MASOCDSC-202: Social Dimensions of Development

Objective

Economic development in society cannot remain unaffected by social-structural factors. Similarly, the social structure, too, is influenced by economic growth and modernization. With this in view, the present paper (a) provides the Gandhian, Marxist, Ecological, Post-modernist, Feminist and Sociological critiques of the economic growth and modernization models of development; (b) discusses how structural factors like caste, tradition, religion and population can impede or facilitate development; (c) examines how economic development and modernization can, in turn, lead to problems related to ethnicity, disparity, displacement and (d) discuss some of the new trends in development studies.

INSTRUCTIONS FOR THE PAPER-SETTER AND THE CANDIDATES

(i) The theory question paper will be of 80 marks and 20 marks will be for internal assessment. Duration of the paper will be 3 hours.

(ii) For private candidates, who have not been assessed earlier for internal assessment, the marks secured by them in theory paper will proportionately be increased to maximum marks of the paper in lieu of internal assessment.

The paper setter must put note (ii) in the question paper.

The syllabus has been divided into four units.

There shall be 9 questions in all. The first question is **compulsory** and shall be short answer type containing 10 short questions spread over the whole syllabus to be answered in about 30 to 35 words each, carrying 20 marks i.e. 2 marks each. Rest of the paper shall contain **4** units. Each unit shall have **two** long questions and the candidates shall be given internal choice of attempting one question from each Unit – 4 in all. Each question will carry 15 marks.

MASOCDSE-204 (iii): Structural Moorings of Gender Oppression

Objective

The course aims at understanding the social-structural underpinnings of gender oppression persisting in India and worldwide. The agenda of gender empowerment fails to yield the desired outcomes because of structural impediments which are, nevertheless, difficult to overcome. On the one hand, there is the socially given identity of 'otherness' of the woman and on the other, there are contested spaces and processes of self-identity formation. Various contemporary issues, perspectives and challenges in feminist scholarship, movements, agency and empowerment will be explored in a holistic framework through the course.

INSTRUCTIONS FOR THE PAPER-SETTER AND THE CANDIDATES

(i) The theory question paper will be of 80 marks and 20 marks will be for internal assessment. Duration of the paper will be 3 hours.

(ii) For private candidates, who have not been assessed earlier for internal assessment, the marks secured by them in theory paper will proportionately be increased to maximum marks of the paper in lieu of internal assessment.

The paper setter must put note (ii) in the question paper.

MASOCDSE-205 (i): Sociology of Deviance: Concepts & Theories

Objective

This paper aims at sensitizing the students regarding the concept of deviance and its related terms. Students will also be made aware of different explanations of deviance ranging from pathological to interactionist perspectives.

INSTRUCTIONS FOR THE PAPER-SETTER AND THE CANDIDATES

(i) The theory question paper will be of 80 marks and 20 marks will be for internal assessment. Duration of the paper will be 3 hours.

(ii) For private candidates, who have not been assessed earlier for internal assessment, the marks secured by them in theory paper will proportionately be increased to maximum marks of the paper in lieu of internal assessment.

The paper setter must put note (ii) in the question paper.

The syllabus has been divided into four units.

There shall be 9 questions in all. The first question is **compulsory** and shall be short answer type containing 10 short questions spread over the whole syllabus to be answered in about 30 to 35 words each, carrying 20 marks i.e. 2 marks each. Rest of the paper shall contain **4** units.

Each unit shall have **two** long questions and the candidates shall be given internal choice of attempting one question from each Unit – 4 in all. Each question will carry 15 marks.

Course Outline

Unit-I

Deviant Behaviour:

Definition, Concept – Relative and Absolute.

Distinction between Deviant Behaviour and Deviant-Role

Pathological Perspective of Deviance – Biological and Psychological Theories.

Unit-II

MASOCDSE-205 (iii): Basic Social Statistics

Objective

This paper is designed to familiarize the students about basic statistical concepts, quantitative techniques for description and induction of sociological data. In the first and second units, students are introduced to measures of central tendency and measures of dispersion, bivariate distribution, etc. The third unit includes measures of association, probability, standard scores, etc. In the last unit, students are exposed to various inferential methods.

INSTRUCTIONS FOR THE PAPER-SETTER AND THE CANDIDATES

(i) The theory question paper will be of 80 marks and 20 marks will be for internal assessment. Duration of the paper will be 3 hours.

(ii) For private candidates, who have not been assessed earlier for internal assessment, the marks secured by them in theory paper will proportionately be increased to maximum marks of the paper in lieu of internal assessment.

The paper setter must put note (ii) in the question paper.

The syllabus has been divided into four units.

There shall be **9** questions in all. The first question is **compulsory** (Theory portion only) and shall be short answer type containing 10 short questions spread over the whole syllabus to be answered in about 30 to 35 words each, carrying 20 marks i.e. 2 marks each. Rest of the paper shall contain **4** units on Numerical Questions only. Each unit shall have **two** Numerical questions and the candidates shall be given internal choice of attempting one numerical question from each Unit – 4 in all. Each numerical question will carry 15 marks.

Note: Use of Non-programmable Electronic Calculators and Statistical Tables is permitted for the examination.

Course Outline

Unit-I

Statistics in Social Analysis - Functions of Statistics in Social Analysis, Limitations of Statistics

Variables-Discrete and Continuous, Quantitative and Qualitative; Independent and Dependent

Levels of Measurement-Nominal, Ordinal and Interval

Descriptive Statistics- Ranges, Quartile, Deviation, Mean Deviation, Variance and Standard Deviation

Frequency Distribution, Grouping Error, Cumulative Frequency Distribution,

Arithmetic Mean, Median and Mode

Unit-II

Range, Semi-Interquartile Range, Average Absolute Deviation, Variance, Standard Deviation, Coefficient of Variation, Symmetry and Kurtosis

Bivariate Distributions-Bivariate Contingency Tables, Rules for Percentage Bivariate Frequency Tables

Frequency Distributions, Graphic Presentation of Data, Histograms, Frequency Polygons and Ogives

Unit-III

Measures of Association-Lambda, Cramer's V, Spearman's Rank correlation, Gamma and Pearson's Product Moment Correlation Coefficient

Elements of Probability- 'A Priori' & Empirical Probability, Properties of Probability Normal Probability Distribution, Area Under the Normal Curve, Standard Scores, use of Standard Scores

Unit-IV

Statistical Inference-Simple Random Sampling, Sample and Universe, Statistic and Parameter, Sampling Distribution, Standard Error of Statistic, level of Significance, Critical Region

Tests of Significance-Z and `t' tests for Significance of Mean (2 independent samples); Chi-square test for AXB Contingency Table.
