week

Max.Marks	**: 50 marks/2 Credits**
Theory	**: 45marks**
Internal Assessment	**: 05 marks**
Time	**: 3Hours**

UNIT- I

Khudkashi by Muhammed Hijjazi **10**

UNIT- II

Pzishk-i-chasam by Md Hijjazai **10**

UNIT- III

Kabuli wala by Rabindranath Tagore **15**

UNIT- IV

Adal by Sadik Chaubak **10**

Suggested Reading:

1. Darya-i-Gawhar, vol-I, edited by Mehdi Hamidi, Pazahangi publication Co. Tehran, 1347 A.H. (Sun year) edition. Gulha-i-Chuninda-i- Az Dastanha-i-Imruz editor by A.U. Mazumder.
2. Adabiyat-e-Classic wa jaded, Vol-II, by Dr. M. Asif.
3. Mordern Persian prose by Khamsad.

****

Philosophy

Semester I

Value Added Courses (VAC)-1
Paper (PHI-VAC): Philosophy of Swami Vivekananda
PHI-VAC-1-101

Total Credits: 2

Level of Course:100

Max. Marks	**: 50**
Theory	**: 45 Marks**
Internal Assessment	**: 05 Marks**
Time	**: 03 Hours**

Learning Objective

- This course is to enable students to critically engage with the diverse writings of Swami Vivekananda, recognizing him as a significant precursor of Indian modernity.
- Through in-depth analysis and thoughtful discussions, students will explore the profound connection between Vivekananda's philosophical thoughts and contemporary Indian Philosophy, and the far-reaching consequences they hold for humanity at large.

Learning Outcome

After completing this course, students will be able to:

- Criticallyanalyse the diverse writings of Swami Vivekananda, demonstrating a nuanced understanding of his philosophical ideas, their historical context, and their relevance to Indian modernity.
- Recognize and evaluate the significant role played by Swami Vivekananda as a precursor of Indian modernity, appreciating the impact of his thoughts on shaping the intellectual and cultural landscape of India.

Pedagogy

The pedagogy for this value added course needs to be activity oriented. Therefore, more emphasis is on class room discussions, practical activities as identified by the instructor/teacher to deliver the course content instead of the conventional lecture method.

The students will be assessed on the basis of written examination/comprising of 45 marks and continuous internal assessment of 5 marks on the basis of Unit Test, Snap Test, attendance, Class assignments and classroom participants.

INSTRUCTIONS FOR PAPER-SETTERS AND CANDIDATES:

For Private students, who have not been assessed earlier for the internal assessment, the marks secured by them in the paper will proportionately be increased in lieu of the internal assessment. The Paper-Setter must put a note in question paper in this regard.

The candidate shall attempt 3 questions in all (one compulsory and one each from two units). The first compulsory question shall comprise of 8 short-answer type questions, covering the whole syllabus, to be answered in 25-30 words each, out of which the candidate would be required to attempt any 5. Each question will carry 3 marks. Rest of the paper shall contain 2 units and students have to attempt one question from each unit and every question shall carry 15 marks.

Unit-I:

- Swami Vivekananda , his early life and his making under Sri Ramakrishna
- Universal Religion, National Integration

Unit-II:

- Bhakti Yoga, Gyan Yoga, Raj Yoga
- Swami Vivekananda and his message to youth

Essential Readings:

- Swami Vivekananda : The Complete Works of Swami Vivekananda, AdvaitaAshrma, Kolkata, 2013.
- Swami Tapasyananda: Swmi Vivekananda, His Life and Legacy, Sri Ramakrishna Math, Chennai, 2013
- Swami Vivekananda: To the Youth of India, AdvaitaAshrama, Kolkata, 2005.
- AmitaP.Sen: Swami Vivekananda, Oxford University Press, New Delhi, 2003.

Suggested Readings:

- Merina Islam, Desh Raj Sirswal: Philosophy of Swami Vivekananda, CPPIS, Pehowa (Kurukshetra),2012.
- RekhaJhanji (Ed): The Philosophy of Vivekananda, Aryan Books International, New Delhi, 2007.
- Swami Jyotirmayananda: Vivekananda: His Gospel of Man Making with Garland of Tributes, Madras, 1986.

Semester II

Value Added Courses (VAC)-2
Paper (PHI-VAC-): Philosophical Thoughts of Dr. B.R. Ambedkar
PHI-VAC-2-201

Total Credits: 2

Level of course: 100

Max. Marks	**: 50**
Theory	**: 45 Marks**
Internal Assessment	**: 05 Marks**
Time	**: 03 Hours**

Learning Objective:

- The student would critically engage with different aspects of the philosophy of Dr. B.R. Ambedkar and their applications in socio-political context of the nation.
- This course would enable students to understand conceptual and theoretical understanding of Indian public sphere and students will be able to critically appreciate and understand the questions of constitutional justice and equality related debates from life-world of Ambedkar's thought and philosophy.

Learning Outcome:

By the end of this course student will achieve following outcomes:

- Students will possess a comprehensive conceptual and theoretical understanding of the Indian public sphere, enabling them to critically appreciate and engage with the questions of constitutional justice and equality as reflected in Ambedkar's thought and philosophy.
- Students will develop the skills necessary to engage in thoughtful analysis and interpretation of Ambedkar's life-world, recognizing the socio-political implications of his ideas, and applying this understanding to contemporary debates on constitutional justice and equality in India.

Pedagogy

The pedagogy for this value added course needs to be activity oriented. Therefore, more emphasis is on class room discussions, practical activities as identified by the instructor/teacher to deliver the course content instead of the conventional lecture method.

The students will be assessed on the basis of written examination/comprising of 45 marks and continuous internal assessment of 5 marks on the basis of Unit Test, Snap Test, attendance, Class assignments and classroom participants.

INSTRUCTIONS FOR PAPER-SETTERS AND CANDIDATES:

For Private students, who have not been assessed earlier for the internal assessment, the marks secured by them in the paper will proportionately be increased in lieu of the internal assessment. The Paper-Setter must put a note in question paper in this regard.

The candidate shall attempt 3 questions in all (one compulsory and one each from two units). The first compulsory question shall comprise of 8 short-answer type questions, covering the whole syllabus, to be answered in 25-30 words each, out of which the candidate would be required to attempt any 5. Each question will carry 3 marks. Rest of the paper shall contain 2 units and students have to attempt one question from each unit and every question shall carry 15 marks.

Unit-I
Ambedkar and Indian Philosophy

- Philosophy of Dr. B.R. Ambedkar in Socio- Political Context
- Construction of rational, moral and humanistic religion

Unit-II
Moral and Political Philosophy

- Human Dignity and Social Justice
- Casteless society and Dalit Movement

Essential Readings:

- Rodrigues, Valerian(ed). The Essential Writings of B.R. Ambedkar, New Delhi: Oxford Press, 2002 (Chapters):
- B.R. Ambedkar, Introduction, p.10-40
- B.R.Ambedkar, Castes in India, pp.241-261
- B.R.Ambedkar, 'Annihilation of Caste,' pp.263-301
- B.R. Ambedkar, Krishna and His Gita, pp.193-204
- B.R. Ambedkar . Democracy, pp.60-65
- B.R. Ambedkar, Political safeguards for Depressed classes, pp.379-382
- B.R. Ambedkar , Basic Features of Indian constitution, pp.473-495
- Moon, Vasant (Compiled) Dr. Babasaheb Ambedkar Writings and Speeches Vol.3, Education Department, Government of Maharastra, 1987. (Chapters):
- B.R.Ambedkar, 'Philosophy of Hinduism'
- B.R. Ambedkar, 'Buddha or Karl Marx,'

Suggested Readings:

- B.R. Ambedkar , 'What the Buddha Taught,' from Buddha and His Dhamma, Dr. Babasaheb Ambedkar Writings and Speeches Vol.11, Education Department, Government of Maharastra,1979.
- Dr.Babasaheb Ambedkar Writings and Speeches (Vol.1-17). Re-printed by Dr. Ambedkar Foundation, New Delhi : January, 2014.

Semester III

VAC-3: Philosophy of Mahatma Gandhi
(PHI-VAC-3-301)

Total Credits: 2

Level of Course :200

Max. Marks	**: 50**
Theory	**: 45 Marks**
Internal Assessment	**: 05 Marks**
Time	**: 03 Hours**

Learning Objectives

The paper aims to comprehensively study Mahatma Gandhi's life, focusing on his encounters with various religions and their influence on his ideology. It delves into Gandhi's fundamental principles of Truth (Satya) and Non-Violence (Ahimsa). Furthermore, it explores Gandhi's philosophies regarding the relationship between means and ends, concepts like Sarvodaya (welfare of all) and Satyagraha (truth force), as well as his notions of self and God ("Truth is God, God is Truth").

Learning Outcomes

Upon completion, students will gain a deep understanding of Gandhi's life, his interfaith influences, and the philosophical foundations of his principles of truth, non-violence, means and ends, welfare, truth force, self, and God. This knowledge equips them with insights into ethical and moral dimensions, fostering critical thinking for application in societal contexts.

Pedagogy

The pedagogy for this value-added course needs to be activity oriented. Therefore, more emphasis is on class room discussions, practical activities as identified by the instructor/teacher to deliver the course content instead of the conventional lecture method.

The students will be assessed on the basis of written examination/comprising of 45 marks and continuous internal assessment of 5 marks on the basis of Unit Test, Snap Test, attendance, Class assignments and classroom participants.

INSTRUCTIONS FOR PAPER-SETTERS AND CANDIDATES:

For Private students, who have not been assessed earlier for the internal assessment, the marks secured by them in the paper will proportionately be increased in lieu of the internal assessment. The Paper-Setter must put a note in question paper in this regard.

The candidate shall attempt 3 questions in all (one compulsory and one each from two units). The first compulsory question shall comprise of 8 short-answer type questions, covering the whole syllabus, to be answered in 25-30 words each, out of which the candidate would be required to attempt any 5. Each question will carry 3 marks. Rest of the paper shall contain 2 units and students have to attempt one question from each unit and every question shall carry 15 marks.

Unit-I

- Gandhi’s Life at a glance. Influence of Different Religions-Hinduism, Jainism, Buddhism, Christianity, Islalm and others on Gandhi.
- Gandhi’s Concept of Truth (Satya) and Non-Violence (Ahimsa)

Unit-II

- Concept of means and ends, Concept of Sarvodaya and Satyagraha
- Gandhi's conception of self, God (Truth is God, God is Truth).

Essential Readings:

- My Experiments with Truth (Autobiography) - Gandhiji.
- Gandhi-His Life and Thought - J.B Kripalani.
- PhilosophyofGandhi-MUDutt.
- Mahatma Gandhi – Early Phase - Pyarelal.
- HinduDharma(Gandhiji)–M.K.Gandhi.

Suggested Readings

- Ashram observance in Action - M.K. Gandhi.
- Hind Swaraj - M.K. Gandhi.
- Ethical Religion - M.K. Gandhi.
- Atma Kathe or Naan Satyanveshane - Gandhi.
- Dharma – Neethi - Geetha Mathe - Gandhi.

Physical Education

SEMESTER – I
HEALTH AND WELLNESS

Total Marks – 50 (Theory & Practical Examination)			
Theory Marks (Maximum) -	**25**	**Practical Marks (Maximum) -**	**25**
Theory Examination Marks -	**20**	**Practical Examination Marks -**	**20**
Internal Assessment Marks -	**05**	**Internal Assessment Marks -**	**05**
Time (Theory Examination) -	**1 ½ Hours**		

INSTRUCTIONS FOR THE PAPER-SETTER AND STUDENTS

i. There shall be five questions in all, spread over two Units.
ii. First question is compulsory and shall carry 06 marks. It shall contain four short answer type questions, spread over the whole syllabus to be answered in brief. The students shall be required to attempt any three questions out of four. Each question shall be of 2 marks.
iii. Question number two to five (Descriptive) shall be covered from Units I to II. Each Unit shall have two questions and the students shall attempt any one question from each Unit. Each question shall be of 7 marks.

VALUE ADDED COURSE (VAC – 1)	**SEMESTER – I**
Course Objective	1. To understand the concept of Health and wellness. 2. To understand the concept of Physical fitness. 3. To impart awareness about the Hypo-kinetic diseases.
Course Outcome	1. Students will learn about the concept of Health and wellness. 2. Students will understand the concept of Physical fitness. 3. Students will get awareness about the Hypo-kinetic diseases.
Outline Syllabus	**HEALTH AND WELLNESS**
Credits	**2 (Theory: 1, Practical: 1)**
Contact Hours	45 Hours (Theory: 15 Hours, Practical: 30 Hours) 15 Hours Theory= 1 Credit, 30 Hours Practical = 1 Credit **NOTE:** ➢ One hour per week for theory. ➢ Two hours per week for practical. ➢ One unit contains 60-80 students for theory and 30-40 students for Practical. ➢ A teacher, who is preparing six teams for Inter-College competitions, his/her work-load shall be counted by including four hours per week in the teaching load.
UNITS	**TOPICS**
Unit – 1	1. Health and Wellness: Meaning and its importance. 2. Local, demographic, societal issues and factors affecting health and wellness. 3. Nutrition and Diet for health & wellness, Essential components of balanced diet. 4. Malnutrition (under and over nutrition). Processed foods and unhealthy eating habits.

Unit – 2	1. Physical Fitness: meaning, importance and types. 2. Modern lifestyle: its impact on Health and Wellness. 3. Hypo-kinetic diseases; their prevention and management through Physical Activities. 4. Postural deformities and corrective measures.
PRACTICAL	**SYLLABUS**
FITNESS	1. 100 Meter Dash 2. Shuttle Run 3. 9 Minutes Run and Walk
SUGGESTED READINGS	1. Terras S. (1994). Stress, How Your Diet can help: The Practical Guide to Positive Health Using Diet, Vitamins, Minerals, Herbs and Amino Acids, Thorons. 2. Human Kinetics (2009)Health and Wellness for LifeHuman Kinetics (Organization) 3. The Stone Age Health Programme: Diet and Exercise as Nature Intended. Angus and Robertson. 5. Clow A& Edmunds S, (2013).Physical Activity and Mental Health: Human Kinetics, United States of America

SEMESTER – II

YOGA

Total Marks – 50 (Theory & Practical Examination)			
Theory Marks (Maximum) -	**25**	**Practical Marks (Maximum) -**	**25**
Theory Examination Marks -	**20**	**Practical Examination Marks -**	**20**
Internal Assessment Marks -	**05**	**Internal Assessment Marks -**	**05**
Time (Theory Examination) -	**1 ½ Hours**		

INSTRUCTIONS FOR THE PAPER-SETTER AND STUDENTS

i. There shall be five questions in all, spread over two Units.
ii. First question is compulsory and shall carry 06 marks. It shall contain four short answer type questions, spread over the whole syllabus to be answered in brief. The students shall be required to attempt any three questions out of four. Each question shall be of 2 marks.
iii. Question number two to five (Descriptive) shall be covered from Units I to II. Each Unit shall have two questions and the students shall attempt any one question from each Unit. Each question shall be of 7 marks.

VALUE ADDED COURSE (VAC – 2)	**SEMESTER – II**
Course Objective	1. To understand the Foundation of Yoga. 2. To highlight the importance of Yoga and Meditation. 3. To provide a general understanding of Asanas, Kriya, Pranayama
Course Outcome	1. Students will be able to understand the Foundation of Yoga. 2. Students will learn the importance of Yoga and Meditation. 3. Students will learn Asanas, Kriya, Pranayama.
Outline Syllabus	**YOGA**
Credits	**2 (Theory: 1, Practical: 1)**
Contact Hours	45 Hours (Theory: 15 Hours, Practical: 30 Hours) 15 Hours Theory= 1 Credit, 30 Hours Practical = 1 Credit **NOTE:** ➢ One hour per week for theory. ➢ Two hours per week for practical. ➢ One unit contains 60-80 students for theory and 30-40 students for Practical. ➢ A teacher, who is preparing six teams for Inter-College competitions, his/her work-load shall be counted by including four hours per week in the teaching load.
UNITS	**TOPICS**
Unit – 1	**Introduction and Foundation of Yoga** ▪ Origin of Yoga and it's development ▪ Meaning of Yoga and its importance ▪ Meditation; meaning, definition, meditation types and principles

Unit – 2	**Asanas, Pranayama and Kriya** ▪ Principles of Yogic practices ▪ Asanas; meaning and definition of Asanas, its types ▪ Pranayama; meaning and definition of Pranayama, it's types ▪ Kriya; meaning and definition of Kriya, it's types
PRACTICAL	**SYLLABUS**
PRACTICE OF ASANAS	▪ Standing Asanas– Vrikshasana, Tadasana ▪ Sitting Asanas – Padmasana, Vajrasana, Paschimuttanasana ▪ Lying Asanas- (supine position)– Halasana, Sarvangasana, Naukasana ▪ Prone position Asanas – Bhujangasana, Dhanurasna, Naavasana ▪ Suryanaskar ▪ Practice of Pranayama- Bhastrika, Kapalbhati, Anulom Vilom
SUGGESTED READINGS:	1. Brown, F. Y.,(2000). *How to use yoga*. Delhi:Sports Publication. 2. Debnath, M. (2006). *Basic Core Fitness through Yoga and Naturopathy*. New Delhi: Sports Publication, 3. INSTRUCTIONS FOR THE PAPER-SETTER AND STUDENTS

i. There shall be five questions in all, spread over two Units.

ii. First question is compulsory and shall carry 06 marks. It shall contain four short answer type questions, spread over the whole syllabus to be answered in brief. The students shall be required to attempt any three questions out of four. Each question shall be of 2 marks.

iii. Question number two to five (Descriptive) shall be covered from Units I to II. Each Unit shall have two questions and the students shall attempt any one question from each Unit. Each question shall be of 7 marks.

VALUE ADDED COURSE (VAC- 3)	**SEMESTER - III**	
Course Objective	1. To understand the concept of Sports and Fitness. 2. To highlight the benefits of Sports and Fitness. 3. To impart knowledge about different protocols of Sports and Fitness.	
Course Outcome	1. Students will learn about the concept of Sports and Fitness. 2. Students will be able to know about the benefits of Sports and Fitness. 3. Students will understand about the different protocols of Sports and Fitness.	
Outline Syllabus	**Sports and Fitness**	
Credits	**2 (Theory: 1, Practical: 1)**	
Marks	**Total Marks – 50 (Theory & Practical Examination)**	
	Theory Marks (Maximum)- 25 **Theory Examination Marks - 20** **Internal Assessment Marks - 05**	**Practical Marks (Maximum)- 25** **Practical Examination Marks - 20** **Internal Assessment Marks- 05**
Contact Hrs	45 Hours (Theory: 15 Hours, Practical: 30 Hours) 15 Hours Theory= 1 Credit, 30 Hours Practical = 1 Credit **NOTE:** ➢ One hour per week for theory. ➢ Two hours per week for practical. ➢ One unit contains 60-80 students for theory and 30-40 students for Practical. A teacher, who is preparing six teams for Inter-College competitions, his/her work-load shall be counted by including four hours per week in the teaching load.	

UNITS	TOPICS
Unit 1	1. Sports and Fitness: Meaning & Definition. 2. Types of fitness: health-related fitness, physical fitness, motor fitness, skill-related fitness. 3. Role of Sports activities for the development of fitness. 4. Warm up & cool down: procedures and protocol.
Unit 2	1. Fitness Testing: Understanding the purpose of testing prior to physical activity. 2. Resting Heart Rate, Maximum Heart Rate, and Target Heart Rate Zone 3. Training Load: components of load, Principles of load.
	PRACTICAL
	1. Practice of indigenous games. 2. 12 min run-walk test, shuttle run, 50-meter dash, medicine ball throw, standing broad jump.
Suggested Reading	1. Edward T.; Howley B. and Dov F. (1986). Health Fitness instructor's Handbook, Philadelphia: Human Kinetics Books. 2. Howley. E.T and Franks, B.D. Physics

B.Sc. Semester 1

Value Added Course (PHY-VAC-1-101)
(Science in Everyday Wonders)

Maximum marks: 50
(Theory 40 marks+ Internal Assessment 10 marks)
Total Contact hours: 30
Total Credits: 2

Instructions:

1. The theory paper will be of 50 marks including 10 marks for internal assessment and 3-Hour duration.
2. The question paper for the final examination will consist of three units. Unit I-II will have THREE questions each from the corresponding units of the syllabus. Unit III in the paper will have one compulsory question consisting of short answer type questions covering the whole syllabus. Each question will have a weightage of 8 marks. The candidates will attempt five questions in all, selecting two questions from Unit I and II and the compulsory question from Unit III.
3. Use of non-programmable calculators will be allowed in the examination center.

Learning Outcomes: The students will understand fundamental physics concepts through their applications in everyday life, the Earth's atmosphere, and the human body. To understand the physics behind technological advancements and devices used in daily life. To develop an appreciation for astronomical phenomena, the universe, and artificial satellites.

Unit – I

Sun, Earth's atmosphere- Pressure, temperature and density, Pascal's Law and Archimedes' Principle-Coriolis acceleration and weather systems, Rayleigh scattering-Red sunset, dispersion of light, Rainbow.

Reflection, refraction, diffraction, interference, scattering (elementary ideas only) – blue colour of sky, twinkling of stars. Mirage –rainbow.

The eyes as an optical instrument, Vision defects, Rayleigh criterion and resolving power, Sound waves and hearing, Sound intensity, Decibel scale.

Unit – II

Microwave oven, Global Positioning System, CCDs, Lasers, Displays, Optical recording, CD, DVD Player, Electric motors, Telescope, Microscope, LCD Projector etc.

Galaxies, types of stars, constellations, Planets,solar system, Sun, Earth, moon, faces of moon, lunar and solar eclipses, black holes. Artificial satellites: Geo stationary and Polar satellites.

Books for Reference:

1. University Physics by F. W. Sears, M. Zemansky, R. A. Freedman, and H. D. Young, Pearson Education.
2. Fundamentals of Physics by D. Halliday, R. Resnick, J. Walker, John Wiley & Sons.
3. An introduction to Astrophysics, BaidyanathBasu,second printing, prentice - Hall of India Private limited, New Delhi, 2001.
4. An Introduction to AstroPhysics,BaidyanathBasu,TanukaChattopadhyay, SudhindraNath Biswas, Second Edition(2010), PHI Learning Private Limited.

5. Astrophysics a modern perspective,K.S. Krishnasamy,Reprint, New Age International (p) Ltd, New Delhi, 2002.
6. Astronomy, S. Kumaravelu,Janki calendar corporation, Sivakasi, 1993.
7. Physics of the universe, Hewish. A, CSIR publication, New Delhi, 1992.
8. Modern Astrophysics, B.W. Carroll & D.A. Ostlie, Addison-Wesley Publishing Co.
9. Introductory Astronomy and Astrophysics M. Zeilik and S.A. Gregory, 4th Edition, Saunders College Publishing.

B.Sc. Semester II

Value Added Course (PHY -VAC-2-201)
Fundamentals of Solar Energy and Applications

Maximum marks: 50
(Theory 40 marks+ Internal Assessment 10 marks)
Total Contact hours: 30
Total Credits: 2

Instructions:

1. The theory paper will be of 50 marks including 10 marks for internal assessment and 3-Hour duration.
2. The question paper for the final examination will consist of three units. Unit I-II will have THREE questions each from the corresponding units of the syllabus. Unit III in the paper will have one compulsory question consisting of short answer type questions covering the whole syllabus. Each question will have a weightage of 8 marks. The candidates will attempt five questions in all, selecting two questions from Unit I and II and the compulsory question from Unit III.
3. Use of non-programmable calculators will be allowed in the examination center.

Learning outcomes:

The students will be able tounderstand solar radiation as a primary source of energy and its measurement on the Earth's surface.To explore the principles of solar thermal systems and photovoltaic systems in converting solar energy into heat and electricity. To study theapplications of solar energy, including heating, lighting, and water pumping systems. To develop an understanding of solar energy storage and its role in sustainable and eco-friendly energy solutions.

Unit I: Basics of Solar Energy

Definition and types of renewable energy, Benefits of renewable energy, Role of sun in Earth's energy systems, Electromagnetic spectrum and solar radiation, Types of solar radiations, Diffuse and Direct Solar Radiations. Contribution of solar energy to sustainability and energy security. Solar radiation at the Earth's surface, Measurement of solar radiation.

Unit II: Solar Thermal and Photovoltaic Systems

Principle of Solar radiation conversion into heat, Solar thermal collectors- Flat Plate collectors and Concentrating collectors, Solar Thermal Plant, Solar Cookers, Solar Distillation, Solar Greenhouse. Conversion of Solar radiation into electricity, Photovoltaic effect, Solar Photovoltaic Cell and its working Principle, Types of Solar Cells, PV Module connections: Series and Parallel, Photovoltaic applications- Battery Chargers, Domestic Lighting, Street Lighting, Water pumping.

Books for Reference:

1 Physics of Solar Cells: From Basic Principles to Advanced Concepts, Peter Würfel.
2. Silicon Solar Cells: Advanced Principles and Practice, M Green.
3.Thin-film Crystalline Silicon Solar Cells: Physics and Technology, R Brendel.
4.Solar Cells: Operating Principles, Technology and System Applications, Martin A Green.

B.Sc. Semester IV

Value Added Course (PHY-VAC-3-401)
(Basics of Communication Systems)

Maximum marks: 50
(Theory 40 marks+ Internal Assessment 10 marks)
Total Contact hours: 30
Total Credits: 2

Instructions:

1. The theory paper will be of 50 marks including 10 marks for internal assessment and 3-Hour duration.
2. The question paper for the final examination will consist of three units. Unit I-II will have THREE questions each from the corresponding units of the syllabus. Unit III in the paper will have one compulsory question consisting of short answer type questions covering the whole syllabus. Each question will have a weightage of 8 marks. The candidates will attempt five questions in all, selecting two questions from Unit I and II and the compulsory question from Unit III.
3. Use of non-programmable calculators will be allowed in the examination centre.

Learning outcomes:

The students will gainfoundational understanding of communication systems, including electromagnetic wave propagation and modulation techniques. This course is designed to develop technical skills in analog, digital, and optical communication. Also it prepares students for advanced studies and careers in communication technology and related industries.

Unit I

Electromagnetic Waves and Propagation: Maxwell's Equations and Electromagnetic Waves, Polarization, Reflection, and Refraction of Waves, Propagation of Waves in Free Space, Dielectric, and Conducting Media, Ground Wave, Sky Wave, and Space Wave Propagation, Ionospheric Propagation.

Basics of Communication Systems: Transmitter, Medium, and Receiver**,** Types of Communication: Analog and Digital**,** Noise in Communication Systems**,** Signal Bandwidth.

Unit-II

Analog Communication: Basic ideas of modulation and demodulation (Amplitude Modulation (AM), Frequency Modulation (FM) and Phase Modulation (PM)), modulation index, applications.

Digital Communication: Definition and importance of digital communication, comparison between analog and digital signals, Digital signal representation, Basic components of a digital communication system.

Optical Communication: Basics of optical Fibers, total internal reflection, numerical aperture, types of fibers: single-mode, multi-mode, attenuation and dispersion in Fibers,

Books for Reference:

1. Introduction to Electrodynamics, D.J. Griffiths, 3rdEdn., 1998, Benjamin Cummings.
2. Introduction to Fiber Optics, A. Ghatak, 1998, Cambridge University Press.
3. Electronic Communications, D. Roddy and J. Coolen, Pearson Education India.
4. Advanced Electronics Communication Systems, Tomasi, 6th edition, Prentice Hall.
5. Electronic Communication systems, G. Kennedy, 3rdEdn, 1999, Tata McGraw Hill.
6. Principles of Electronic communication systems, Frenzel, 3rd edition, McGraw Hill.
7. Communication Systems, S. Haykin, 2006, Wiley India.
8. Electronic Communication system, Blake, Cengage, 5th edition.

Political Science

SEMESTER I

POL-VAC-1-101: Value Added

POL-VAC-1: Constitutional Morality as a Value in Contemporary Society

Total Credits: 2 credits (Theory: 15 hrs. + Tutorial: 15 hrs.)

Max.Marks	**:**	**50 marks**
Theory	**:**	**45 marks**
Int. Ass.	**:**	**05 marks**
Time	**:**	**3 hours**
Level of Course	**:**	**100**

Course Objectives:
The course aims at inculcating the values which are enshrined in the Constitution of India, the sacred document. The course content enables students also to get acquainted with the cardinal principles, the vision of the founding fathers for the largest democracy in the world. The course aims to make students better citizens of a modern democratic republic of India.

Learning Outcomes:
The students from different disciplines opting this course would be having the basic idea about the need to have a constitution for the well-being of a democracy. It would also impart an understanding of the democratic concepts like constitutionalism, constitutional morality. Most importantly the students would get acquainted with the philosophy and moral values, which are embedded in the constitution. They are modern but are also derived from India's traditional past.

Pedagogy of the Course Work:
The students will be assessed on the basis of written examination comprising of 45 marks and continuous internal assessment of 05 marks on the basis of Unit test, Snap test, Attendance, Class assignments and class room participations.

Instructions for Paper-setter and candidates:

i. There shall be 5 questions in all. The first question shall be compulsory and be short answer type containing 10 short questions spread over the whole syllabus and to be answered in about 25 to 30 words. The candidate is required to attempt any 5 short answer type questions carrying 3 marks (5x3 = 15 marks). Rest of the paper shall contain 2 units. Each unit shall have two questions and the candidates shall be given internal choice i.e. the candidates shall have two questions and the candidates shall attempt one question from each unit i.e. one questions in all. Each question will carry 15 marks (2x15 = 30 marks).

ii. For private candidates who have not been assessed earlier for internal assessment, the marks secured by them in theory paper will proportionately be increased to maximum marks of the paper in lieu of internal assessment.
The paper –setter must put note (ii) in the question paper.

Course Contents

Unit-I
Why do We need to read our Constitution?
We, the People, and our Constitution

Unit-II
Constitutionalism
Constitutional Morality

Public Administration

Semester-I
PUB-VAC-1-101
Digital Governance

Max. Marks	**: 50**
Theory	**: 45 Marks**
Internal Assessment	**: 05 Marks**
Time	**: 03 Hours**
Level of Course	**: 100**

Course Objectives:
To provide students with a comprehensive understanding of the role of Information and Communication Technology (ICT) in governance, focusing on its applications, benefits, and challenges in various sectors.

Learning Outcome:
Students will develop proficiency in utilizing ICT tools and platforms for effective governance, enabling them to contribute to the advancement of digital governance initiatives in diverse contexts.

Pedagogy of the Course:
The course will utilize a combination of lectures, case studies, group discussions, and practical demonstrations to facilitate active learning and practical skill development in the field of ICT and governance.

Instructions for Paper-setter and candidates:

- There shall be 5 questions in all. The first question shall be compulsory and be short answer type containing 10 short questions spread over the whole syllabus and to be answered in about 25 to 30 words. The candidate is required to attempt any 5 short answer type questions carrying 3 marks (5x3 = 15 marks). Rest of the paper shall contain 2 units. Each unit shall have two questions and the candidates shall be given internal choice i.e. the candidates shall have two questions and the candidates shall attempt one question from each unit i.e. one questions in all. Each question will carry 15 marks (2x15 = 30 marks).

The paper-setter must put note in the question paper for the following.

- For private candidates who have not been assessed earlier for internal assessment, the marks secured by them in theory paper will proportionately be increased to maximum marks of the paper in lieu of internal assessment.

Assessment Method:

1. Written assignments analyzing the role of ICT in governance, including case studies on government-to-business, government-to-citizen, and government-to-government interactions.
2. Practical exercises demonstrating the implementation of ICT tools and platforms for governance purposes, such as e-governance portals and digital identity systems.
3. Group projects developing proposals for the implementation of national e-governance plans and initiatives, with a focus on enhancing service delivery and citizen engagement.
4. Final examination covering key concepts, applications, and challenges of ICT in governance, including e-governance frameworks and digital authentication systems.

Unit 1

Communication: Meaning, Types, Principles
ICT: Concept, Components, Advantages and disadvantages
Data communications and networking

Unit 2

Role of ICT in Governance: Government to Business; Government to Citizen; Government to Government
National e-Governance Plan: Concept and Role
e-PRAMAAN: Concept and Services

Recommended Readings:

Semester-II

PUB-VAC-2-201
Ethics in Public Services

Max. Marks	**: 50**
Theory	**: 45 Marks**
Internal Assessment	**: 05 Marks**
Time	**: 03 Hours**
Level of Course	**: 100**

Course Objectives:
To provide students with a deep understanding of ethical principles in public services, fostering integrity, accountability, and moral conduct.

Learning Outcome:
Students will acquire the knowledge and skills necessary to analyze ethical challenges, make ethical decisions, and promote ethical behavior within public service contexts.

Pedagogy of the Course:
The course will utilize a blend of lectures, case studies, discussions, and presentations to engage students actively in exploring ethical issues and dilemmas in public services.

Instructions for Paper-setter and candidates:

- There shall be 5 questions in all. The first question shall be compulsory and be short answer type containing 10 short questions spread over the whole syllabus and to be answered in about 25 to 30 words. The candidate is required to attempt any 5 short answer type questions carrying 3 marks (5x3 = 15 marks). Rest of the paper shall contain 2 units. Each unit shall have two questions and the candidates shall be given internal choice i.e. the candidates shall have two questions and the candidates shall attempt one question from each unit i.e. one questions in all. Each question will carry 15 marks (2x15 = 30 marks).

The paper-setter must put note in the question paper for the following.

- For private candidates who have not been assessed earlier for internal assessment, the marks secured by them in theory paper will proportionately be increased to maximum marks of the paper in lieu of internal assessment.

Assessment Method:

1. Written assignments analyzing case studies and ethical scenarios in public services.
2. Group discussions and presentations on ethical issues and dilemmas.
3. Examination covering philosophical foundations, legal frameworks, and governance recommendations regarding ethics in public services.
4. Oral examinations assessing students' understanding of ethical principles and their application in real-world scenarios.

Unit-I

Ethics in Public Services
Philosophical Basis of Ethics: Kautilya, Gandhi and Vivekanand
Role of Citizens in upholding Ethics in Public Life

Unit-II

Prevention of Corruption Act, 1988 (Amended in 2018)
Politics - Administration - Business Nexus
4th Report of Second ARC (Ethics in Governance)

Suggested Readings:

Semester-III

PUB-VAC-3-301
Governance for Sustainability

Max. Marks	**: 50**
Theory	**: 45 Marks**
Internal Assessment	**: 05 Marks**
Time	**: 03 Hours**
Level of Course	**: 200**

Course Objectives:
To equip students with a comprehensive understanding of sustainable development principles and governance mechanisms, enabling them to address contemporary environmental and social challenges effectively.

Learning Outcome:
Students will develop the necessary knowledge and skills to analyze, implement, and evaluate sustainable development initiatives within diverse governance contexts, fostering positive environmental, social, and economic outcomes.

Pedagogy of the Course:
The course will utilize a blend of lectures, case studies, group discussions, and practical exercises to facilitate active learning and critical thinking among students. Emphasis will be placed on real-world applications and interdisciplinary perspectives.

Instructions for Paper-setter and candidates:

- There shall be 5 questions in all. The first question shall be compulsory and be short answer type containing 10 short questions spread over the whole syllabus and to be answered in about 25 to 30 words. The candidate is required to attempt any 5 short answer type questions carrying 3 marks (5x3 = 15 marks). Rest of the paper shall contain 2 units. Each unit shall have two questions and the candidates shall be given internal choice i.e. the candidates shall have two questions and the candidates shall attempt one question from each unit i.e. one questions in all. Each question will carry 15 marks (2x15 = 30 marks).

The paper-setter must put note in the question paper for the following.

- For private candidates who have not been assessed earlier for internal assessment, the marks secured by them in theory paper will proportionately be increased to maximum marks of the paper in lieu of internal assessment.

Assessment Method:

1. Written analysis of sustainable development principles and their historical evolution.
2. Evaluation of governance mechanisms and their effectiveness in promoting sustainable outcomes.
3. Case studies and group projects assessing the implementation of sustainable development initiatives in various contexts.
4. Examination covering key concepts, case studies, and practical applications related to sustainable development and governance.

Unit-I

Sustainable Development Goals - Meaning, Content and Rationality
Approaches: Governance for Sustainability Versus Environment Governance
Institutional Framework - Local Govt., Central Govt., International Organizations, Civil Society

Unit-II

Pre-Requisites for Implementation: Innovation, Negotiation and Bargaining, Indigenous Technology, Networking
Values: Knowledge Sharing, Adaptiveness, Inclusiveness, Equity, Resilience
Empowerment of Community and all Stakeholders

Section C: Grammar **20 marks**

General and very short answer questions such as name, place, profession, year etc. and related to the topics covered in ten units. Each question carries 2 marks. Choices to be given in the number of questions to attempted.

carrying 10 marks. Choices to be given internally in each subsection. Each question in a subsection carries 2 marks.

Prescribed text:

1. **Berioza A Textbook of Russian (Goyal Publishers; ISBN: 9789386862723**.)

(From Chapter 1-10)

BOOKS RECOMMENDED FOR ADDITIONAL READING

1. Дарога в Россию (I)
2. S Khavronina: Russian in Exercise,1978.
3. I. Pulkina : RUSSIAN A practical Grammar with Exercise. Russky Yazik. Pub. H. Moscow.

Semester -II

Course title : **Russian Grammar and Communication II**
Course code : RU-VAC-2 201
Course duration : 60 hours in one semester/ 4hours per week
Credits : 2
Maximum marks : 50 (40 theory+ 10nternal Assessment)

Course Objectives:

- Teaching students' basics OF Russian Language.
- Developing an ability to understand and communicate in elementary Russian in everyday situations.
- Enhancing all the four competencies of the language (read, write, speak and understand)

Learning Outcomes:

At the end of the course, students will be able to:

1. Demonstrate their ability to use basic Russian structure and vocabulary
2. Understand and produce simple texts in Russian
3. communicate in elementary situations of communication
4. understand and answer simple questions
5. participate in simple conversations in everyday situations

Course contents/ syllabus:

Unit 1:

Question answer based on prescribed textbook. (From Book Берёза 11-21)

Unit- 2:

Comprehension: A text based on or similar to the texts given in the prescribed Book. There should be Five questions based on the given comprehension to be answered. Each question carries 2 marks.

UNIT-3

Simple and Applied Grammar (From Book Берёза 11-20)

Instructions for paper setters and candidates:

In total there will be 4 sections each focusing on a particular component of the language.

Section A **10 marks**

General and very short answer questions such as name, place, profession, year etc. and related to the topics covered in ten units. Each question carries 2 marks. Choices to be given in the number of questions to be attempted

Section B: Written Comprehension **10 marks**

An unseen text of the same level of language as in the book to be given and simple questions of 2 marks each to be answered. Choices have to be given in the number of questions to be attempted.

Section C: Grammar **20 marks**

General and very short answer questions such as name, place, profession, year etc. and related to the topics covered in ten units. Each question carries 2 marks. Choices to be given in the number of questions to be attempt
Prescribed text:
Берёза (Урок 21-30)

BOOKS RECOMMENDED FOR ADDITIONAL READING

1. A.K.Maurya: ESSENTIAL RUSSIAN, University of Delhi, 2004.
2. S Khavronina: Russian in Exercise,1978.
3. I. Pulkina : RUSSIAN A practical Grammar with Exercise. Russky Yazik. Pub. H. Moscow.

Semester-III

Course title : **Russian Grammar and Communication III**
Course code : RU-VAC-3 301
Course duration : 60 hours in one semester/ 4hours per week
Credits : 2
Maximum marks : 50 (40 theory+ 10nternal Assessment)

Course Objectives:

- Teaching students' basics OF Russian Language.
- Developing an ability to understand and communicate in elementary Russian in everyday situations.
- Enhancing all the four competencies of the language (read, write, speak and understand)

Learning Outcomes:

At the end of the course, students will be able to:

1. Demonstrate their ability to use Intermediate Russian structure and vocabulary
2. Understand and produce simple texts in Russian
3. communicate in elementary situations of communication
4. understand and answer simple questions
5. participate in simple conversations in everyday situations

Course contents/ syllabus:

Sociology

SEMESTER-I

SOC-VAC-1-101
INDIAN TRADITIONS AND VALUES

Credit 2
Maximum Marks 50 Theory 45 Internal Assessment: 5 marks
Time: 2 hours
Level of Course: 100

INSTRUCTIONS FOR THE PAPER-SETTER AND THE CANDIDATES
The Paper is of 45 marks
Instructions for theory paper:
Note: (1) The students are required to attempt Three Questions in all. Question No. I will be compulsory comprising of 8 short answer type questions of 3 marks each and will cover the entire syllabus. The answers should be in 100-200 words. The students are required to attempt any 5 out of total 8 questions based on the entire syllabus, i.e., 5X 3 = 15 marks. In addition to it, Question Nos. II to V will consist of long answer (essay type) questions, two Questions from each Unit with internal choice carrying 15 marks each. The candidates will be required to attempt one question from each unit. i.e., 2 X 15 = 30 marks.
ii) For private candidates, who have not been assessed earlier for internal assessment, the marks secured by them in theory paper will proportionately be increased to maximum marks of the paper in lieu of internal assessment. The paper-setter must put note (ii) in the question paper.

Course Objectives
The paper aims to introduce the students to the historical moorings of values based in the system of Ashrama and Purushartha. The students will know the meaning of customs and traditions with particular reference to the concept of Vasudev Kutumbakkam.

Course outcomes:-The students will learn about the Indian value system and its significance in the betterment of our society.

UNIT- I

Historical Moorings of Indian Values
Ashrama and Purushartha

UNIT- II

Custom and Traditions- Meaning, Significance of Vasudev Kutumbakkam

SEMESTER-III

SOC-VAC-3-301
INDIAN CULTURAL MATRIX

Credits 2
Maximum Marks 50 Theory 45 Internal Assessment: 5 marks
Time: 2 hours
Level of Course: 200

INSTRUCTIONS FOR THE PAPER-SETTER AND THE CANDIDATES
The Paper is of 45 marks
Note: (1) Question No. I will be compulsory comprising of 8 short answer type questions of 3 marks each and will cover the entire syllabus. The answers should be in 100-200 words. The students are required to attempt any 5 out of total 8 questions based on the entire syllabus, i.e., 5X 3 = 15 marks. In addition to it, Question Nos. II to V will consist of long answer (essay type) questions, two Questions from each Unit with internal choice carrying 15 marks each. The candidates will be required to attempt one question from each unit. i.e., 2 X 15 = 30 marks. ii) For private candidates, who have not been assessed earlier for internal assessment, the marks secured by them in theory paper will proportionately be increased to maximum marks of the paper in lieu of internal assessment. The paper-setter must put note (ii) in the question paper.

Course Objectives: The paper will throw light on the slow and uneven value shifts, impacting social development and also highlight the importance of spirituality. Spirituality is what many people seek in times of crisis, unrest, or personal challenge. It reinforces inner peace and provides a sense of connection to a force greater than ourselves.

Course outcomes: The students will learn how spirituality can benefit the mental health, spiritual beliefs and practices which can foster meaning and connect to life. It will help in understanding changes in values.

UNIT- I
Contemporary Understanding of Values in Transition – Family and Marriage

UNIT- II
Sociological Relevance of Spirituality in India

Zoology

Course Code: ZOO-VAC-1-101
Course Title: Basic Laboratory Techniques

Total Hours= 45 (Theory=15 + Practical=30) **Credits= 2 (L=1 + P=1)**
Total Marks= 50 (Theory=25 + Practical=25)
Theory Marks= 25{22 (Theory examination) + 03 (Internal assessment)}
Practical Marks= 25 {22 (Practical examination) + 03 (Internal assessment)}
Duration for final examination: 2 hours

Theory

Learning Outcomes:

- *The student will be able to handle the laboratory glassware, equipment and instrument.*
- *The student will be able to handle the chemicals and laboratory waste.*
- *The student will be able to understand the sterilization techniques.*

UNIT 1

- Laboratory safety rules, hazards and precautions.
- Handling and Disposal of laboratory waste (Chemical and Biological)
- Storage and handling of Chemicals.
- Glassware- Description, their uses, cleaning, handling, and care
- Compound microscope: Parts & working

UNIT 2

- Laboratory Equipment & their working: Colorimeter, Autoclave, Centrifuge, Spectrophotometer, Weighing Balance, pH meter, distillation apparatus
- Sterilization: General Principle and methods of Sterilization of glassware & other laboratory instruments

Instructions For Paper Setter and candidates

Five questions are to be set. Question No.1 (of 8 marks) is compulsory, consisting of short answer type questions covering the whole syllabus. It will have 8 parts of 1 mark each. Two questions (7 marks each) are to be set from each Unit. One question is to be attempted from each Unit. In all, three questions are to be attempted including compulsory one. 50% of the questions are to be split up into 2 sub-parts. To qualify for a Course, the candidate must obtain a minimum of 40% marks.

ZOO-VAC-1-101: Basic Laboratory Techniques
Practical

- Preparation of laboratory solutions (Normal, Molar & Percentage)
- Demonstration of the use of autoclave, centrifuge and spectrophotometer
- Cleaning and sterilization of Labware.
- Study of the parts of compound microscope.
- Using pH meter

Course Code: ZOO-VAC-2-201
Course Title: Vaccines and Vaccination

Total Hours= 45 (Theory=15 + Practical=30) **Credits= 2 (L=1 + P=1)**
Total Marks= 50 (Theory=25 + Practical=25)
Theory Marks= 25{22 (Theory examination) + 03 (Internal assessment)}
Practical Marks= 25 {22 (Practical examination) + 03 (Internal assessment)}
Duration for final examination: 2 hours

Theory

Learning Outcomes:

- *Students will have a comprehensive understanding of infection control principles.*
- *Proficiency in implementing infection prevention measures.*
- *History and types of life saving vaccines along with vaccination programs offered by the government.*

UNIT 1

Definition & Importance of vaccines.
History of vaccines- Contribution of Sir Edward Jenner and Louis Pasteur in vaccine development.
Classification of vaccines: Live-attenuated vaccines, inactivated vaccines, Sub-unit vaccines, Toxoid vaccines, Viral-vector vaccines and Messenger RNA (mRNA) vaccines.

UNIT 2

Common vaccines: BCG, DPT, HBV, HPV, Polio, Covid-19, Rabies & Mumps.
Route of administration of various vaccines. Storage and handling of vaccines.
India's Universal Immunization Programs (UIP) under National Health Mission (NHM).

Five questions are to be set. Question No.1 (of 8 marks) is compulsory, consisting of short answer type questions covering the whole syllabus. It will have 8 parts of 1 mark each. Two questions (7 marks each) are to be set from each Unit. One question is to be attempted from each Unit. In all, three questions are to be attempted including compulsory one. 50% of the questions are to be split up into 2 sub-parts. To qualify for a Course, the candidate must obtain a minimum of 40% marks.

ZOO-VAC-2-201: Vaccines and Vaccination
Practical

- Introduction to disease causing bacteria & viruses
- Routé of vaccine administration through charts/ models
- Storage & handling of vaccines
- Assignment on
    1. Mother- Child vaccination
    2. Adult vaccination
    3. Special vaccine considerations.

Course Code: ZOO-VAC-3-401
Course Title: Reproductive Health

Total Hours= 45 (Theory=15 + Practical=30) **Credits= 2 (L=1 + P=1)**
Total Marks= 50 (Theory=25 + Practical=25)
Theory Marks= 25{22 (Theory examination) + 03 (Internal assessment)}
Practical Marks= 25 {22 (Practical examination) + 03 (Internal assessment)}
Duration for final examination: 2 hours

Theory

Learning Outcomes:

- *Students will be able to develop comprehensive understanding of anatomy and physiology of male and female reproductive systems.*
- *Students will acquire in-depth knowledge about a wide range of reproductive health issues.*

UNIT 1

Basic Biology of Human Reproduction: Male Reproductive system, Female Reproductive system, Menstrual cycle, Fertilization and implantation, Pregnancy and embryonic development, Parturition and lactation

Infertility: Causes of Infertility in males and females

Assisted human reproduction: Intrauterine insemination, In vitro fertilization

UNIT 2

Methods of contraception: Sterilization, Hormonal, Barrier methods, Chemical methods, Intrauterine devices, Coitus interruptus

Birth defects: Symptoms and causes of Congenital heart disease, Cleft lip, Spina bifida, Down's syndrome

Sexually Transmitted Diseases (STDs): Symptoms and causes of Syphilis, Gonorrhea, Human Immunodeficiency Virus (HIV) Infection, Human Papilloma Virus (HPV) Infection

Instructions For Paper Setter and candidates

Five questions are to be set. Question No.1 (of 8 marks) is compulsory, consisting of short answer type questions covering the whole syllabus. It will have 8 parts of 1 mark each. Two questions (7 marks each) are to be set from each Unit. One question is to be attempted from each Unit. In all, three questions are to be attempted including compulsory one. 50% of the questions are to be split up into 2 sub-parts. To qualify for a Course, the candidate must obtain a minimum of 40% marks.

ZOO-VAC-3-401: Reproductive Health
Practical

1. Study of the parts of male reproductive system and female reproductive system through anatomical models and educational videos.
2. Microscopic study of the following:
   Testis (Seminiferous tubules), Sperm smear, Ovary (Graafian follicle & Corpus luteum).
3. Study of the symptoms of birth defects and Sexually Transmitted diseases (as mentioned in the theory syllabus) through photographs and case studies.

SUGGESTED READINGS

1. **Biology of Human Reproduction- Ramon Pinon,** Univ Science Books, 2002.
2. **Laboratory Diagnosis of Sexually Transmitted Diseases- World Health Organization, 1999.**
3. Population and reproductive health in India- Shireen J. Jejeebhoy, Oxford University Press, 2014.
