iii. Understand the significance of the United Nations and Regional Organizations in International Relations.
iv. Analyse the changes in the international system from the bipolarity of the Cold War era to the emerging world order and concepts of Disarmament, arms control, and issues of nuclear proliferation.

Pedagogy of the Course Work

80% Lectures (including expert lectures)

20% Unit Tests, Snap Tests, assignments, attendance and class room participation

Note:

1. The Syllabus has been divided into four (4) units.
2. There shall be 9 questions in all.
3. The first question shall be short answer type containing 15 short be answered in about 25 to 30 words. The candidate is required to attempt any 10 short answer type questions i.e. 2 marks of each. It shall carry 20 marks and shall be compulsory question.
4. Rest of the paper shall contain four (4) units and each unit shall have two questions and the candidates shall be given internal choice i.e. the candidates shall attempt one question from each. All questions shall carry 15 marks.

Unit-I

1. Globalization and Security:

I. Define Globalization and its Implications for Sovereignty

II. Impact of Globalization on:

a) Economy

b) Environment

c) Human Migration

d) Terrorism

Unit -II

2. Diplomacy and Use of Force:

a) Meaning and Types of Diplomacy

b) Role of Diplomacy in Conflict Management

c) Security and Co-operation in International System

d) Use of Force in Conflict Management

Unit -III

3. The United Nations:

a) Structure, Functions & Role

b) India's role in UN Peace Keeping Force

c) Restructuring of UN

4. Regional Organizations: EU, GCC, ASEAN, BIMSTEC, SAARC, SCO, BRICS, APEC, OIC, EAS

Unit -IV

5. Cold War and Detente:

a) Cold War: Meaning and Evolution

b) Deterrence and Detente: Meaning, Nature and Scope

c) New Cold War

d) Emerging World Order

6. Issues of Nuclear Proliferation
7. Disarmament & Arms Control: Different types, efforts and achievements of UN

Suggested Readings:

Course Duration: 60 Hours
Credits: 04
Maximum Marks: 100 (80 Theory + 20 Internal Assessment)
Time: 3 hours

Course Objectives:

The paper is designed to acquaint the students with the modern developments in the field of science and technology in context of Defence.

Course Outcomes:

On successful completion of course, the students will be able to

i. Understand the significance and role of Science and Technology in National Security.
ii. Learn about emerging defence technologies and their applications in the changing nature of the Modern Warfare.
iii. Comprehend the different facets of the information and the Electronic Warfare in the 21st century.

Pedagogy of the Course Work:

80% Lecturers (including expert lectures)

20% Unit Tests, Snap Tests, assignments, attendance and class room participation

Note:

1. The Syllabus has been divided into four (4) units.
2. There shall be 9 questions in all.
3. The first question shall be short answer type containing 15 short be answered in about 25 to 30 words. The candidate is required to attempt any 10 short answer type questions i.e. 2 marks of each. It shall carry 20 marks and shall be compulsory question.
4. Rest of the paper shall contain four (4) units and each unit shall have two questions and the candidates shall be given internal choice i.e. the candidates shall attempt one question from each. All questions shall carry 15 marks.

Unit-I

1. Relevance of Science and Technology in National Security
2. Military Technologies and their Impact on Land, Sea and Air warfare

Unit-II

3. Growth and Development of Nuclear Power in India
4. Growth and Development of Space Program in India

Unit-III

5.International Interdependence and Transfer of Technology

6. Political, Military and Economic impact of Transfer of Technology

7. International Technology Control Regimes

Unit-IV

8.New Technologies and their relevance to Security system:

a) Rockets and Missiles

b) Information and Communication Technology (ICT)& Cognitive Warfare.

c) Bio-Technology

d) LASERS/Satellite

e) Dual Technology

f) NMD

g) Stealth

h) Net Assessment

i) WMD

j) Nano Technology

k) UAVs/Drones

l) Artificial Intelligence

m) Cyber Space

9. Electronic Warfare and Application of Electronic System in the Military Activities, C5I2SR

Suggested readings:

Course Title: Area Study China

(Instructions for the Paper Setter and the Students)

Course Duration: 60 Hours
Credits: 04
Maximum Marks: 100 (80 Theory + 20 Internal Assessment)
Time: 3 hours

Course Objectives:

The paper focuses on geography and history of China with specialemphasison its defence policy, strategy, military modernization plans andrelations with other countries.

Course Outcomes: On successful completion of course, the students will be able

i. To understand the geography and society of China along with its modern history.

ii. To understand the key characteristics of its defence and foreign policy.

Pedagogy of the Course Work:

80% Lecturers (including expert lectures)

20% Unit Tests, Snap Tests, assignments, attendance and class room participation

Note:

1. The Syllabus has been divided into four (4) units.
2. There shall be 9 questions in all.
3. The first question shall be short answer type containing 15 short be answered in about 25 to 30 words. The candidate is required to attempt any 10 short answer type questions i.e. 2 marks of each. It shall carry 20 marks and shall be compulsory question.
4. Rest of the paper shall contain four (4) units and each unit shall have two questions and the candidates shall be given internal choice i.e. the candidates shall attempt one question from each. All questions shall carry 15 marks.

Unit-I

1. Military Geography of China: Location, Size and Strategic importance

2. Population, Composition and Characteristics of major Ethnic groups

Unit-II

3. Detailed History of China until the establishment of Communist regime

4. Determinants of Foreign and Defence Policy of China

Unit-III

5. China's Military Modernization Programme

6. China's Nuclear & Space Development Programme

Unit-IV

7. China's relations with:

a) USA

b) India

c) Russia

d) Japan

e) Pakistan

f) Central & West Asia

8. China's Maritime Strategy& BRI

Course Title: Geopolitics: Concept, Theories and World Order

(Instructions for the Paper Setter and the Students)

Course Duration: 60 Hours
Credits: 04
Maximum Marks: 100 (80 Theory + 20 Internal Assessment)
Time: 3 hours

Course Objectives: This course introduces students to the history, concepts, theories and practices of geopolitics from the late nineteenth century to the present.

Course Outcomes: On the completion of this course, the students will be able to:

i. Acquire an understanding of the key concepts and theories of Geopolitics.
ii. Evaluate the trajectory of geopolitical concepts during the cold war and the post-cold war era.
iii. Examine the geopolitics of connectivity and alliances in the 21st century at various levels and spheres.
iv. Investigate the contested boundaries and spaces and display an understanding of the emerging world order.

Pedagogy of the Course Work:

80% Lecturers (including expert lectures)

20% Unit Tests, Snap Tests, assignments, attendance and class room participation

Note:

1. The Syllabus has been divided into four (4) units.
2. There shall be 9 questions in all.
3. The first question shall be short answer type containing 15 short be answered in about 25 to 30 words. The candidate is required to attempt any 10 short answer type questions i.e. 2 marks of each. It shall carry 20 marks and shall be compulsory question.

4. Rest of the paper shall contain four (4) units and each unit shall have two questions and the candidates shall be given internal choice i.e. the candidates shall attempt one question from each. All questions shall carry 15 marks.

Unit-I

1. Geopolitics: Meaning, Definition and Key Concepts
2. Evolution of Geopolitics
3. Classical Geopolitics: Concept and Theories

a) Continental Power

b) Sea Power

c) Peninsular Power

Unit-II

4. Geopolitical Concepts of Cold War Era
5. Critical Geopolitics: Geopolitical Concepts of Post-Cold War Era

Unit-III

6. Geopolitics of Connectivity in 21st Century: Sub-Regional, Regional and Extra Regional

a) BRI & CPEC

b) BBIN (Bangladesh-Bhutan-India-Nepal Initiative)

c) BCIM

d) Mekong-Ganga Cooperation

e) International North-South Transport Corridor (INSTC)

f) Turkmenistan-Afghanistan-Pakistan-India Gas Pipeline Project (TAPI), Iran-Pakistan-India Gas Pipeline (IPI) and other significant Pipeline Projects.

7. Geopolitics of Alliances: NATO, QUAD, AUKUS, CSTO etc.

Unit-IV

8. Contested Boundaries and Spaces in Indian Subcontinent and Indo-Pacific Region.
9. Geopolitics in the Emerging World Order: Unipolar, Multipolar and Struggle for Dominance

Course Title: Non-Traditional Dimensions of India's Security

(Instructions for the Paper Setter and the Students)

Course Duration: 60 Hours
Credits: 04
Maximum Marks: 100 (80 Theory + 20 Internal Assessment)
Time: 3 hours

Course Objectives:

The paper deals with hosts of non-traditional threats to India's security.Such threats which are of unorthodox nature find their impact on thecountry from inside and also a convenient leverage by the adversary inthe larger gambit of threats to the country in the new millennium.

Course Outcomes: On successful completion of this course, students will be able to

i. Recognize Major Non-Traditional Security Threats to India's Security
ii. Learn about the Role of Media and Social Networking Sites in Cyber Security
iii. Understand Nature and Cause of Sub-Conventional Wars and India's policy response
iv. Identify India's Policy Response to tackle Non-Traditional Threats

Pedagogy of the Course Work:

80% Lecturers (including expert lectures)

20% Unit Tests, Snap Tests, assignments, attendance and class room participation

Note:

1. The Syllabus has been divided into four (4) units.
2. There shall be 9 questions in all.
3. The first question shall be short answer type containing 15 short be answered in about 25 to 30 words. The candidate is required to attempt any 10 short answer type questions i.e. 2 marks of each. It shall carry 20 marks and shall be compulsory question.
4. Rest of the paper shall contain four (4) units and each unit shall have two questions and the candidates shall be given internal choice i.e. the candidates shall attempt one question from each. All questions shall carry 15 marks.

Unit-I

1. Non-Traditional Threats: Definition and concept

2. Terrorism, Energy Security, Environmental Security, Food Security,Water Security, Health Security, illegal migration Hawala and Narcoticsas Non-Traditional Threats, Internally displaced person

Unit-II

3. Economic Disparities and Social Inequalities: Causes & effects

4. Cyber Security: Role of Media and Social Networking Sites

Unit-III

5. Understanding Sub-Conventional Wars: Causes and Effects

6. India's Policies and Instruments to Counter threats of Sub-Conventional Wars

Unit-IV

7. India's Policy Response to Non-Traditional Threats

8. International Cooperation in Countering Non-Traditional Threats

Course Title: Indian Ocean and India's Maritime Security

(Instructions for the Paper Setter and the Students)

Course Duration: 60 Hours
Credits: 04
Maximum Marks: 100 (80 Theory + 20 Internal Assessment)
Time: 3 hours

Course Objectives:

The paper focuses on geo-strategic significance & geo-politicalenvironment in Indian Ocean while emphasizing on India's MaritimeSecurity. Moreover, it will deal with India's Maritime Security infrastructure, navaldoctrine and capability of the country.

Course Outcomes: On the successful completion of this course, students will be able to

i. Understand the strategic, political, and economic issues that influence the regional balance of the Indian Ocean Region.
ii. Learn the nature of threats emanating from the Indian Ocean and India's security apparatus to secure India from these threats.
iii. Assess the role of Regional and Extra-regional powers in the Indian Ocean Region.
iv. Learn about the Indian Naval Doctrine, its Strength, and Capabilities.

Pedagogy of the Course Work:

80% Lecturers (including expert lectures)

20% Unit Tests, Snap Tests, assignments, attendance and class room participation

Note:

1. The Syllabus has been divided into four (4) units.

2. There shall be 9 questions in all.
3. The first question shall be short answer type containing 15 short be answered in about 25 to 30 words. The candidate is required to attempt any 10 short answer type questions i.e. 2 marks of each. It shall carry 20 marks and shall be compulsory question.
4. Rest of the paper shall contain four (4) units and each unit shall have two questions and the candidates shall be given internal choice i.e. the candidates shall attempt one question from each. All questions shall carry 15 marks.

Unit-I

1. Geo-Strategic Importance of the Indian Ocean
2. Geo-Political Environment in the Indian Ocean Region

Unit-II

3. Nature of Threats in the Indian Ocean

(a) Security of Sea Lanes

(b) Coastal Security

(c) Maritime Security

4. Security of India's Maritime Infrastructures

Unit-III

5. Security of India's Exclusive Economic Zone
6. Bilateral and Multilateral Cooperation for Security in the Indian Ocean
7. Role of Extra Regional Powers in the Indian Ocean

Unit-IV

8. Indian Naval Doctrine
9. Indian Navy : Strength and Capabilities

Suggested readings:

Course Title: Research Methodology

(Instructions for the Paper Setter and the Students)

Course Duration: 60 Hours
Credits: 04
Maximum Marks: 100 (80 Theory + 20 Internal Assessment)
Time: 3 hours

Course Objectives: The paper deals with various basic elements of research problems, applications and types including research designs

Course Outcome: On the completion of this course, the students will be able to

i. Project an understanding of the basic concepts of research;
ii. Distinguish between qualitative and quantitative research and select good research design;
iii. Choose appropriate approaches, methods, and techniques for data collection and sampling;
iv. Write research work on the research problem.

Pedagogy of the Course Work

80% Lectures (including expert lectures)

20% Unit Tests, Snap Tests, assignments, attendance and class room participation

Note:

1. The Syllabus has been divided into four (4) units.
2. There shall be 9 questions in all.
3. The first question shall be short answer type containing 15 short be answered in about 25 to 30 words. The candidate is required to attempt any 10 short answer type questions i.e. 2 marks of each. It shall carry 20 marks and shall be compulsory question.
4. Rest of the paper shall contain four (4) units and each unit shall have two questions and the candidates shall be given internal choice i.e. the candidates shall attempt one question from each. All questions shall carry 15 marks.

Unit -I

1. Research: Application, Types & Paradigms
2. Basic Elements of Research: Selection & Formulation of Research Problem and Review of Literature

Unit -II

3. Hypothesis: Definition, Functions, Characteristics, Types & Testing Procedures
4. Research Design: Definition, Functions and Types

Unit -III

5. Data Collection: Methods, Ethical issues in Data Collection, Processing & Displaying Data.
6. Sampling –Concept, Principles & Types

Unit -IV

7. Research Report Writing
8. Citation-References in Research: Kinds of Reference Style
9. Evaluation – Meaning & Types

Course Code: MADEFRBC-DST -306 (PI)

Course Title: Research Proposal

(Instructions for the Paper Setter and the Students)

Credits: 04

Maximum Marks: 100

Course Instructions / Guidelines

1. **Eligibility**

   This course is applicable to candidates pursuing **M.A. with Research**.

2. **Preparation of Synopsis**

   I. The candidate shall prepare a **research synopsis** of the proposed dissertation.

   II. The synopsis shall not exceed **3000 words**.

   III. The synopsis should clearly outline:

   - Title of the study
   - Research objectives
   - Review of relevant literature
   - Research methodology
   - Scope and significance of the study

3. **Presentation Requirement**

   - The candidate shall deliver a **formal presentation** of the synopsis before the faculty members of the concerned department.
   - The presentation shall be conducted **immediately after the completion of the odd semester examination.**

4. **Evaluation**

   Research Proposal of the candidate will be evaluated by the Internal Examiner from the department. The candidate's performance shall be evaluated on the basis of:

   - Quality and clarity of the synopsis
   - Understanding of the research problem
   - Methodological framework
   - Presentation skills and response to questions

5. **Award of Marks**

   - A maximum of **100 marks** shall be awarded.
   - The marks shall be assigned collectively to assess the overall academic performance of the candidate in synopsis preparation and presentation.

Course Title: Defence Economics

(Instructions for the Paper Setter and the Students)

Course Duration: 60 Hours
Credits: 04
Maximum Marks: 100 (80 Theory + 20 Internal Assessment)
Time: 3 hours

Course Objectives: The paper pertains to the determinants of economic potential linked To defence and development.

Course Outcome: On the successful completion of this course, students will be able to

i. Understand the economic foundation of a nation from the point of view of defence.
ii. Learn about the concepts and practices of economic warfare.
iii. Understand the complementarily and opposition of defence vis a vis nations economic development.
iv. Learn about the components of India's defence budget and the trends from early 1950's.
v. Learn about India's defence production and procurement especially with the quest for self-sufficiency.

Pedagogy of the Course Work:

80% Lectures (including expert lectures)

20% Unit Tests, Snap Tests, assignments, attendance and class room participation

Note:

1. The Syllabus has been divided into four (4) units.
2. There shall be 9 questions in all.
3. The first question shall be short answer type containing 15 short be answered in about 25 to 30 words. The candidate is required to attempt any 10 short answer type questions i.e. 2 marks of each. It shall carry 20 marks and shall be compulsory question.
4. Rest of the paper shall contain four (4) units and each unit shall have two questions and the candidates shall be given internal choice i.e. the candidates shall attempt one question from each. All questions shall carry 15 marks.

Unit –I

1. The Economic Foundation of Military Power
2. Determinants of Defence Expenditure: Threat perceptions, Capabilities and Policies

Unit –II

3. Economic Warfare: Nature, Content and Scope
4. Defence and Development: Concept and its Implication for India

Unit –III

5. Defence Budget:
a) Structure of Defence Budget
b) Financial Committees of the Parliament – Public Account Committee, Estimate Committee
c) Performance Budgeting – Comptroller and Auditor General (CAG)

Course Title: Regional Security and Cooperation in South Asia

(Instructions for the Paper Setter and the Students)

Course Duration: 60 Hours
Credits: 04
Maximum Marks: 100 (80 Theory + 20 Internal Assessment)
Time: 3 hours

Course Objectives: The paper pertains to the determinants of economic potential linked
To defence and development.

Course Outcome: On the successful completion of this course, the students will be able to:

i. Understand the evolution of the Regional State system of South Asia.
ii. Know the Geo-political structure of South Asia.
iii. Understand the various dimensions of Regional Security, Challenges and Cooperation in South Asian Region.
iv. Learn the origin and development of SAARC, its role and prospects in the changing dynamics of regional security and cooperation in South Asia.

Pedagogy of the Course Work

80% Lectures (including expert lectures)

20% Unit Tests, Snap Tests, assignments, attendance and class room participation

Note:

1. The Syllabus has been divided into four (4) units.
2. There shall be 9 questions in all.
3. The first question shall be short answer type containing 15 short be answered in about 25 to 30 words. The candidate is required to attempt any 10 short answer type questions i.e. 2 marks of each. It shall carry 20 marks and shall be compulsory question.
4. Rest of the paper shall contain four (4) units and each unit shall have two questions and the candidates shall be given internal choice i.e. the candidates shall attempt one question from each. All questions shall carry 15 marks.

Unit –I

1. Regional State System of South Asia: Its evolution and Geo-political
2. Sources of Insecurity, Incentives and Disincentives for Cooperation:
a) Sub-regional
b) Regional
c) Extra-regional

Unit –II

3. Emerging security challenges in South Asia:
a) Mass Migration
b) Energy Security
c) Proliferation of Small Arms
d) Water Security
e) Environmental Security
f) Transnational Crime
g) Drug trafficking
h) Human trafficking
i) Religious fundamentalism

Unit –III

4. Cooperation among South Asian States:
a) Origin and development of SAARC
b) Role of SAARC in South Asia
c) Problems and Prospects
5. Bilateral trade relations among South Asian countries

Unit –IV

6. Conflict Resolution and Peace Building in South Asia
7. Nuclear factor in South Asia & its Impact on Security concerns of SouthAsian States

Course Title: Research Methodology

(Instructions for the Paper Setter and the Students)

Course Duration: 60 Hours
Credits: 04
Maximum Marks: 100 (80 Theory + 20 Internal Assessment)
Time: 3 hours

Course Objectives: The paper deals with various basic elements of research problems, applications and types including research designs

Course Outcome: On the completion of this course, the students will be able to

i. understand methods like Qualitative, Quantitative, and mixed method to collect data

ii. Distinguish between qualitative and quantitative research design and select good research design;

iii. Choose appropriate techniques for data collection and sampling;

iv. Use appropriate Data Analysis Technique bases on their research design

Pedagogy of the Course Work

80% Lectures (including expert lectures)

20% Unit Tests, Snap Tests, assignments, attendance and class room participation

Note:

1. The Syllabus has been divided into four (4) units.
2. There shall be 9 questions in all.
3. The first question shall be short answer type containing 15 short be answered in about 25 to 30 words. The candidate is required to attempt any 10 short answer type questions i.e. 2 marks of each. It shall carry 20 marks and shall be compulsory question.
4. Rest of the paper shall contain four (4) units and each unit shall have two questions and the candidates shall be given internal choice i.e. the candidates shall attempt one question from each. All questions shall carry 15 marks.

Unit-I

1. Qualitative and Quantitative Paradigms: Philosophical Foundations
2. Research Formulation: Selection of Problem, Review of Literature and Hypothesis

Unit-II

3. Research Design and Integration of Methods:
   i) Overview of Mixed Methods Research
   ii) Exploration, Explanatory and convergent designs
4. Sampling : Quantitative Sampling Methods and Qualitative Sampling Methods

Unit-III

5. Data Collection:
   i) Qualitative Techniques: Interview, Focus Groups, Ethnography and Participant Observation
   ii) Quantitative Techniques: Surveys, Structured Questionnaires, and Experiments.
6. Data Analysis Techniques for Qualitative and Quantitative Research

Unit-IV

7. Social Science Research: Ethical Issues and Considerations
8. Academic Report Writing and Evaluation

Course Code: MADEFRBC-DST -405(P2)

Course Title: Dissertation

(Instructions for the Paper Setter and the Students)

Credits: 08
Maximum Marks: 200
Dissertation- 150 marks
Viva voce- 50 marks

Course Instructions / Guidelines

1. **Submission of Dissertation**
   - The candidate shall submit the completed dissertation to the concerned **Department/College/Institution** on or before the pre-fixed date announced by the authority.
2. **Evaluation Committee**
   - The dissertation shall be evaluated by **two subject experts.**
   - The **research supervisor** shall be one of the two examiners.
3. **Appointment of External Examiner (Affiliated Colleges/Institutions)**
   - The second examiner shall be an **external expert.**
   - The external examiner may be:
     - From the university campus, or
     - From another affiliated college/institution of Panjab University, Chandigarh.
   - The external expert from an affiliated college/institution must be an **approved Ph.D. supervisor of Panjab University, Chandigarh.**
4. **Viva-Voce Examination**
   - An **open viva-voce** shall be conducted by the external examiner.
5. **Award of Marks**
   - **Distribution of marks:**
     - **150 marks** – Quality and standard of the dissertation work
     - **50 marks** – Candidate's performance in viva-voce examination
6. **Combined Evaluation Criterion**
   - Separate passing marks in dissertation evaluation (150 marks) and viva-voce (50 marks) are **not required.**
   - The **combined total** of dissertation evaluation and viva-voce marks shall be considered for determining the passing grade.

****
