M.A. (PUBLIC ADMINISTRATION)

SEMESTER SYSTEM (2026–27)

(Under National Education Policy 2020)

The M.A. Programme in Public Administration is multidisciplinary, applied, and job-oriented, designed to integrate theoretical foundations with practical skills relevant to governance, public policy, development administration, research, and public service.

The programme is offered by the Panjab University, Chandigarh, and is aligned with NEP 2020, UGC guidelines, and University regulations as amended from time to time.

The programme aims to:

- Provide advanced theoretical and conceptual understanding of Public Administration, Policy and Governance.
- Develop professional competencies for public services, policy analysis, research, and teaching.
- Promote interdisciplinary and applied learning responsive to contemporary governance challenges.
- Strengthen analytical ability, ethical orientation, and evidence-based decision-making.
- Integrate classroom learning with fieldwork, internships, projects, and experiential learning.

Programme Structure and Duration (NEP-Compliant)

(a) Two-Year Programme (Four Semesters)

- For students with a **three-year undergraduate degree** or equivalent.

(b) One-Year Programme (Two Semesters)

- For students with a **four-year undergraduate degree with Research** or equivalent, as recognised by Panjab University.

The Two-Year and One-Year Programme can be either M.A. with Research / M.A. without Research

- **M.A. with Research**: Includes dissertation and research-oriented courses. Students opting for Research are expected to select topics of research study innovatively covering areas beyond the courses of learning.

- **M.A. without Research**: Includes theoretical and applied courses, internships, or field-based components.

Admission, eligibility, and progression shall be governed by Panjab University rules.

Credit Requirements

- Two-Year Programme: Minimum 80 credits
- One-Year Programme: Minimum 40 credits

Progression Rules

- Minimum 20 credits required to move from Semester II to Semester III.
- Minimum 28 credits required to move from Semester III to Semester IV.

Contact Hours: 6 contact hours per week per 4-credit course(4 lectures + 2 tutorials)

Categories of Courses

The programme consists of:

1. **Core Courses (CC):** Foundational and advanced courses in Public Administration.
2. **Discipline Specific Elective Courses (DSE):** Allow in-depth study in selected areas.
3. **Research Based Courses (RBC):** Fundamental research and statistics courses.
4. **Internship / Project Components:** Internships, fieldwork, or applied research have been incorporated for students in the Second Semester of 2-year programme

Specialization Groups

Students will be offered three specialization groups, from which elective courses may be chosen:

1. **Local Government**
2. **Public Policy and Contemporary Governance**
3. **Emerging Areas in Public Administration**

Allocation of specializations shall be subject to departmental rules and availability of seats.

Teaching–Learning Pedagogy

The teaching–learning pedagogy of the programme is learner-centric, outcome-oriented, and supported by Information and Communication Technology (ICT). It combines lectures and interactive discussions with seminars, student presentations, case studies, simulations, and role play, alongside term papers, policy briefs, writing assignments, field visits, internships, and project work. This blended pedagogical approach is designed to strengthen students' analytical and evaluative capacities, research and writing skills, and communication abilities, while also fostering leadership, teamwork, people skills, and the competence to effectively navigate public institutions and professional environments.

Assessment and Evaluation

Evaluation follows a continuous assessment system as per University norms:

- Internal Assessment: Tests, assignments, presentations, class participation
- End-Semester Examination: Conducted by the University

Dissertations, projects, internships, and fieldwork shall be evaluated as per approved guidelines, including presentation/viva-voce where applicable.Plagiarism checks are mandatory as per UGC and Panjab University regulations.

SWAYAM and Credit Transfer

Students may, with the approval of JAAC of the Department and in accordance with UGC and Panjab University guidelines, earn eligible credits through courses offered on the SWAYAM portal, which may be integrated into the programme as per the prescribed credit transfer mechanism.

Max. Marks: 100
Theory: 80 Marks
Internal Assessment: 20 Marks
Time: 03 Hours

Course Objective

The objective of this paper is to help students learn about the important thinkers and ideas that shaped Public Administration. It will explain how the subject started, how it grew over time, and how different theories and approaches are used to understand government and management today.

Learning outcomes

- To learn about famous thinkers like Woodrow Wilson, Henri Fayol, Max Weber, and others who helped in building the foundation of Public Administration.
- To understand different theories such as Scientific Management, Bureaucratic Theory, Motivation, and Decision-Making in a simple and clear way.
- To develop the ability to connect these theories with how government offices and organizations work in real life.
- To gain knowledge of both modern and traditional ideas of administration, including the principles given by Kautilya.

INSTRUCTIONS FOR PAPER-SETTERS AND CANDIDATES

- The Maximum Marks for the paper will be 100. The question paper will be of 80 marks and internal assessment of 20 marks. Time allowed will be 3 Hours. For private students, who have not been assessed for the internal assessment, the marks secured by them in the paper will be proportionately increased in lieu of the internal assessment. **The Paper-Setter must put a note in question paper in this regard.**

- The candidate shall attempt 5 questions in all (one compulsory and one each from four units). The compulsory question shall comprise of 15 short-answer type questions, covering the whole syllabus, to be answered in 25-30 words each, out of which the candidate would be required to attempt any 10. Each question will carry 2 marks. Rest of the paper shall contain 4 units, each unit having two questions, out of which the candidate would be expected to attempt one. Each question from the units will carry 15 marks.

The objective of this paper is to help students understand how local economic development and social justice are promoted at the grassroots level. It explains the role of local governments, institutions, and community organisations in reducing poverty and inequality. The course also focuses on development programmes, welfare schemes, and participatory practices that support inclusive and sustainable development in India.

Learning Outcomes

- To understand the basic concepts of local economic development, social justice, and inclusion.
- To learn about the role of local governments and institutions in planning and development.
- To understand major programmes for employment, livelihoods, and local economic growth.
- To develop the ability to understand social justice programmes and welfare measures for vulnerable groups.
- To build awareness about participatory planning, social audits, and successful local development initiatives in India.

INSTRUCTIONS FOR PAPER-SETTERS AND CANDIDATES

- The Maximum Marks for the paper will be 100. The question paper will be of 80 marks and internal assessment of 20 marks. Time allowed will be 3 Hours. For private students, who have not been assessed for the internal assessment, the marks secured by them in the paper will be proportionately increased in lieu of the internal assessment.

The Paper-Setter must put a note in question paper in this regard.

- The candidate shall attempt 5 questions in all (one compulsory and one each from four units). The compulsory question shall comprise of 15 short-answer type questions, covering the whole syllabus, to be answered in 25-30 words each, out of which the candidate would be required to attempt any 10. Each question will carry 2 marks. Rest of the paper shall contain 4 units, each unit having two questions, out of which the candidate would be expected to attempt one. Each question from the units will carry 15 marks.

COURSE CODE: MAPUB125
Governance of Smart Villages and Sustainable Cities

Max. Marks: 100
Theory: 80 Marks
Internal Assessment: 20 Marks
Time: 03 Hours

Course Objectives

This course explores emerging governance paradigms shaping smart villages and sustainable cities, emphasizing digital transformation, data-driven decision-making, collaborative governance, environmental sustainability, and inclusive development. It critically examines institutional innovations, governance models, and sustainability frameworks influencing integrated rural–urban futures in India and globally.

Learning Outcomes

- Critically assess smart village and sustainable city governance models.
- Analyse governance innovations using interdisciplinary frameworks.
- Apply sustainability and smart governance indicators to real-world contexts.
- Evaluate ethical, environmental, and inclusion challenges in technology-led governance.
- Propose context-sensitive governance solutions for rural–urban transformation.

UNIT I

Conceptual Foundations and Emerging Governance Paradigms

Evolution of the concepts of Smart Villages, Smart and Sustainable Cities
Smartness and sustainability: convergence and divergence
Governance shift: from government to networked and platform governance
Rural–urban continuum and integrated territorial development
Global perspectives: SDGs w.s.r.t SDG-11, New Urban Agenda-2016, and localized sustainability

UNIT II

Digital and Data-Driven Governance

From Smart City to Smart Village: Strengthening Urban-Rural Linkages through SMART Approaches
Role of ICT, AI, IoT, and GIS in local governance
E-governance to smart governance: platforms, dashboards, and decision-support systems
Digital inclusion and the governance of the digital divide

UNIT III

Sustainability, Resilience, and Environmental Governance

Governance of natural resources in smart villages and cities

Climate-resilient governance; Circular economy, green infrastructure, and sustainable service delivery

Disaster risk governance and urban–rural resilience planning

Social Inclusion: Gender, Marginalised groups, Migrants, Elderly

UNIT IV

Participation and Innovative Governance Models

Participatory governance and co-creation in smart ecosystems; Public–Private–People Partnerships (PPPP) and collaborative governance, Role of civil society

Smart Village models: Nagpur – Satnavari and Andhra Pradesh Smart Village- Smart Wards

Sustainable City Models: Indore Clean City Initiative, Pune Smart City

International Models: Singapore Smart Nation, Curitiba (Brazil) Sustainable Urbanism, Seoul e-Governance

Research Methods and Statistics
(Compulsory for all Groups)

Max. Marks: 100
Theory: 80 Marks
Internal Assessment: 20 Marks
Time: 03 Hours

Course Objective

The objective of this paper is to help students understand the basic concepts and techniques of research and statistics. It explains different types of research, methods of data collection, and basic statistical tools used for analysis. The course also focuses on research design, hypothesis testing, data analysis, and ethical research practices in a simple and clear manner.

Learning Outcomes

- To understand the meaning, objectives, and steps involved in research.
- To learn about different types of research and research designs.
- To understand sampling methods and tools for data collection.
- To develop the ability to use basic statistical techniques for data analysis.
- To build awareness about research ethics, plagiarism, and proper referencing.

INSTRUCTIONS FOR PAPER-SETTERS AND CANDIDATES

- The Maximum Marks for the paper will be 100. The question paper will be of 80 marks and internal assessment of 20 marks. Time allowed will be 3 Hours. UNIT I

Meaning and Objectives of Research; Steps in Research
Types of Research: Fundamental; Applied; Evaluative
Qualitative and Quantitative Research, Participatory Research, Action Research

Hypotheses: Definition; Features and Types; Testing Procedures
Research Design and formulation of Research Problem

UNIT II

Sampling: Concept and Types
Methods of Data Collection: Documents, Observation, Interview and Questionnaire, Focus Group Discussion
Survey Research and Case Study
Data Processing: Editing, Coding and Tabulation

UNIT III

Measures of Central Tendency: Mean, Median and Mode
Dispersion
Linear and Rank Correlation
Bibliography & References

UNIT IV

Regression Analysis
Tests of Significance; Parametric Tests- t, F and Z tests
Chi-Square ($\dot{x}^2$) and goodness of fit
Plagiarism

COURSE CODE: MAPUB202
Dissertation Synopsis
(Compulsory for students opting MA Research)

Max. Marks: 100
Synopsis Written Component: 80 Marks
Presentation (Oral/Visual): 20 Marks

Course Objective

This course aims to build foundational research orientation among undergraduate students of Public Administration. It seeks to develop the capacity for independent inquiry by encouraging students to identify administrative issues, analyse governance processes, and link theoretical concepts with real-world contexts. Overall, it prepares students for higher academic pursuits, fosters problem-solving abilities, and equips them for informed engagement with public policy and administration.

Learning Outcomes

1. Identify and define a relevant and researchable topic in Public Administration.
2. Formulate a clear problem statement, research objectives, and guiding questions or hypotheses.
3. Conduct a basic review of literature and identify conceptual gaps.
4. Use elementary research methods, tools, and data collection techniques appropriately.
5. Structure a research synopsis with clarity, coherence, and academic rigour.
6. Present research ideas effectively through an oral and visual presentation.

INSTRUCTIONS FOR EXAMINERS AND CANDIDATES:

The Presentations will be held in the presence of an external examiner. External examiners must evaluate MA synopses fairly, assessing originality, methodology, and academic quality, and submit reports within the stipulated time. All submissions must include plagiarism reports as per university norms, and examiners should ensure no excessive or undisclosed use of AI tools. Two copies of the synopsis must be submitted one week prior to the datesheet of practical examinations of the University.

Instructions to the Candidate

1. The Dissertation Synopsis is compulsory for all students opting for MA Public Admn. (with research).
2. The student shall identify a suitable research topic in consultation with the allotted Supervisor at the beginning of the semester.
3. A Research Advisory Committee (RAC) shall be constituted, consisting of the Supervisor (Convenor of meetings) and two members as per University norms.
4. The student shall prepare a synopsis outlining the research problem, objectives, brief review of literature, methodology, and expected outcomes.
5. The synopsis shall be submitted to the RAC for approval within the stipulated time.
6. Only after formal approval of the synopsis shall the student be permitted to proceed to the dissertation work in the subsequent semester.
7. The student must maintain regular consultation with the Supervisor and document progress as advised.

Instructions to the Supervisor

1. The Supervisor shall guide the student in finalizing a researchable and relevant topic.

2. The Supervisor shall ensure the academic feasibility, originality, and ethical soundness of the proposed study.
3. The Supervisor shall convene the RAC meeting for evaluation and approval of the synopsis.
4. The Supervisor shall record recommendations and ensure compliance before approving the synopsis for progression to the dissertation stage.

Course Requirements and Components of the Synopsis
Students will prepare a synopsis comprising the following structured components:

1. **Selection of Topic**
   Identification of a specific, researchable, and administratively relevant theme.
2. **Statement of the Problem**
   Clear articulation of what is being studied and its significance.
3. **Review of Literature**
   Brief overview of relevant books, articles, reports, and existing theoretical debates; identification of gaps.
4. **Objectives of the Study**
   Concise, feasible, and logically aligned research objectives.
5. **Research Questions / Hypotheses**
   Key questions guiding the enquiry or tentative hypotheses where applicable.
6. **Theoretical Framework**
   Use of relevant concepts, models, or theories in Public Administration to frame the study.
7. **Research Methodology**
   Description of study type (descriptive, analytical, case study, etc.);
   methods of data collection (primary/secondary);
   sampling details (if applicable);
   tools and techniques used for analysis.
8. **Expected Outcomes**
   Anticipated contribution or relevance of the proposed study.
9. **Proposed Chapterisation**
   Outline of the structure to be followed in the final report.
10. **References / Bibliography**
    List of sources consulted, following a standard citation format.
11. **Plagiarism and AI Reports**
    Plagiarism and AI reports, as per university norms, must be attached using the approved plagiarism-checking software.

RBC COURSES

COURSE CODE: MAPUB203
Advanced Research Methodology
(Compulsory paper for all groups)

Course Objectives
The objective of this paper is to help students understand advanced research methods used in social science research. It explains research design, qualitative and quantitative methods, data analysis tools, and ethical practices in research. The course also focuses on academic writing, use of technology, and publication of research in a clear and responsible manner.

Learning Outcomes
- To understand the nature of social science research and advanced research design.
- To learn mixed methods, quantitative and qualitative research techniques.
- To develop the ability to collect, analyse, and interpret data using basic research tools and software.
- To understand the use of secondary data, data visualisation, and research technology.
- To build decision-making and writing skills by following research ethics, academic honesty, and proper publication practices.

INSTRUCTIONS FOR PAPER-SETTERS AND CANDIDATES
- The Maximum Marks for the paper will be 100. The question paper will be of 80 marks and internal assessment of 20 marks. Time allowed will be 3 Hours. For private students, who have not been assessed for the internal assessment, the marks secured by them in the paper will be proportionately increased in lieu of the internal assessment. **The Paper-Setter must put a note in question paper in this regard.**

- The candidate shall attempt 5 questions in all (one compulsory and one each from four units). The compulsory question shall comprise of 15 short-answer type questions, covering the whole syllabus, to be answered in 25-30 words each, out of which the candidate would be required to attempt any 10. Each question will carry 2 marks. Rest of the paper shall contain 4 units, each unit having two questions, out of which the candidate would be expected to attempt one. Each question from the units will carry 15 marks.

UNIT I

Research Design and Advanced Methodological Issues
Nature of social science research
Mixed methods research and triangulation
Validity, reliability and research bias
Review of literature

UNIT II

Advanced Quantitative and Qualitative Methods
Quantitative methods: Survey design and scaling techniques
Qualitative methods: in-depth interviews, focus groups, ethnography
Content analysis and discourse analysis
Participatory Research, Action Research

UNIT III

Data Analysis and Use of Technology in Research

Quantitative data analysis (SPSS/R: overview)
Qualitative data analysis tools (NVivo/Atlas.ti: overview)
Use of secondary data and government datasets
Data visualisation and interpretation

UNIT IV

Research Ethics, Writing and Publication

Research ethics and integrity
Plagiarism, AI tools and academic honesty
Academic Writing: Elements (Clarity, Coherence, Argument Building)
Thesis writing, citation styles and referencing
Publishing in journals, peer review and research dissemination

COURSE CODE: MAPUB204
Dissertation
(Common inall Groups)
For Students opting for MA Research

Max. Marks: 200
Written Dissertation: 160 Marks
Viva-Voce: 40 Marks

Course Objective

The dissertation aims to provide undergraduate students with rigorous exposure to the research process in Public Administration. It seeks to deepen independent thinking, analytical competence, and the ability to apply theoretical knowledge to real-world governance issues. Through systematic investigation, students learn to collect, analyse, and interpret data; develop evidence-based arguments; and produce original academic work. The course further strengthens research ethics, academic writing, conceptual clarity, and methodological precision. It serves as a capstone experience that prepares students for advanced studies, professional research roles, and informed engagement with public policy and administration.

Learning Outcomes

1. Formulate a relevant and researchable topic in Public Administration.
2. Develop a coherent research design, including problem statement, objectives, questions, and theoretical grounding.
3. Undertake systematic literature review and identify research gaps.
4. Apply appropriate research methods, data collection tools, and analytical techniques.
5. Analyse empirical or secondary data and interpret findings effectively.
6. Link results with theory, concepts, and existing studies.
7. Produce a structured, academically rigorous dissertation with proper citation practices.
8. Present and defend their research during a viva voce examination while adhering to ethical research standards.

INSTRUCTIONS FOR EXAMINERS AND CANDIDATES:

The Viva-Voce examination will be held in the presence of an external examiner. External examiners must evaluate the Dissertation fairly, assessing originality, methodology, and academic quality, and submit reports within the stipulated time. All submissions must include plagiarism reports as per university norms, and examiners should ensure no excessive or undisclosed use of AI tools. They should ensure that the work follows ethical research standards, including proper citations, permissions, and data authenticity. Two copies of the dissertation must be submitted one week prior to the datesheet of practical examinations of the University.

Instructions to the Candidate

1. The Dissertation shall be undertaken strictly on the basis of the approved synopsis. Any major change shall require prior approval of the Supervisor and JAAC.
2. The student shall carry out original and applied research relevant to Public Administration, governance, or public policy issues.
3. The student shall ensure a minimum of five to six consultations with the Supervisor during the semester and maintain a record of guidance received.
4. The dissertation shall be prepared as per prescribed structure, length, and referencing style notified by the University.
5. The final dissertation shall be submitted along with a plagiarism check report as per University norms.
6. The student shall appear for the viva voce examination and defend the dissertation before the duly constituted board.

Instructions to the Supervisor

1. The Supervisor shall provide continuous academic guidance throughout the research process.
2. The Supervisor shall ensure that the work reflects originality, methodological rigour, and ethical research practices.
3. The Supervisor shall monitor progress through periodic consultations and certify satisfactory completion of work.
4. Upon submission, the Supervisor shall forward the dissertation for external evaluation as per University regulations.
5. The Supervisor shall participate in the viva voce examination, wherever applicable.

Dissertation Structure

The dissertation will follow the chapterisation scheme outlined in the approved synopsis and include the following components:

1. Title
2. Introduction
3. Review of Literature
4. Objectives of the Study
5. Research Questions / Hypotheses
6. Theoretical / Conceptual Framework
7. Research Methodology
8. Data Analysis and Interpretation
9. Discussion
10. Findings and Conclusions
11. Suggestions / Policy Implications
12. Limitations of the Study
13. References / Bibliography
14. Annexures (if any)
15. Plagiarism and AI Reports
